File Copy No.: 431

House Calendar No.: 323

OFA Fiscal Note

The amendment requires the Department of Public Health to develop a professional development program that provides training to pediatricians in implicit bias toward persons who are unvaccinated. On and after January 1, 2023, the department must require each pediatrician licensed to participate in such program and receive professional development training in implicit bias toward persons who are unvaccinated. DPH will incur potentially significant costs to create an implicit bias professional development program for all pediatricians.
