# **I. OVERVIEW**

## **General Fund Budget Development**

In November 2013, OFA projected a \$117.1 million surplus in FY 14 and an \$8.4 million surplus in FY 15. Later in the year, primarily as a result of the January 15, 2014 consensus revenue process, the surplus projection was increased to \$506.1 million in FY 14. In February 2014, Governor Malloy proposed a Revised Budget for FY 15 that would have utilized the projected FY 14 surplus through: (1) tax refunds (30.6%), (2) pension contributions (19.8%), (3) funds to be spent in FY 15 (1.7%), and (4) rainy day fund deposits (47.9%). For FY 15, the Governor proposed a revised budget for the General Fund with a growth rate of 2.3% compared to the original budget's 1.8%. On an all appropriated funds basis, the Governor's proposal contained an increase in growth from 2.1% to 2.7%.

The surplus projections remained above \$500 million, until April tax returns were tallied. The lower than expected income tax collections reduced the projected surplus in FY 14 by \$462 million and opened a deficit in FY 15 of \$286.1 million that required alterations in expectations during budget deliberations.

Finally, in the last few days of the session, PA 14-47, the FY 15 Revised Budget, and PA 14-217, the budget implementer (which contained implementation language, other changes and some minor budget adjustments) was passed by both chambers.

## **FY 15 Revised Budget**

The original FY 15 budget contained a \$3.1 million General Fund balance. The FY 15 Revised Budget reduces that balance to \$0.4 million. The Revised Budget grows by 2.0% in the General Fund (2.5% all funds) when comparing FY 15 revised appropriations to FY 14 expenditures. The budget includes various policy changes that yield a net revenue increase of \$54.4 million in FY 15. This includes total decreases in taxes of \$22.2 million and a net increase in tax revenue of \$63.6 million, of which \$75 million is related to a tax collection initiative. Also included are reductions in other revenue categories of \$45.7 million and increases in other sources of revenue of \$36.5 million.

The FY 15 Revised Budget carries forward \$5.2 million in FY 14 funding for use in FY 15. In addition, existing statutory authorized carry forwards and Office of Policy and Management discretionary carry forwards total \$80.7 million. The remainder of the surplus of \$248.5 million in FY 14 in the General Fund was deposited to the Budget Reserve Fund.

## Spending Cap

The FY 15 Revised Budget is under the statutory spending cap by \$25.9 million, which is \$140.3 million closer to the cap than the original FY 15 budget. This difference is due to:

- 1) A decrease of \$10.8 million in FY 14 non-capped appropriations and a commensurate increase in capped appropriations, which increases the basis for determining allowable growth in FY 15.
- 2) A decrease, from 2.5% to 1.7%, in the growth factor used to determine allowable capped growth.<sup>1</sup> This results in a \$106.1 million decrease in allowable growth for capped expenditures.
- 3) A \$46.7 million net decrease in FY 15 appropriations in categories that are exempt from spending cap restrictions, consisting of an increase in expenditures on new federal mandates and court orders (\$9.9 million) and statutory grants to distressed municipalities (\$15.9 million), and a reduction in debt service (\$72.5 million).
- 4) A \$1.6 million decrease in total FY 15 appropriations.

The following table illustrates the differences between the spending cap calculations for the original FY 15 budget and for PA 14-47, the FY 15 Revised Budget, as adjusted by PA 14-217, the budget implementer:

### Spending Cap Calculation (in millions)

The BOR is composed of the Connecticut State University System, the Regional Community College System and Charter Oak State College. Transform CSCU 2020 is intended to increase enrollments and provide for workforce development. Additionally, the proposal includes an increase of \$60 million in capital funding along with a redirection of \$20 million of existing capital funds to make system-wide improvements for the BOR. Components of the program include:

- **Go Back to Get Ahead** - Funding is provided to encourage Connecticut residents who have some college credits, but have not attained either an associate's or bachelor's degree, to return to the state universities, community-technical colleges or Charter Oak State College to complete their degrees. These funds will enable the BOR to identify and contact the targeted students and provide resources to give each student a customized road map for degree completion.
- **Tuition Incentive Program** - Students who have been out of school for 18 months would receive up to three free classes at BOR colleges and universities, to match up to three classes for which they pay.
- **Early College Experience** - Provide planning funds for a program to offer community college courses to high school students.
- **Developmental Education** - Funding is provided to continue developmental programs and support to students in continuation of the programs which have existed since 2012.

**Transform CSCU - Capital Program** - The Transform CSCU - Capital Program provides \$60 million in capital funding in FY 15 for the following:

- Begin to upgrade and consolidate student and financial information systems to provide for unified and simplified admissions, financial aid, registration and financial reporting system,
- Improve the student learning environment with smart classroom technology,
- Develop a system-wide master plan,
- Implement deferred maintenance projects across the system's campuses and
- Construct a new Advanced Manufacturing Center at Asnuntuck Community College in Enfield.

In addition, \$20 million of previously authorized capital funding for the Community College System for equipment, technology and deferred maintenance is transferred into this capital investment program to allow the BOR to further implement the improvements outlined above.

## Budget Reserve Fund Activity and Balance

The current balance in the Budget Reserve Fund (Rainy Day Fund) is \$519.2 million.

FY 14 ended with a surplus of \$248.5 million. The entire surplus will be deposited in the Budget Reserve Fund.

