2020-009B

Department of Agriculture

SHELLFISH GROUNDS LEASING

LRRC - Approved with Technical Corrections

A motion was made by Senator Osten and seconded by Senator Miner to approve the regulation in whole with technical corrections. The motion passed by voice vote.

2020-015B

Department of Energy & Environmental Protection

REMEDIATION STANDARDS

LRRC - Approved with Technical Corrections

A motion was made by Senator Miner and seconded by Representative Arnone to approve the regulation in whole with technical corrections.

Senator Hartley wanted to recognize the yeoman's work that went into this regulation, which was a long time in the pipeline. She stated that she wanted to flag this regarding the interpretation of the applicability of the RSRs. She explained that this issue was raised in the hearing officer's report and would just like to, on behalf of so many colleagues who worked so diligently on this, to implore that the agency works with the regulated community on the issue of applicability of RSRs in this transition time as there are many entities working toward the same goal.

The motion passed by voice vote.

2020-016B

Department of Energy & Environmental Protection

ENVIRONMENTAL USE RESTRICTIONS

LRRC - Approved with Technical Corrections

A motion was made by Representative Arnone and seconded by Senator Miner to approve the regulation in whole with technical corrections. The motion passed by voice vote.

A motion was duly made and seconded to adjourn the meeting.

The meeting was adjourned at 11:18 AM.
