All Municipalities	Potential Cost	See Below	None

Explanation

The amendment strikes the underlying bill and its associated fiscal impact.

The amendment requires signature verification on absentee ballots. For municipalities that manually review absentee ballot signatures this amendment will have no cost. Certain municipalities, larger cities for example, may need to review signatures electronically. These municipalities would need to purchase absentee ballot signature verification software. The amendment makes several other changes that have no fiscal impact.

The preceding Fiscal Impact statement is prepared for the benefit of the members of the General Assembly, solely for the purposes of information, summarization and explanation and does not represent the intent of the General Assembly or either chamber thereof for any purpose. In general, fiscal impacts are based upon a variety of informational sources, including the analyst's professional knowledge. Whenever applicable, agency data is consulted as part of the analysis, however final products do not necessarily reflect an assessment from any specific department.
