

My name is IVY MARQUAYE, and I am writing in strong opposition to S.B 835. I reached out to hope pregnancy center because I needed some items for my new baby which I could not buy for him because I did not have the money. They gave me a bassinet, a baby swing, diapers and some baby clothes. Honestly I was very glad and surprised at their kind gesture. I also thought it was only a one time assistance but to my amazement they supply me with even more baby formula, diapers, clothes, toys etc. every month.

December last year, they bought new clothes, shoes, toys for my two other children when I just did not know I was going to get those things on my own. The staff at HOPE PREGNANCY CENTER are very respectful and very understanding. Am so glad I met them and would recommend them to anyone who needs their services because I trust that person would also be as happy as I am now.

Thank you.
