Testimony:

Dear esteemed and accomplished members of the legislature,

While not a member of this committee, I urge you to oppose Barbara Fair's nomination. As a spouse of a corrections officer, she has shown nothing but disrespect for those who CHOOSE this line of work. If she spent a day in my life worrying for my husbands life maybe she would get it. I see her speaking on the news and there is no understanding or empathy for what our officers go through. While, I understand her son had trauma, maybe she should listen to ours. I urge you to vote no!

Sincerely,

A Spouse of a Corrections Officer