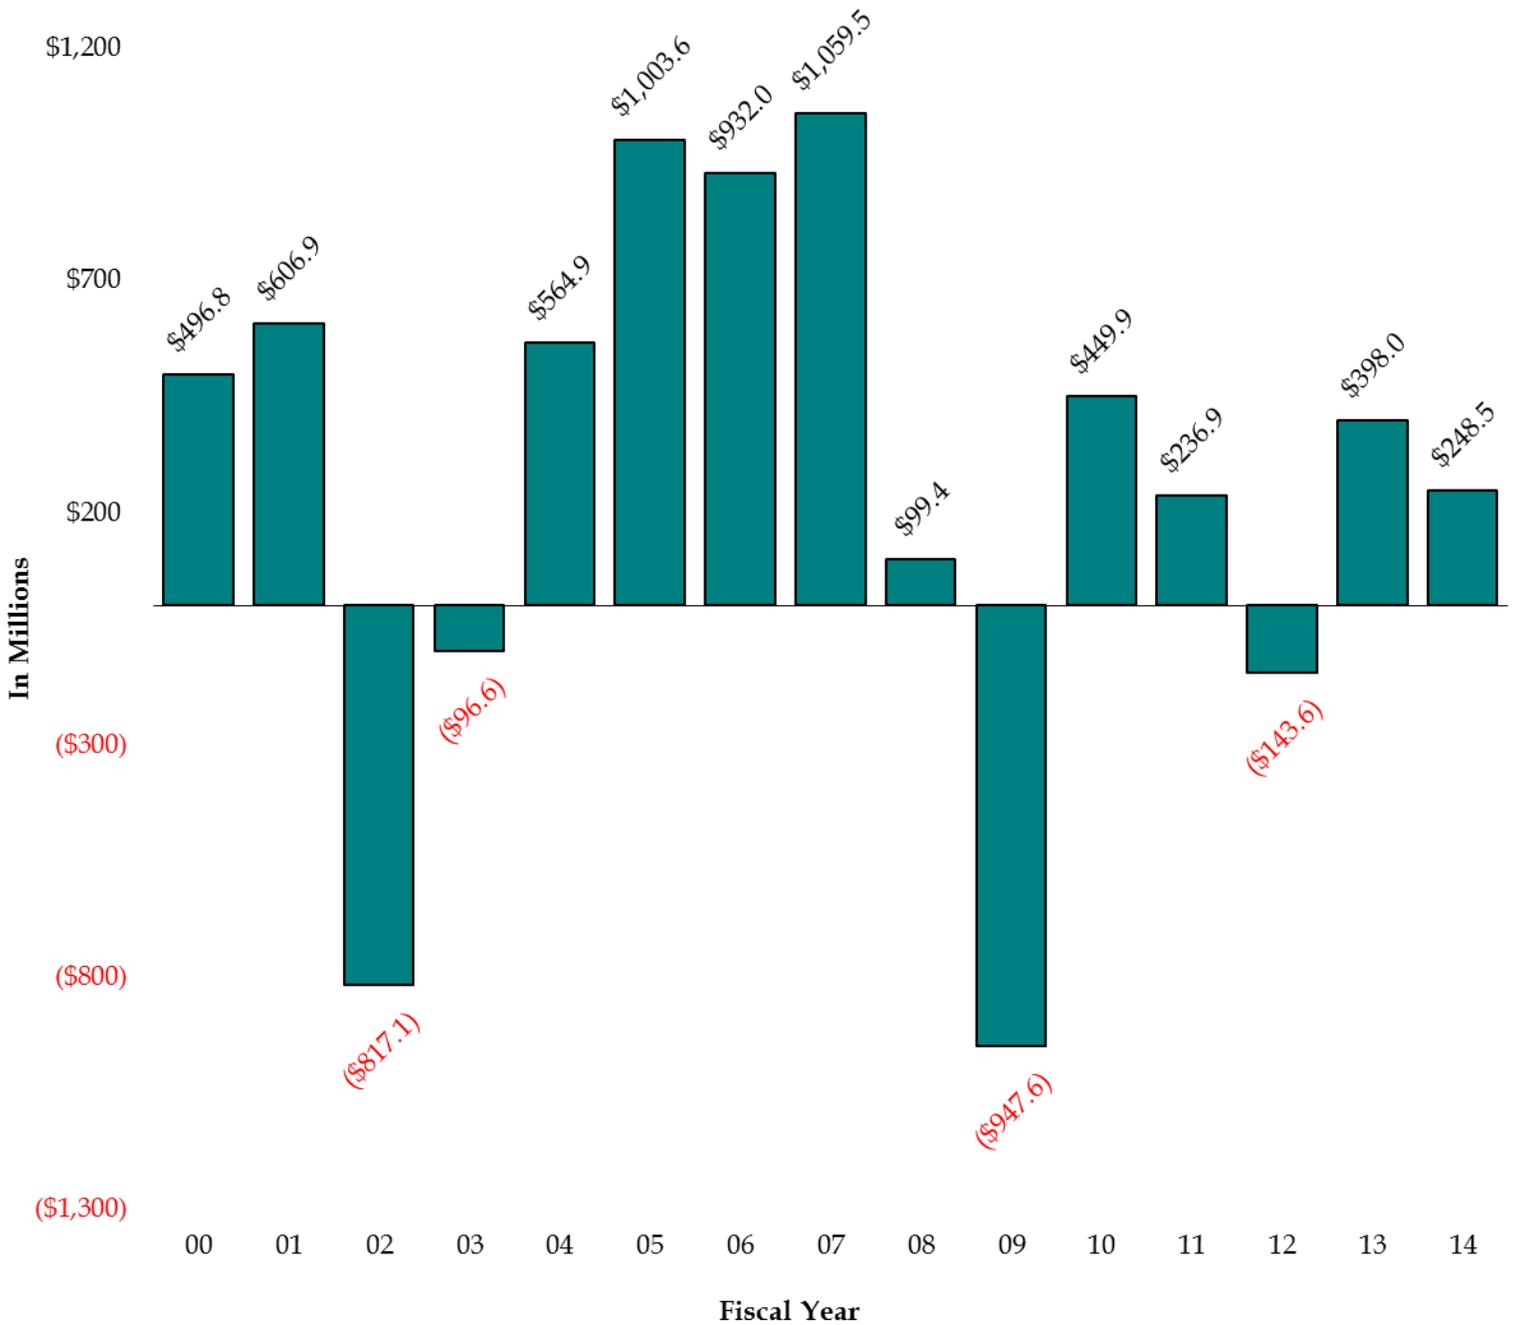

FY 13 ended with a surplus of \$398.0 million. Section 58 of PA 13-184, the FY 14 and FY 15 Budget, allowed \$220.8 million of the FY 13 surplus to be reserved for future year budgetary needs: \$190.8 million was used as General Fund revenue in FY 14 and \$30 million is reserved for FY 15 revenue. The remaining \$177.2 million of the FY 13 surplus was deposited in the Budget Reserve Fund.

The following table shows activity and balances in the Budget Reserve Fund from FY 04 - FY 14.

### Other Appropriated Funds Explained (alphabetical)

Banking Fund: The Banking Fund is supported by assessments, fees and fines paid by depository institutions supervised by the Department of Banking. Funds are used primarily for the ongoing operation of the Department of Banking.

Consumer Counsel / Department of Public Utility Control Fund: The Consumer Counsel & Public Utility Control Fund supports the operations of the energy division of the Department of Energy and Environmental Protection, the Office of the Consumer Counsel, and the Connecticut Siting Council. Each agency assesses the regulated public utility entities (electric, gas, water and cable) to cover the agencies' costs. Each regulated entity is responsible for their portion of the total needs of the agencies, based on their percentage of the public service companies' tax.

Criminal Injuries Compensation Fund: The Criminal Injuries Compensation Fund is administered by the Office of Victim Services within the Judicial Department. The Office of Victim Services compensates eligible crime victims or their immediate families for actual and reasonable expenses, lost wages, and pecuniary and other losses resulting from injury or death. Maximum awards are \$15,000 for personal injuries and \$25,000 for death. The Criminal Injuries Compensation Fund receives funding from three major sources: 1) Costs imposed in criminal prosecutions and certain fines and fees; 2) federal

funding; and 3) money from the person directly responsible for a victim's criminal injuries or death.

Insurance Fund: The Insurance Fund supports the operation of the Department of Insurance and the Office of the Healthcare Advocate. The Department assesses domestic insurance companies and entities to cover the cost of these agencies. The assessment is built around the total amount of premium taxes paid to the Department of Revenue Services by domestic insurance companies and entities for the preceding year.

Mashantucket Pequot / Mohegan Fund: The Mashantucket Pequot Mohegan Fund is an appropriation that reduces the amount of slot machine revenues that are otherwise deposited into the General Fund. The appropriation provides grants to towns.

Regional Market Operation Fund: The Regional Market Operation Fund is operated by the state as a self-sustaining non-profit venture which is fully funded by fees generated from the operation of the Market. Its purpose is to provide a central location for farmers and wholesalers to sell and distribute food and other agricultural products. The Market covers 32 acres and encompasses 230,386 square feet of warehouse space, an active railroad spur and 144 stalls in the farmers' market.

Soldiers' Sailors' and Marines' Fund: The purpose of the Soldiers' Sailors' and Marines' Fund is to provide temporary financial assistance to help meet the health and maintenance needs of eligible veterans, their dependents and survivors. The Soldiers' Sailors' and Marines' Fund exists as both an independent, appropriated agency and as a Trust Fund which is administered by the Treasurer. The investment income is distributed from the Trust Fund to the Soldiers', Sailors' and Marines' Special Revenue Fund to support the operations of the agency. **Note: as of July 1, 2014, the Soldiers' Sailors' and Marines' Fund no longer exists as a state fund. Sections 121-122 of PA 13-247, the general government implementer, transferred administration of this fund to the American Legion.**

Workers' Compensation Fund: The Workers' Compensation Fund supports the operation of the Workers Compensation Commission. The Commission administers the Connecticut workers' compensation system according to the provisions of the Workers' Compensation Act including determining benefits for work-related disabilities and injuries. The State Treasurer assesses private insurance companies and employers to cover the Commission's annual costs. The assessment is built around the proportion of the preceding year's expenses that the state bore on behalf of each self-insured employer or private insurance carrier.

## V. APPROPRIATIONS

### Budgeted Lapses and Agency Holdbacks

The table below details the FY 15 lapses in the original and the revised budgets. The FY 15 Revised Budget reduced the lapses from the original by \$26.4 million. The lapses are identified below with a brief explanation.

