

Dear Members of The Department of Public Health,

Thank you for your time.

I am writing to ask you to oppose SB 568.

I am deeply concerned about the government's desire to not only remove the Religious Exemption, but to do it in such a sneaky way as to not refer to it as it is! I would hope that it concerns all elected officials that there would be some that would wish to remove freedoms from a minority of people that use the Religious Exemption just because they do not agree with them. It's honestly mind boggling to me. As I see it, this has nothing to do with vaccines, or safety, or healthcare. This has to do with control and power. As elected officials, I would ask that you be careful how easy you make it to remove citizen's freedoms. What if one day there is someone in power that considers freedoms that you hold dear as invaluable?

Best Regards,
