sHB-6397

AN ACT CONCERNING ZERO-CARBON EMISSIONS. AMENDMENT

LCO No.: 9016

File Copy No.: 305

House Calendar No.: 203

OFA Fiscal Note

Potential Revenue Gain

The amendment strikes the underlying bill and its associated fiscal impact.

The amendment requires the Department of Energy and Environmental Protection (DEEP), by December 15, 2023, to produce a Connecticut Decarbonization Roadmap, which has no fiscal impact because the agency has the necessary expertise. It also requires DEEP to identify additional federal funds available to municipalities and school districts for reducing carbon emissions. This could result in a revenue gain to various municipalities and local and regional school districts beginning in FY 24 to the extent federal funds are made available following such identification.

The preceding Fiscal Impact statement is prepared for the benefit of the members of the General Assembly, solely for the purposes of information, summarization and explanation and does not represent the intent of the General Assembly or either chamber thereof for any purpose. In general, fiscal impacts are based upon a variety of informational sources, including the analyst's professional knowledge. Whenever applicable, agency data is consulted as part of the analysis, however final products do not necessarily reflect an assessment from any specific department.
