Testimony in OPPOSITION - SB 835 An Act Concerning Deceptive Advertising Practice of Limited Services Pregnancy Centers. *To prohibit deceptive advertising practices by limited services pregnancy centers.*

Dear Chairmen and Members of the Public Health Committee,

I oppose the tactics of this bill and the question of the advertising practices of pregnancy centers in the state of CT. A 'pregnancy center' offers assistance to those who might want to seek choices with a questioned pregnancy; possibilities of keeping the child or placing it for adoption, and decisions that go along with it.

What is '*deceptive advertising*'? Let's turn 'Planned Parenthood' itself. 'Planned Parenthood' brand title is deceptive. The entity gives aid to those for *parenthood* -- ?? No - death is the truth. In the 2019 year we are learned the horrors about Planned Parenthood; if you do not know the truth about Planned Parenthood abortion centers - <https://www.prageru.com/video/what-you-need-know-about-planned-parenthood> (link broken, those who know this bill is a re-do of 2019 can reflect on the information which existed)

CT pregnancy centers need to have the freedom to continue on as they have existed offering life to those women who are in a situation they think is beyond their control; providing choice of going to a pregnancy center to continue life.

God Bless.
