CORRECTION

To Fiscal Note on
sHB-5284, File No. 271

AN ACT REVISING VARIOUS GAMING STATUTES.

The original fiscal note incorrectly stated the cost in section 2 to the Connecticut Lottery Corporation (CLC) of \$1 to \$3 million per year. Based on additional information supplied by the Department of Consumer Protection (DCP)¹, the revised cost to the CLC is approximately \$100,000 per year to meet the lottery systems, draw games, and keno testing requirements in the bill.

¹DCP provided a preliminary quote from a current CLC vendor, Gaming Labs International.
