

STF Expenditures Moved to Bonding (per OFA)

In addition to the linked report, which is limited to borrowing in lieu of General Fund appropriations to programs, Town Aid Road has shifted between Special Transportation Fund appropriations and bonding, as illustrated in the table below. Lastly, in FY 15 the Highway and Bridge Renewal Equipment account (also STF) was moved from appropriations to bonding. The program was funded at about \$5.4 million in the STF appropriations prior to moving it to bonding. Funding for the Highway and Bridge Renewal Equipment program has increased to \$10.4 million each year in the FY 16-FY 17 bond package.
