

I cannot believe that our legislators are so ignorant to the fact that abortion centers are relegated to
\$\$\$\$\$\$

instead of life. Abortion is no different than those who commit murder, whether pre-meditated or
not. If we

as a nation and state feel that murderers should be spared, how can we as a people not think that a
child in the

womb should live? This bill is another way for pro-abortionist to shut up anybody who does not think
their way,

You, as our legislators, should educate yourselves on the truth of life in the womb and be advocating
FOR LIFE,

which you are not doing when you vote for something as heinous this bill. VOTE NO! If you love your
children,

and your grandchildren and your state/nation, for the LOVE of GOD and COUNTRY, VOTE NO...
