Issue

This report describes the COVID-19 executive orders (EOs) that the governor extended through September 30, 2021.

Summary

The governor declared public health and civil preparedness emergencies on March 10, 2020, in response to the COVID-19 pandemic. He renewed and issued new declarations on [September 1, 2020](#), [January 26, 2021](#), [April 19, 2021](#), and [May 18, 2021](#). The legislature ratified the governor's first three declarations and authorized a renewal through May 20, 2021 ([SA 21-2](#)), and subsequently July 20, 2021 ([SA 21-4](#)).

The legislature again extended the renewal authorization, through March 1, 2022, but required that any new renewals meet durational limitations and receive approval from a majority of each chamber by resolution ([SA 21-5](#)). On [July 12, 2021](#), the governor renewed the declaration through September 30, 2021, and both chambers passed resolutions approving it ([HR 202 \(2021\)](#) and [SR 52 \(2021\)](#)).

On July 19, the governor issued [EO 13](#), which extends certain orders through September 30, 2021, and allows all other COVID-19 orders to expire on July 20, 2021. Table 1 below lists the extended orders.

For additional information about COVID-19 EOs issued pursuant to the March 10, 2020, September 1, 2020, and January 26, 2021, emergency declarations, please see the following OLR reports:
