AGAINST LIVING ORGAN DONORS.

AMENDMENT

LCO No.: 8132

OFA Fiscal Note

No Fiscal Impact

The amendment establishes a nineteen-member chronic kidney disease advisory committee. The committee shall examine methods to reduce the occurrence of chronic kidney disease by controlling the most common risk factors, diabetes and hypertension, through early detection and preventive efforts at the community level and disease management efforts in the primary care setting.

The committee shall develop an equitable, sustainable, cost-effective plan to raise awareness about the importance of early detection, screening, diagnosis and treatment of chronic kidney disease and prevention.

Not later than January 1, 2022, and annually thereafter, the advisory committee shall submit a report on its findings and recommendations to the Public Health committee.

This bill has no fiscal impact as PA 17-236 prohibits transportation allowances for advisory committee members.
