Section 2 requires the Police Officer Standards and Training Council (POST) to examine criminal justice courses offered by colleges and universities in the state and establish a pilot program with the University of New Haven to permit an individual who attends the academy for basic training to complete such training by taking (1) courses related to legal issues at such university, and (2) the remaining

courses at the academy. This section results in no fiscal impact to the state because POST has the expertise and resources to meet the requirements of the section.

Section 3 prohibits POST from denying police officer certification and law enforcement units from denying someone employment as a police officer solely because they are a lawful permanent resident noncitizen, resulting in no fiscal impact to the state or municipalities.

Section 4 requires DESPP and POST to jointly submit a report to the Public Safety and Security Committee with recommendations on giving bonuses to encourage people to begin and continue careers as police officers, resulting in no fiscal impact because the agencies have the expertise to meet the requirements of the section.

Section 5 requires the Board of Regents for Higher Education, UConn's Board of Trustees, and POST to jointly submit a report that includes a career pathway and schedule of credits to help police officers earn higher education degrees, resulting in no fiscal impact because the agencies have the expertise to meet the requirements of the section.

Section 6 creates a task force to study the volunteer police auxiliary force resulting in no fiscal impact to the state because the task force has the expertise to meet the requirements of the section.

Section 7 requires DESPP to investigate ways to develop and enhance programs and initiatives that address the mental health needs of police officers, resulting in no fiscal impact because the agency has the resources to meet the requirements of the section.