#### FY 15 Budget Lapses

Lapse	Original \$	Revised \$	Difference \$	Explanation
<b>General Fund (GF) Lapses</b>				
Unallocated Lapse <sup>1</sup>	(102,104,969)	(102,104,969)	-	This reduction reflects an adjustment to gross appropriation due to an anticipated level of under spending across all General Fund agencies and accounts.
General Other Expenses Reductions	(4,000,000)	-	4,000,000	This reduction reflects savings in a manner to be determined by OPM such as the curtailing and delaying of purchase and various other yet undetermined reductions. All General Fund agency Other Expenses accounts could be subject to this reduction.
General Lapse <sup>1</sup>	(14,243,700)	(10,000,000)	4,243,700	This reduction reflects savings in a manner to be determined by OPM. All General Fund agency accounts could be subject to this reduction.
Municipal Opportunities & Regional Efficiencies Program	(10,000,000)	(10,000,000)	-	Savings to be achieved with a reduction in municipal aid as a result of various savings initiatives and efficiencies.
Statewide Hiring Reduction <sup>1</sup>	(20,688,736)	(10,000,000)	10,688,736	Savings anticipated to be achieved by hiring reductions and other savings initiatives in a manner to be determined by OPM. All General Fund agency Personal Services accounts could be subject to this reduction.
GAAP Lapse	(7,500,000)	-	7,500,000	This reduction reflects adjustments across GAAP Accrual accounts in agencies to reflect a re-estimate of GAAP increases.
<b>Total GF Lapses</b>	<b>(158,537,405)</b>	<b>(132,104,969)</b>	<b>26,432,436</b>	
<b>Transportation Fund (TF) Lapses</b>

## FY 15 Budget Allocated Lapses (Holdbacks)

Sections 30 and 31 of PA 14-47 contain provisions that allow the Secretary of the Office of Policy and Management (OPM) to allocate specific lapses to state agencies in the three branches of government (these are typically called holdbacks). The following two lapses are allocated to state agencies via holdbacks by OPM: (1) the General Lapse is \$10,000,000 and (2) the Statewide Hiring Reduction Lapse is \$10,000,000. The following schedules identify the allocation (holdback) by lapse category, agency and account.

## Funds Carried Forward

In addition to the appropriation included in PA 14-47 as adjusted by PA 14-217, numerous provisions are made in other sections of the acts, as well as existing statute to permit an estimated \$114.9 million of appropriations to be carried forward into FY 15. The table below reflects a summary of the carry forward funding by legislative authority.

### Carry Forward Funding by Legislative Authority

<b>TOTAL</b>	<b>114,941,447</b>

<sup>1</sup>CGS 4-89(c) gives the Office of Policy and Management discretion to carry forward unexpended balances of projects not completed during the fiscal year.

The carry forward funds are composed of \$85.9 million from the General Fund, \$26.3 million from the Transportation Fund and \$2.7 million from other appropriated funds. The table below includes details by fund and agency.

<sup>1</sup>The amounts shown are either specified in legislation/statute or are unexpended as of September 30, 2014. Agency/account listed is the recipient of the carry forward funding for FY 15.

<sup>2</sup>In FY 14 there was an appropriation adjustment from the resources of the Transportation Fund to the Airport Authority of \$3.5 million from Insurance Recoveries resulting from Storm Sandy related to damages at Groton-New London Airport. Of the total, \$139,987 is unexpended and carried forward into FY 15.

## FY 14 Deficiency Funding

Sections 41 - 44 of PA 14-47, the FY 15 Revised Budget, makes various FY 14 appropriation increases and reductions that results in a Transportation Fund increase of \$1 million offset by a General Fund reduction of \$1 million. These sections reduce, by \$9 million, the amount by which the FY 14 budget is under the spending cap. This is due to a \$9 million reduction of appropriations in Debt Service, which is exempt from the spending cap, and a commensurate increase in areas that are subject to the spending cap. The FY 14 budget is under the spending cap by \$9.4 million; with passage of the act, the FY 14 budget would be under the spending cap by approximately \$400,000. The table below shows the changes in agency appropriations contained in these sections.

**Below includes the explanation of the General Fund agency's deficiency appropriations needs:**

**Department of Administrative Services - \$8 million**

The FY 14 deficiency appropriation is composed of:

- \$6.5 million in Personal Services and
- \$1.5 million in State Insurance and Risk Management.

The total Personal Services deficiency of \$7.6 million (15.5% of appropriation) is due to the November 7, 2013 FAC approval transferring \$8 million from Personal Services to the State Insurance and Risk Management Operations account. Funding was needed in the State Insurance and Risk Management Operations account as the state settled and paid two large automobile claims earlier this fiscal year. One claim involved a State Trooper who hit a pedestrian in Shelton on May 29, 2010. This claimant was awarded \$9 million. In the second claim, there was a fatal traffic accident involving a UConn student and a student operated campus shuttle bus on March 22, 2011. This claim settled for \$6 million. The state is responsible for paying a \$4 million deductible on each claim. The \$7 million balance on these two claims will be covered by the state's insurance carrier. This shortfall is partially offset by \$1.1 million lapsing funds from the following accounts: \$783,700 in IT Services, \$183,000 in Rents and Moving, and \$153,500 in other various accounts.

The deficiency of \$1.5 million in the State Insurance and Risk Management Operations account (12% of appropriation) is due to additional claims that are due before the end of FY 14.

**Department of Emergency Services and Public Protection - \$4.8 million**

The FY 14 deficiency appropriation is composed of:

- \$3.9 million in Personal Services,
- \$500,000 on Other Expenses and
- \$400,000 in Workers' Compensation Claims.

The \$3.9 million deficiency in Personal Services arises, in part, from lower assessments on each casino for law enforcement services. PA 13-170 enabled the transition of law enforcement duties at each casino from DESPP to tribal police forces. The state negotiated assessments with each tribe setting law enforcement reimbursements at \$1.2 million (\$600,000 per tribe) for FY 14. Tribal reimbursements totaled \$4.2 million in FY 13, \$4.7 million in FY 12, and \$7.2 million in FY 11. Given that DESPP staffing levels were not correspondingly reduced, the lower assessment created a shortfall in Personal Services of approximately \$3 million. The remainder of the overall Personal Services shortfall (\$900,000) is attributable to unbudgeted overtime.

The \$500,000 deficiency in Other Expenses is driven primarily by payments made to several state National Guards under the Emergency Management Assistance Compact for work during the February 2013 snow storm. DESPP has paid approximately \$390,000 in FY 14 for such services. The Workers' Compensation Claims shortfall is due to aggressive budgeting assumptions and higher than anticipated claims costs.

### **Department of Economic and Community Development - \$3 million**

The FY 14 deficiency appropriation is composed of:

- \$3 million in Capital Region Development Authority.

The deficiency in the Capital Region Development Authority account is due to the lease agreement between the state and the City of Hartford regarding the XL Center. The Capital Region Development Authority (CRDA) negotiated a new ten year lease agreement with the City of Hartford effective July 1, 2013. The lease provides up to \$3 million in rent payments in both FY 14 and FY 15 and up to \$2.6 million per year thereafter from net operating revenue from the facility.

The state appropriates funding to CRDA, a quasi-public state agency, to provide supplemental support of its administrative and operational costs which include the administration of the XL Center. Prior to this new agreement, the former Connecticut Development Authority (now Connecticut Innovations, Inc.) leased the facility from the City of Hartford on behalf of the state for over 20 years.

### **Office of the Chief Medical Examiner - \$0.1 million**

The FY 14 deficiency appropriation is composed of:

- \$100,000 in Other Expenses.

