Testimony:

I am a Connecticut resident residing at 11 Bidwell Farm Road and strongly oppose SBO1076 An Act Concerning Aid in Dying for Terminally Ill Patients. As a Roman Catholic, I am against any assistance in ending human life. This bill would take advantage of the elderly and those with disabilities. Pain management is available to those who are suffering. I consider assisted suicide a terrible solution. Let's put our funding towards the elimination of cancer, Alzheimer's and other diseases. As a taxpayer, I do not want my money supporting the taking of human life. Please vote "no" on SBO1076 and help our civilization by supporting life and not death. Thank you for reading my testimony.
