

Hello,

I would like to testify to the good and honorable work that the pregnancy center Caring Families does for pregnant women and their families in the state of Connecticut. I actually used to volunteer with Caring Families, and so I got a good inside-look at how they kindly, honestly, and transparently offer help, counseling, referrals, and support to women and their families who are in need. Please do not allow this legislation to go forward that would harm and impede upon the work that Caring Families does.

Sincerely,
Lydia Evans
