Introducer(s):

Energy and Technology Committee

Title: AN ACT CONCERNING A SOLAR UNIFORM CAPACITY TAX AND MODIFICATIONS TO THE STATE'S RENEWABLE ENERGY PROGRAMS.

Statement of Purpose: To (1) study the ramifications of directing electric distribution companies to recover the costs of transmission upgrades related to residential solar installations from all customers, (2) replace the property tax regime for solar installations above a certain size with a uniform capacity tax, (3) expand the zero-emissions, nonresidential renewable program and allow unused annual capacity in other programs to be allocated to this program, (4) redefine "low-income" in the shared clean energy facility program to align with the federal Inflation Reduction Act, and (5) study sites in the state suitable for new solar construction.
