**Testimony:**

Dear Senator Winfield and Kissel,

As of 2020, Connecticut has become anti-law enforcement. Barbara Fair's opposition to members of corrections and police have led to the rise in crime. If you are behind bars you deserve to be there! She is the last person whom should be an ombudsmen for this state. I reject the notion that my tax dollars will pay her salary. Pure madness. Let's put bad people in power.
