

PLEASE SUPPORT SB 1054

I am writing to voice my support of the Bill called “Mona’s Law or SB 1054. As someone who has had to deal with the long-term care for both of my parents, I strongly feel oversight is needed for care of our elders.

I fully support the establishment of an independent ombudsman office within the Department of Public Health to receive concerns and complaints concerning home health care and hospice care and make recommendations to the Commissioners of 5 Public Health and Social Services for resolving such concerns and complaints.

Thank you!