The deficiency in Other Expenses (OE) is due to increased cost associated with body transport (a contracted service) and toxicology laboratory services resulting from a backlog of cases. On 10/18/13, CME reported that families had to wait five to six months for issuances of final death certificates due to in-house toxicology laboratory shortages. It should be noted that PA 14-47, the FY 15 Revised Budget, includes budget adjustments in FY 15 to support the toxicology annualized costs.

### **State Department of Education - \$10.4 million**

The FY 14 deficiency appropriation is composed of:

- \$10.4 million in Magnet Schools.

At the May 1, 2014 FAC meeting, \$9.6 million was transferred from various accounts to the Magnet School account to offset the \$19 million deficiency. The overall magnet deficiency represents 7.2% of the FY 14 appropriation of \$265.5 million. The Magnet

School account appropriation has increased by approximately \$23 million from FY 13 to FY 14; this represents a growth of approximately 8.6%. The deficiency in the Magnet School account is due to the following three factors: (1) increased enrollment and corresponding transportation costs of \$6.4 million; (2) prekindergarten tuition payments of \$5.4 million; and (3) supplemental transportation payments of \$7.2 million. PA 14-47, the FY 15 Revised Budget includes FY 15 budget adjustments to support the magnet school annualized cost.

### **Public Defenders - \$6.7 million**

The FY 14 deficiency appropriation is composed of:

- \$4.9 million in Personal Services and
- \$1.8 million in Expert Witnesses.

The deficiency in the Personal Services account is due to an early release of a portion of this account's fourth quarter allotment in order to allow a FAC transfer from this account to the Assigned Counsel accounts.

The shortfall in the Assigned Counsel – Criminal account is due to: (1) eliminating the backlog of approximately 400 habeas cases by hiring law firms with expertise in address these cases, which has resulted in approximately \$2.2 million of the projected shortfall in this account, and (2) a new payment and billing system that has accelerated payments made to attorneys by up to four months, which has resulted in approximately \$2.4 million of the projected shortfall in this account. PA 14-47, the FY 15 Revised Budget, includes \$875,000 in FY 15 to support annualized costs in the Assigned Counsel – Criminal account.

In addition, approximately \$300,000 of the early released allotment was used to transfer funds to the Assigned Counsel – Child Protection account. These funds were necessary due to two main factors: (1) this account carried over \$698,000 in child protection attorney bills from FY 13 to FY 14, and (2) the number of child protection cases is anticipated to grow from 8,320 in FY 13 to more than 10,000 cases in FY 14.

The deficiency of \$1.8 million in the Expert Witness account is due to the unexpected payment of an expert witness. The billing submitted for the expert witness was for services rendered from 2008-2013 on behalf the *In Re Racial Disparities in Death Penalty Cases*.

## Office of the State Comptroller - Adjudicated Claims - \$6.2 million

The FY 14 deficiency appropriation is composed of:

- \$6.2 million in Adjudicated Claims.

The deficiency in the Adjudicated Claims account is due to higher than anticipated claims costs and the recent settlement between the state and Capital Properties for \$6.2 million. The shortfall represents 62% of total FY 14 projected expenditures. It should be noted FY 12 was the first year the Adjudicated Claims account received an appropriation. Claims were previously funded out of the resources of the General Fund. Since FY 03, annual claims range from \$3.9 million to \$15.7 million, with a median annual claims cost of \$7.6 million.

## DAS - Workers' Compensation Claims - General Fund - \$2.8 million

The FY 14 deficiency appropriation is composed of:

- \$2.8 million in Workers' Compensation Claims.

The deficiency in the Workers' Compensation Claims account within the General Fund (this account supports General Fund agencies without a separate workers' compensation appropriation), is primarily due to the following factors: (1) increased utilization of services, (2) employees remaining on workers' compensation longer, and (3) increasing medical expenditures. The following table reflects average monthly expenditure and claims trends for the General Fund account for the period July through March for FY 13 and FY 14.

### Average Monthly Workers' Compensation Claims - GF

	FY 13 \$	FY 14 \$	Change
Number of Claims	375	398	6.1%
Cost Per Claim	2,417	2,599	7.5%
Total Indemnity Costs	1,028,896	1,161,567	12.9%
Total Medical Costs	1,078,538	1,048,045	-2.4%

The deficiency in this account is approximately 8.8% of total FY 14 estimated expenditures. PA 14-47, the FY 15 Revised Budget, includes \$2.8 million in FY 15 to support the annualized workers' compensation costs.

**Below includes the explanation of the General Fund agency's available funding:**

**Department of Social Services - \$43 million**

The reduction to the FY 14 appropriation is composed of:

- \$43 million in Medicaid.

Funding is available due to a one time transfer of \$67 million between the Disproportionate Share-Medical Emergency Assistance (DSH) account and the Medicaid account. The transfer was the result of the reconciliation of the net appropriation of the Medicaid account which took place in the biennial budget.

**Below includes the explanation of the Transportation Fund agency's deficiency appropriations needs:**

**Department of Transportation (DOT) - \$13.7 million**

The FY 14 deficiency appropriation is composed of:

- \$7 million in Personal Services,
- \$2.1 million in Other Expenses,
- \$4 million in Bus Operations and
- \$600,000 in ADA Para-transit Program.

The \$7 million deficiency in the Personal Services account is driven by the March 6, 2014 Finance Advisory Committee (FAC) transfer of \$7 million from Personal Services to Other Expenses. This transfer was to cover a shortfall in the Other Expenses account due to higher than budgeted storm related costs for snow and ice removal. The Department of Transportation's (DOT) snow and ice removal budget is based on an average of 12 storms per year, and to date there have been approximately 15 storms. Due to winter storm costs, funding was needed for the following reasons: (1) higher than average storm costs for material and contractual services, (2) increased fuel usage to supply the 84 fuel facilities used by all state agencies and (3) equipment maintenance and repair of the department's fleet. Currently, 248 of DOT's 632 truck fleet, or 39% are past the 12 year useful lifecycle.

The \$4 million deficiency in the Bus Operations account is driven by: (1) a \$1 million unbudgeted claim related to a fatality that was settled in June 2013 and (2) higher than anticipated expenditure trends. The \$600,000 deficiency in ADA Para-transit Program account is also due to higher than anticipated expenditure trends.

The \$2.1 million deficiency in the Other Expenses account is driven by: (1) \$1.8 million in unbudgeted information technology costs and (2) higher than budgeted storm related costs for snow and ice removal.

## Office of the State Comptroller - Fringe Benefits - \$1.5 million

The FY 14 deficiency appropriation is composed of:

- \$1.5 million in State Employees' Health Service Costs.

The deficiency in the State Employees' Health Service Costs account within the Special Transportation Fund is due to medical claims costs (including pharmacy) being 3.4% higher than anticipated for employees of the Departments of Transportation and Motor Vehicles. Average monthly expenditures for the period July through April are 16.2% higher than the same period in FY 13.

## DAS - Workers' Compensation Claims - Transportation Fund - \$0.8 million

The FY 14 deficiency appropriation is composed of:

- \$0.8 million in Workers' Compensation Claims.

The deficiency in the Workers' Compensation Claims account within the Special Transportation Fund (this account supports the Departments of Motor Vehicles and Transportation), is primarily due to the following factors: (1) increased utilization of services, (2) employees remaining on workers' compensation longer, and (3) increasing medical expenditures. The shortfall in this account is approximately 13.2% of total FY 14 estimated expenditures. PA 14-47, the FY 15 Revised Budget, includes \$800,000 in FY 15 to support the annualized workers' compensation costs.

The following table reflects average monthly expenditure and claims trends for the Special Transportation Fund for the period July through March for FY 13 and FY 14.

### Average Monthly Workers' Compensation Claims - TF

	FY 13 \$	FY 14 \$	Change
Number of Claims	49	50	1.7%
Cost Per Claim	2,527	2,474	-2.1%
Total Indemnity Costs	269,812	294,862	9.3%
Total Medical Costs	349,107	411,659	17.9%

**Below includes the explanation of the Transportation Fund agency's available funding:**

**Department of Transportation (DOT) - \$4 million**

The reduction to the FY 14 appropriation is composed of:

- \$4 million in Pay As You Go Transportation Projects.

