
OLR Bill Analysis

SB 167

AN ACT CONCERNING HOUSING.

SUMMARY

This bill eliminates an obsolete requirement that the Department of Housing (DOH) submit a one-time status report on its Visitable Housing Program to the Housing Committee by October 1, 2012.

Existing law, unchanged by the bill, authorizes DOH to establish the program in consultation with the Connecticut Housing Finance Authority to encourage developers to build residential homes that are easy for people with disabilities to visit.

The bill also makes a technical change.

EFFECTIVE DATE: October 1, 2022
