From someone incarcerated at York Correctional Institution

These are some of the reasons why we need a strong Correction Ombudsperson like Barbara Fair:

First : the staff denied many inmates meds everyday if they're not mandatory they don't care. Second : We don't get our outside rec .. we are locked more than we rec... C/O's physically hurt women during codes or they abuse their authority and single certain inmates. There's times where it's a racial thing. They look for any little thing like walking on the walk way with other inmates the walk way staff constantly screaming at individual inmate especially if an inmate is returning to the compound from segregation they call a signal 11 which is flagrant disobedience... if inmates question why they're being harassed.. without reason if an inmates so much as looks towards a staff and they feel offended they call signal 11 for every lil thing ...there's so much more. I used to have a list of staff and their wrongs however I threw it out in fear of being targeted.

Please appoint Barbara Fair for Correction Ombudsperson. She's the one I trust to take care of these problems for us.

Sincerely,