Funding is available in the Pay As You Go Transportation Projects account due to slower than anticipated expenditure trends. Funding of \$2 million was transferred as part of the March 6, 2014 Finance Advisory Committee (FAC) meeting to the Other Expenses account to cover costs related to higher than budgeted storm related costs for snow and ice removal. Subsequently, the Department of Transportation received \$2 million in Federal Highway funds that were used for pay as you go transportation projects such as inspection of local bridges between 6' and 20' in length.

**Department of Motor Vehicles (DMV) - \$2 million**

The reduction to the FY 14 appropriation is composed of:

- \$1.5 million in Personal Services and
- \$500,000 in Other Expenses.

Funding is available in the Personal Services account due to delays in hiring 41 positions which has resulted in lower than anticipated expenditures. Funding is available in the Others Expenses account due to slower than anticipated expenditure trends.

**Debt Services - Treasurer - \$9 million**

The reduction to the FY 14 appropriation is composed of:

- \$9 million in Debt Services.

Funding is available due to: (1) the Special Tax Obligation (STO) bond issuance that was scheduled for October 2013 was delayed until November 2013 and (2) the assumed interest rate for the issuance was 6.00% and the actual interest rate was 3.67%.

## The Governor's FY 15 Revised Budget Recommendations

Governor Dannel P. Malloy introduced his mid-term budget adjustments on February 6, 2014 at a joint session of the Connecticut General Assembly.

The Governor's FY 15 Recommended Revised Budget totaled:

- \$19,032.6 million for all appropriated funds.
- \$17,496.2 million for the General Fund.
- \$1,322.4 million for the Special Transportation Fund.
- Was under the spending cap by \$8.1 million in FY 15. Without passage of a Governor's proposed definitional change, the FY 15 Revised Budget would be over the cap by \$99.6 million.

The table below reflects the Governor's FY 15 Recommended Revised Budget in comparison to the original FY 15 appropriation.

<sup>1</sup>Notes

**Budget Expenditures** - For purposes of comparability, the expenditure figures include all expenditures of the General Fund, Special Transportation Fund, other appropriated funds, surplus (primary for “one-time” items) and expenditures from prior year appropriations carried forward into subsequent fiscal year. The expenditures and percentage changes have been adjusted for comparability due to structural changes in the budgets. Actual expenditures are based on the Comptroller’s reports. Figures for FY 15 are estimates of expenditures based on the budget (PA 14-47), as adjusted by PA 14-217, including carried forward funding.

It should be noted that beginning in FY 14 the General Fund appropriation for the Medicaid account in the Department of Social Services reflected only the state share of the joint state/federal program. Thus, to remove the federal share of the Medicaid appropriation in FY 15, the General Fund appropriation was reduced by \$3.3 billion.

**Inflation Adjusted Growth** - The inflation adjusted growth rate factors the growth in expenditures from previous fiscal years less the Implicit Price Deflator for state and local governments. The use of this adjustment factor eliminates growth that results from inflation and facilitates the calculation of the adjusted year to year growth rate. The adjustment for FY 15 is expected to be 2.8%. When factored with the growth in expenditures, the inflation adjusted growth for FY 15 is 1.0%.

**Implicit Price Deflator for State and Local Governments** - In economics, the GDP deflator (implicit price deflator for GDP) is a measure of the level of prices of all new, domestically produced, final goods and services in an economy. GDP stands for gross domestic product, the total value of all final goods and services produced within that economy during a specified period. Historical data is taken from the US Department of Commerce Bureau of Economic Analysis. Projections are by Moody’s Economy.com.

## Orientation Agency Budget Detail

The Agency Budgets' section of this document provides financial detail on each state agency or function that receives an appropriation. It includes detail by line item and by programmatic change. As illustrated below, historical information on agency operating budgets for the prior year (FY 13) as well as the Governor's estimated FY 14 expenditures, and the original FY 15 appropriation is provided to place the FY 15 revised budget authorizations in perspective.

The order in which agencies appear in this section of the book is based on the order of the appropriations act (without regard to fund), which is arranged according to the major functions of government.

Below is an example of a state agency budget. To help explain the budget format you will encounter, we have numbered various parts below and have included explanations of each following the sample.

## **Explanation of Budget Parts**

**(1)** This is the Comptroller's Core-CT identifier for the agency. Core-CT is the state's accounting system.

**(2)** The position summary indicates maximum full time staffing levels for each agency. The position counts shown under the "Legislative FY 15" columns represent the number of permanent full-time positions an agency is authorized to establish through June 30, 2015. Under Section 38 of PA 13-184 (FY 14 and FY 15 Budget) no agency can exceed the number of positions shown under these columns, except upon the recommendation of the Governor and the approval of the Finance Advisory Committee (although the constituent units of Higher Education are exempted from this provision).

**(2a)** The personnel entries shown for "Other Funds" (OF) include positions funded by federal, private, or non-appropriated funds.

**(3)** This section provides a brief summary of each agency's operating budget. Personal Services, Other Expenses and Equipment reflect actual appropriated accounts, common to all state agencies. Other current expenses and grant categories are summations of individually appropriated accounts that are listed separately in subsequent sections.

**(4)** This column shows the actual expenditures in FY 13 in order to provide a historical perspective on the FY 14 estimated expenditures, and the FY 15 budget authorizations.

**(5)** This column provides the Governor's expenditure estimates for FY 14, which typically reflects the FY 14 appropriation except for agencies with projected year end deficiencies.

**(6)** This column provides the original FY 15 appropriations, authorized during the first year of the biennium (FY 14).

**(7)** This column reflects the Governor's revised FY 15 recommended budget as provided to the Legislature in February 2014.

**(8)** This column reflects the Legislature's enacted FY 15 appropriations as signed by the Governor. The amounts shown under these columns represent the appropriated funding the agency is authorized to spend for the second year of the biennium (FY 15) ending June 30, 2015, in each account. It should be noted that these amounts do not include various savings requirements that may be necessary as part of the budget act, such as mandated lapses.

**(9)** This column reflects the difference between the Governor's revised FY 15 recommended appropriations and the Legislature's revised FY 15 appropriations by account.

**(10)** This subsection of the budget summary includes carry forward funding available to an agency in addition to its FY 15 state appropriations.

**(11)** Current service adjustments are adjustments made to the budget which reflect revisions to items including: wage and compensation related costs, turnover, the annualization of partial year expenditures, rent/lease increases, caseload increases,

changes authorized by existing law, utility/fuel increases, or program changes authorized under existing law. There may be instances in which a current services adjustment is made in this section of an agency's budget and there is a policy decision in the Policy Adjustment portion of the Budget Change details, which zero out or in some other way alters the current services adjustment.

**(11a)** Governor's write-ups provide detail on the changes the Governor recommended to the single line item or various line items as a result of the current service or policy adjustment specified. This write-up is included only when the action originates from the Governor. If the change was adopted by the Legislature, the legislative write-up will denote, "Same as Governor." For policy adjustments initiated by the legislature there will not be a Governor's write-up. OFA may include information to help the reader understand the Governor's proposal.

**(11b)** Legislative write-ups provide detail on the changes the Legislature adopted. As previously noted, in instances where the Legislature adopted the Governor's recommendation, the write-up will read "Same as Governor." The write-up may include information such as the enacting legislation, funding requirements, or position changes. The four types of options for Legislative action include:

- Agreement with the Governor's proposal;
- Disagreement (elimination) with the Governor's proposal;
- Alteration of the Governor's proposed action; or
- Initiation of a new budget change. In this case no corresponding Governor write-up is provided as the initiative occurred after the Governor presented his/her budget.

