

Testimony AGAINST SB 835 concerning pregnancy center advertising.

My name is Leslie Wolfgang, I am an attorney and mother from Waterbury, CT. I am submitting testimony against SB 835 regarding the advertising of pregnancy care centers because it treats these centers unfairly.

The only way this bill makes sense is if no women would ever consider keeping her baby instead of pursuing an abortion. This bill is based on lies and falsehoods. In fact, this law would discriminate against women who want to choose a better life for their children and family by draining precious resources from the organizations trying to help them.

Living in Waterbury, I am aware of the good work done by our local crisis pregnancy resource center. Women deserve a place to turn and without evidence of false advertising, this bill is simply an attack on the notion that women would want to choose to keep their unborn children.

I oppose this bill for these reasons and others and I hope you will too.

Very sincerely,

Leslie Wolfgang
