HB-6423

AN ACT CONCERNING IMMUNIZATIONS. AMENDMENT

LCO No.: 7008

File Copy No.: 431

House Calendar No.: 323

OFA Fiscal Note

Cost

The amendment requires the Department of Public Health (DPH) to identify each public and nonpublic school that has reported that less than ninety-five percent of its students have satisfied the immunization requirements. The department must perform outreach to such schools in the form of education for students and their families concerning such immunization requirements and the consequences for not meeting such requirements, and ensure that the appropriate vaccines are readily available for any student who has not satisfied such immunization requirements. This may result in a potentially significant costs to DPH based on the number of schools DPH would have to perform outreach.

The preceding Fiscal Impact statement is prepared for the benefit of the members of the General Assembly, solely for the purposes of information, summarization and explanation and does not represent the intent of the General Assembly or either chamber thereof for any purpose. In general, fiscal impacts are based upon a variety of informational sources, including the analyst's professional knowledge. Whenever applicable, agency data is consulted as part of the analysis, however final products do not necessarily reflect an assessment from any specific department.