**(12)** Policy adjustments section provides a description of the budgetary changes to explain one or more of the following: new or expanded programs, reduction in the scope of existing programs, elimination of a program, transfer of programs to other state agencies, changes in the method of funding a state operation, additional funding requirements due to workload or caseload increases, inflationary and/or other built-in increases. In those cases where the Governor proposed a significant reduction in the scope or elimination of a program, a savings factor, based upon the amount of funding which would have been required to continue the program at its present level, is used.

**(12a)** The background write-up provides information on a program itself or other descriptive information about a program, service, policy, etc.

**(13)** This section provides a snapshot of the changes between the Governor's revised FY 15 appropriations (Column 7) and the Legislative enacted FY 15 appropriations (Column 8). In addition, the summary provides the total changes attributable to current service adjustments and policy adjustments. Lastly, this section provides the difference between the Legislative FY 15 enacted budget and position count and the Governor's revised FY 15 recommended budget and position count.

#### **Background**

Each agency's budget includes a line item account called "Nonfunctional - Change to Accruals." This line item represents the estimate of the difference between an agency's cash-basis budget amount and the accrual-basis amounts that will be reflected under Generally Accepted Accounting Principles (GAAP). These funds will not be available for spending; in the aggregate they will prevent the state's GAAP deficit from growing.

**Background**

Section 137 of PA 14-217, the budget implementer, authorizes the chairpersons of the Finance, Revenue and Bonding Committee to convene a panel of experts to conduct a thorough review of the state's tax structure. The panel shall be comprised of up to fifteen members and shall organize itself into 4 subcommittees as follows: (1) Personal income taxes, including estate and gift taxes; (2) business taxes, including excise taxes; (3) consumer taxes; and (4) property taxes. Not later than January 1, 2015, the panel shall report on the results of its considerations and evaluations, and submit any findings and recommendations for further action. Such recommendations may include an extension of time for the work of the panel, except in no event shall the panel continue beyond January 1, 2016.

**Legislative**

Provide funding of \$500,000 for a tax study. Section 231 of PA 14-217, the budget implementer, transfers this funding from the Department of Revenue Services to the Office of Legislative Management for the purpose of conducting a tax study.

**Background**

The Connecticut Academy of Science and Engineering (CASE) was established by the Connecticut General Assembly in 1976, under Special Act 76-53, as a 200-member organization whose main purpose was to advise state government and industry in the application of science and engineering to the economic and social welfare.

**Legislative**

Provide funding of \$539,150 to the Connecticut Academy of Science and Engineering account for an Early Childhood Regression Discontinuity Study. PA 13-184, the FY 14 and FY 15 budget, included \$400,000 in FY 14 for the purpose of this study. However due to delays, the study is not anticipated to start until FY 15.

#### Background

The Capitol Child Development Center (CCDC) was created by the Connecticut General Assembly to provide quality child care services for children 8 weeks through 5 years of age. CCDC provides a diverse learning environment that nurtures a professional staff, recognizes the individual needs of children and provides support to their families in partnership with varied community resources.

#### Legislative

Provide funding of \$25,000 in Other Expenses to accommodate the increased subsidy. The expenses of CCDC have increased due to their recent reaccreditation to meet National Association for the Education of Young Children (NAEYC) standards.

Sections 140-154 of PA 14-217, the General Government Implementer, established a new type of business entity, Benefit Corporations, within the state. Such entities are required to register with the Secretary of the State's Commercial Recording Division through the CONCORD system.

#### Governor

Section 8 of PA 14-47, the revised FY 15 budget, carries forward \$60,000 from Personal Services in FY 14 into Other Expenses in FY 15 for programming costs for the online CONCORD business registration system to enable the creation and registration of Benefit Corporations.

### Other Significant Legislation

#### PA 14-154, An Act Concerning the Integrity of the Business Registry

The act eliminates fees associated with the termination or dissolution of certain business entities and allows the SOTS to administratively dissolve certain business entities that fail to file an annual report. The act is anticipated to result in a revenue loss to the SOTS of greater than \$400,000 in FY 16. This revenue loss is anticipated to be partially offset by process changes enabled by the act which are anticipated to result in lower costs to the SOTS.

#### PA 14-47, An Act Making Adjustments to State Expenditures and Revenues for the Fiscal Year Ending June 30, 2015

Sections 30 and 31 contain provisions that allow the Secretary of the Office of Policy and Management (OPM) to allocate specific lapses to state agencies in the three branches of government (these are typically called holdbacks). The agency's FY 15 appropriation levels will be reduced by the amounts shown in the table to achieve the lapses included in PA 14-47. This includes a General Lapse of \$35,881 and a Statewide Hiring Reduction Lapse of \$13,857. See the FY 15 Holdbacks schedule in Section VI of this document for a further description of these statewide savings targets.

The state received a planning grant in March of 2013 to develop a SIM. The state submitted a plan to CMMI in December 2013. The SIM's purpose is to align all healthcare payers in the state (e.g. Medicaid, the state employee and retiree health plan, Medicare, commercial and self-funded plans) around a value-based payment methodology which focuses reimbursement on quality metrics, as opposed to simply volume and cost reduction measures.

<b>Total - General Fund</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>700,000</b>	<b>0</b>	<b>700,000</b>

#### Background

The Department of Revenue Services (DRS) implemented a Tax Amnesty Program covering all taxes from September 16, 2013 to November 15, 2013 which was projected to result in a one-time revenue gain of \$35 million in FY 14. Actual revenue collections under the program totaled approximately \$192.6 million.

#### Legislative

Provide funding of \$700,000 for an enhanced revenue collections initiative in FY 15. According to the Department of Revenue Services, the initiative includes: 1) working with taxpayers that were not eligible for the 2013 Tax Amnesty Program or that did not take advantage of it, 2) pursuing non-filers, 3) resolving disputed tax shifting resulting from business transfer payments, 4) expanded federal and interstate data matching, 5) responsible person billing for businesses not remitting or not filing taxes, 6) increased interagency data matching, 7) expanded interagency tax clearances and offsets against state payments, and 8) tax fraud reduction. The FY 15 Revised Budget includes a revenue gain of \$75 million from this initiative.

#### Background

For the 2012 tax season, the Department of Revenue Services (DRS) no longer issued paper checks for income tax refunds under \$5,000. Instead, the State Treasurer and DRS contracted under competitive bid with Chase Bank to issue VISA refund debit cards to taxpayers. A total of 307,261 debit cards were issued to taxpayers totaling \$153,387,538.40 in refunds.

#### Governor

Provide funding of \$141,000 for printing (\$0.099 per check) and mailing (\$0.37 per check) costs associated with issuing paper refund checks rather than debit cards.

## Other Significant Legislation

### **PA 14-51, An Act Concerning Heating Fuel Delivery Fees, Charges and Surcharges and Prepaid Guaranteed Heating Fuel Price Plans**

Section 8 requires the Department of Revenue Services' (DRS) commissioner to notify the Department of Consumer Protection, by June 15 annually, of any outstanding tax delinquencies a heating fuel dealer owes to the state.

### **PA 14-98, An Act Authorizing and Adjusting Bonds of the State for Capital Improvements, Transportation and Other Purposes, and Concerning Miscellaneous Programs, Including the Smart Start Program, the Water Improvement System Program, School Security Grants, the Regenerative Medicine Research Fund, the Connecticut Manufacturing Innovation Fund and the Board of Regents for Higher Education Infrastructure Act**

Section 44 increases, from \$650 million to \$800 million, the total amount of business tax credits available under the Urban and Industrial Site Reinvestment Program.

