### **OFA Fiscal Note**

**State Impact:** None

**Municipal Impact:** None

### **Explanation**

The bill, which removes a provision that required certain remittances for structurally deficit foundations of condominiums in Hamden, is not anticipated to result in a fiscal impact to the state or to municipalities.

Such remittances would come from the Healthy Homes Fund and the bill does not change any funding structure of the fund. To date, no payments have been made under this provision. These funds will be available for other programs under the Healthy Homes Fund. The Healthy Homes Fund currently supports 1) the Crumbling Foundations Assistance Fund and 2) a program for lead removal, remediation, and abatement activities.

**OLR Bill Analysis****SB 1306*****AN ACT ELIMINATING CERTAIN FUNDING PROVISIONS FROM THE HEALTHY HOMES FUND.*****SUMMARY**

This bill eliminates a provision related to a Healthy Homes Fund assistance program for owner-occupied condominium units in Hamden with structurally deficient foundations. Under this provision, funding from remittances to the Healthy Homes Fund between May 1, 2022, and April 30, 2023, was directed to the Department of Housing (DOH) to give grants to the owners of these condominiums to either remediate their foundations or move.

By law, the Healthy Homes Fund is a separate nonlapsing General Fund account used primarily to support the Crumbling Foundations Assistance Fund, which assists homeowners with concrete foundations damaged by pyrrhotite (i.e., crumbling foundations). It also supports DOH's lead removal, remediation, and abatement activities. The fund is capitalized by revenue from an annual \$12 surcharge on certain homeowners' insurance policies.

EFFECTIVE DATE: July 1, 2025
