### ***OFA Fiscal Note***

***State Impact:*** None

***Municipal Impact:*** None

### ***Explanation***

There is no anticipated cost to the state associated with the Department of Energy and Environmental Protection establishing or identifying a take-back program for perfluoroalkyl and polyfluoroalkyl substances (PFAS), as this program was already established using \$2 million of General Obligation (GO) bond funds authorized in FY 20. Funds were fully allocated for this purpose in July 2020. No change to debt service is anticipated as a result of the bill, as all authorized bonds have already been made available to the program.

*The preceding Fiscal Impact statement is prepared for the benefit of the members of the General Assembly, solely for the purposes of information, summarization and explanation and does not represent the intent of the General Assembly or either chamber thereof for any purpose. In general, fiscal impacts are based upon a variety of informational sources, including the analyst's professional knowledge. Whenever applicable, agency data is consulted as part of the analysis, however final products do not necessarily reflect an assessment from any specific department.*