### **PA 14-155, An Act Concerning the Department of Revenue Services' Statutes and Procedures, Including Background Checks for Employees, the Master Settlement Agreement, the Motor Vehicle Fuels Tax, the Estate Tax, Additions and Changes to Various Public Lists Maintained by the Department, the Payment Schedule for the Sales and Use Tax, a Data Match System with Financial Institutions, the Personal Income Tax and Technical Corrections**

The act makes a number of administrative and procedural changes to the DRS' processes including: (1) clarifying background check requirements for prospective employees; (2) altering the calculation method for the Motor Vehicle Fuels Tax on gaseous fuels; (3) modifying the starting point for calculating the estate tax; (4) requiring the DRS commissioner to state on the publicly available delinquent taxpayers list why a name is being removed from the list; (5) allowing the exchange of information about delinquent taxpayers with financial institutions; (6) modifying the apportionment calculation for certain business income; (7) expanding the income to which the Personal Income Tax applies; (8) changing the due date for certain Sales Tax filings; and (9) making changes in the state's tobacco settlement law to implement the 2013 Nonparticipating Manufacturer Adjustment Settlement Agreement.

### **PA 14-227, An Act Concerning Certain Recommendations of the Auditors of Public Accounts, an Expansion of the Neighborhood Assistance Act, Certification of Minority Business Enterprises and an Allocation to the Legacy Foundation of Hartford**

Section 1 authorizes the DRS commissioner to disclose tax returns and return information to the state auditors, upon written request for the information, for purposes of reviewing whistleblower complaints.

Section 4 makes businesses investing in certain comprehensive college access loan forgiveness programs eligible for a Neighborhood Assistance Act tax credit of 100% of the invested amount.

### **PA 14-47, An Act Making Adjustments to State Expenditures and Revenues for the Fiscal Year Ending June 30, 2015**

Sections 30 and 31 contain provisions that allow the Secretary of the Office of Policy and Management (OPM) to allocate specific lapses to state agencies in the three branches of government (these are typically called holdbacks). The agency's FY 15 appropriation levels will be reduced by the amounts shown in the table to achieve the lapses included in PA 14-47. This includes a General Lapse of \$244,994 and a Statewide Hiring Reduction Lapse of \$291,300. See the FY 15 Holdbacks schedule in Section VI of this document for a further description of these statewide savings targets.

#### Background

Each agency's budget includes a line item account called "Nonfunctional - Change to Accruals." This line item represents the estimate of the difference between an agency's cash-basis budget amount and the accrual-basis amounts that will be reflected under Generally Accepted Accounting Principles (GAAP). These funds will not be available for spending; in the aggregate they will prevent the state's GAAP deficit from growing.

#### Governor

Provide funding of \$65,510 (\$63,896 in the General Fund and \$1,614 in the Insurance Fund) to reflect updated estimates of accruals to comply with GAAP. Across all appropriated funds, there is a net GAAP reduction of \$33.8 million.

**Background**

This program provides a payment in lieu of local property taxes (PILOT) to municipalities for private colleges, general hospitals, and free standing chronic disease hospitals. These facilities are exempt from payment of local property taxes. The PILOT payment is equal to 77% of the amount of taxes that would have been paid if the property were not exempt from taxation. Payments are prorated in the event that appropriations are insufficient to provide full grant payments to towns.

**Governor**

Provide funding of \$8 million to increase grants to towns that experience a loss of property tax due to the presence of private colleges and hospitals.

**Background**

This program provides a payment in lieu of local property taxes (PILOT) to municipalities for state-owned property. The payment is equal to a percentage of the amount of taxes that would be paid if the property were not exempt from taxation. The payment percentages are: 1) 100% for correctional facilities; 2) 100% for Mashantucket Pequot Tribal land taken into trust by federal government on or after June 8, 1999; 3) 100% for any town in which more than 50% of all property in the town is state-owned real property; 4) 65% for the Connecticut Valley Hospital facility; and, 5) 45% for all other property. Payment is made only for real property and does not include payment for tax loss on exempt personal property owned by these facilities or property used for highway purposes. Payments are prorated in the event that appropriations are insufficient to provide full grant payments to towns.

#### Background

Each agency's budget includes a line item account called "Nonfunctional - Change to Accruals." This line item represents the estimate of the difference between an agency's cash-basis budget amount and the accrual-basis amounts that will be reflected under Generally Accepted Accounting Principles (GAAP). These funds will not be available for spending; in the aggregate they will prevent the state's GAAP deficit from growing.

#### Governor

Reduce funding by \$369,184 (\$365,653 in GF and \$3,531 in STF) to reflect updated estimates of accruals to comply with GAAP. Across all appropriated funds, there is a net GAAP reduction of \$33.8 million.

#### Background

PA 13-3, An Act Concerning Gun Violence Prevention and Children's Safety, created the School Safety Infrastructure Council (SSIC) to develop school safety infrastructure standards for: (1) the existing school construction projects program; and (2) a new school security infrastructure competitive grant program. The new standards must be submitted to the Department of Emergency Services and Public Protection (DESPP), the education commissioner, the School Building Projects Advisory Council, and the Public Safety and Education committees by January 1, 2014 and annually every year after. The council is chaired by the Commissioner of Construction Services and the administrative staff of the Department of Construction Services (DCS), now DAS, and serves as staff to the council.

#### **Background**

The 2005 federal Deficit Reduction Act permits state that adopt their own False Claims Act (FCA) to keep a greater share of any Medicaid funds they recover under it. Connecticut adopted FCA legislation in 2009. In November 2013, a contractor was engaged by the state to create and implement a detection system to identify fraud, waste and abuse perpetrated against state programs such as Medicaid. The adopted FY 2015 budget assumes \$104 million in savings through enhanced efforts to curtail fraud.

#### **Governor**

Provide funding of \$200,000 for potential litigation associated with the expansion of the scope of the FCA in PA 14-217, the budget implementer. Sections 1 through 18 of PA 14-217 extend the application of the FCA to: (1) all health and human service agencies and programs, and (2) state payments made for employee and retiree health and state-paid Workers' Compensation medical claims. The expansion of the FCA makes it consistent with the scope of the work included in the anti-fraud contract.

## Background

Each agency's budget includes a line item account called "Nonfunctional - Change to Accruals." This line item represents the estimate of the difference between an agency's cash-basis budget amount and the accrual-basis amounts that will be reflected under Generally Accepted Accounting Principles (GAAP). These funds will not be available for spending; in the aggregate they will prevent the state's GAAP deficit from growing.

## Other Significant Legislation

### PA 14-166, An Act Concerning Complaints that Allege Misconduct by Law Enforcement Agency Personnel

The act requires DESPP's Police Officer Standards and Training Council to develop and implement a policy concerning complaints of alleged misconduct by law enforcement personnel. After DESPP has developed a policy, law enforcement agencies must implement that policy or another that exceeds the standards of the DESPP policy.

### PA 14-131, An Act Concerning the Findings of the Military Occupational Specialty Task Force

Section 1 of the act requires DESPP to certify certain veterans and members of the armed forces as meeting the requirements for serving as a police officer. Section 10 of the act waives certain fees and training requirements for veterans and members of the armed forces seeking licensure as a security guard.

### PA 14-47, An Act Making Adjustments to State Expenditures and Revenues for the Fiscal Year Ending June 30, 2015

Sections 30 and 31 contain provisions that allow the Secretary of the Office of Policy and Management (OPM) to allocate specific lapses to state agencies in the three branches of government (these are typically called holdbacks). The agency's FY 15 appropriation levels will be reduced by the amounts shown in the table to achieve the lapses included in PA 14-47. This includes a Statewide Hiring Reduction Lapse of \$320,110. See the FY 15 Holdbacks schedule in Section VI of this document for a further description of these statewide savings targets.

This line item represents the estimate of the difference between an agency's cash-basis budget amount and the accrual-basis amounts that will be reflected under Generally Accepted Accounting Principles (GAAP). These funds will not be available for spending; in the aggregate they will prevent the state's GAAP deficit from growing.

#### Governor

Reduce funding by \$176 in the General Fund and provide funding of 48,442 in the Transportation Fund to reflect updated estimates of accruals to comply with GAAP. Across all appropriated funds, there is a net GAAP reduction of \$33.8 million.

