The amendment strikes the language in the underlying bill and the associated fiscal impact.

The amendment requires the Department of Mental Health and Addiction Services (DMHAS) to develop and administer a public awareness campaign regarding the safe storage and disposal of prescription drugs and cannabis and the associated dangers to children. This could result in a cost to the agency depending on the scope and extent to which DMHAS is required to establish a new campaign, separate from existing efforts.

The preceding Fiscal Impact statement is prepared for the benefit of the members of the General Assembly, solely for the purposes of information, summarization and explanation and does not represent the intent of the General Assembly or either chamber thereof for any purpose.
