**HB 6833**

***AN ACT CONCERNING ELECTRONIC NOTIFICATIONS TO INSUREDS.***

**SUMMARY**

This bill requires health carriers (e.g., insurers and HMOs) that deliver, issue, renew, amend, or continue health insurance policies to allow insured individuals who are legally capable of consenting to a policy's covered benefits to elect, in writing, to receive insurance coverage documents electronically. When providing documents electronically, the carriers must comply with all applicable federal and state data security laws.