**Background**

PA 13-184, the FY 14 and FY 15 Budget Act, provided funding of \$404,211 for eighteen positions to begin January 2015 for the Undocumented Driver Program. PA 13-89, "AAC The Issuance of Motor Vehicle Operator's Licenses", created the Undocumented Driver Program which will allow individuals who cannot provide the Department of Motor Vehicles (DMV) with proof of legal residence in the U.S. or a Social Security Number to obtain a driver's license for driving purposes only. The license cannot be used for federal identification purposes or as proof of identity in order to vote. DMV must also issue driver only cards to these individuals which cost approximately \$4.00 per card. An estimated 32,400 cards are expected to be issued.

**Governor**

##### Background

The Veteran Service Bonus account is a grant for soldiers which is based on the amount of deployed soldiers & airmen that are expected to return from deployment. An estimated 110 soldiers will be returning from deployment in FY 15. The grant allows soldiers to receive \$50.00 per month with an average deployment of 12 months. The Military Department's regulations allow soldiers three years from the termination of a major military operation to apply for the grant. Operation Iraqi Freedom ended August 30, 2010 and those soldiers are no longer eligible to apply. The soldiers that are eligible to apply are from the following: (1) Operation Enduring Freedom, (2) Operation Noble Eagle and (3) Operation New Dawn.

**Other Significant Legislation**

**PA 14-47, An Act Making Adjustments to State Expenditures and Revenues for the Fiscal Year Ending June 30, 2015**

Sections 30 and 31 contain provisions that allow the Secretary of the Office of Policy and Management (OPM) to allocate specific lapses to state agencies in the three branches of government (these are typically called holdbacks). The agency's FY 15 appropriation levels will be reduced by the amounts shown in the table to achieve the lapses included in PA 14-47. This includes a General Lapse of \$23,334 and a Statewide Hiring Reduction Lapse of \$15,142. See the FY 15 Holdbacks schedule in Section VI of this document for a further description of these statewide savings targets.

#### Background

The State Innovation Model (SIM) was initiated by the federal Affordable Care Act, through the federal Center for Medicare and Medicaid Innovation (CMMI). The state received a planning grant in March of 2013 to develop a SIM. The state submitted a plan to CMMI in December 2013. The SIM's purpose is to align all healthcare payers in the state (e.g. Medicaid, the state employee and retiree health plan, Medicare, commercial and self-funded plans) around a value-based payment methodology which focuses reimbursement on quality metrics, as opposed to simply volume and cost reduction measures.

#### Governor

Provide nine positions and funding of \$3,212,275 to support the implementation of the State Innovation Model.

#### Background

Each agency's budget includes a line item account called "Nonfunctional - Change to Accruals." This line item represents the estimate of the difference between an agency's cash-basis budget amount and the accrual-basis amounts that will be reflected under Generally Accepted Accounting Principles (GAAP). These funds will not be available for spending; in the aggregate they will prevent the state's GAAP deficit from growing.

#### Governor

Reduce funding by \$3,577 to reflect updated estimates of accruals to comply with GAAP. Across all appropriated funds, there is a net GAAP reduction of \$33.8 million.

**Legislative**

Provide funding of \$50,000 for secure lockboxes for the drop off of unwanted pharmaceuticals by the public at local police stations. Section 131 of PA 14-217, the budget implementer, requires the Consumer Protection Department (DCP), in consultation with the Connecticut Pharmacists Association and Connecticut Police Chiefs Association, to develop and implement a program to collect and dispose of unwanted pharmaceuticals (medication). The program must provide for (1) a secure locked box accessible to the public 24 hours a day to drop off unwanted medication anonymously at all local police stations and (2) transporting the medication to a biomedical waste treatment facility for incineration. PA 14-47, the FY 15 Revised Budget, included the \$50,000 in the Department of Emergency Services and Public Protection. Subsequently section 231(b) of PA 14-217, the budget implementer, transferred funding to the Department of Consumer Protection for this purpose.

Sections 30 and 31 contain provisions that allow the Secretary of the Office of Policy and Management (OPM) to allocate specific lapses to state agencies in the three branches of government (these are typically called holdbacks). The agency's FY 15 appropriation levels will be reduced by the amounts shown in the table to achieve the lapses included in PA 14-47. This includes a General Lapse of \$59,482 and a Statewide Hiring Reduction Lapse of \$74,787. See the FY 15 Holdbacks schedule in Section VI of this document for a further description of these statewide savings targets.

Sections 30 and 31 contain provisions that allow the Secretary of the Office of Policy and Management (OPM) to allocate specific lapses to state agencies in the three branches of government (these are typically called holdbacks). The agency's FY 15 appropriation levels will be reduced by the amounts shown in the table to achieve the lapses included in PA 14-47. This includes a General Lapse of \$102,604 and a Statewide Hiring Reduction Lapse of \$37,168. Each agency's budget includes a line item account called "Nonfunctional - Change to Accruals." This line item represents the estimate of the difference between an agency's cash-basis budget amount and the accrual-basis amounts that will be reflected under Generally Accepted Accounting Principles (GAAP). These funds will not be available for spending; in the aggregate they will prevent the state's GAAP deficit from growing.

### Other Significant Legislation

#### PA 14-77, An Act Concerning Certain Recommendations of the Task Force on the Sale of Cats and Dogs from Inhumane Origins at Connecticut Pet Shops

The act: (1) requires the Department of Agriculture (DoAg) commissioner to develop a standard of care applicable to in-state dog and cat breeders, (2) prohibits pet shop licensees from purchasing or selling dogs or cats from breeders who have violated U.S. Department of Agriculture (USDA) animal welfare regulations and increases the fine for violating related requirements, (3) increases the amount of money a pet shop licensee must reimburse a customer for veterinarian expenses incurred to treat a dog or cat that becomes ill shortly after purchase from the shop, and (4), makes other changes to the pet shop licensee statutes. Altering the pet shop licensee fines may result in a minimal gain to the state anticipated to be less than \$2,000 annually.

#### PA 14-47, An Act Making Adjustments to State Expenditures and Revenues for the Fiscal Year Ending June 30, 2015

Sections 30 and 31 contain provisions that allow the Secretary of the Office of Policy and Management (OPM) to allocate specific lapses to state agencies in the three branches of government (these are typically called holdbacks). The agency's FY 15 appropriation levels will be reduced by the amounts shown in the table to achieve the lapses included in PA 14-47. This includes a Statewide Hiring Reduction Lapse of \$9,109. See the FY 15 Holdbacks schedule in Section VI of this document for a further description of these statewide savings targets.

**Background**

The Clean Water Fund (CWF) is funded through general obligation and revenue bonds, as managed by the Treasurer's Office, and federal capitalization grants through the Clean Water Act with annual appropriations through the U.S. Environmental Protection Agency (EPA). The agency's Bureau of Water Protection and Land Reuse administers the CWF. The costs of administering the CWF are covered by a combination of federal grants and state bonds. Federal regulations provides that the state may set aside, from the federal capitalization grant of FY12 and FY13, a reserve not to exceed 4% clean water appropriations for administration. In addition to these federal dollars, the state may set aside an amount not to exceed 4% of the total bonding authorization to cover the reasonable costs of administering the program.

**Governor**

**Other Significant Legislation**

**PA 14-92, An Act Concerning Wood-Burning Furnaces**

The act (1) makes permanent the ban on outdoor wood-burning furnaces that do not meet certain requirements and (2) extends the requirement to burn only non-chemically treated wood to all outdoor wood-burning furnaces. To the extent violations of these provisions occur, there may be a revenue gain of less than \$450 annually, as there is currently a fine of \$90 per day applied to violations of OWFs. Less than five violations are anticipated annually.

**PA 14-200, An Act Prohibiting the Storage or Disposal of Fracking Waste in Connecticut**

The act establishes a moratorium on hydraulic fracturing waste in Connecticut until the agency adopts regulations to control it as a hazardous waste and impose certain licensing and information disclosure requirements. However, it gives the agency discretion under certain conditions to not adopt the required regulations. The moratorium applies to any person accepting, receiving, collecting, storing, treating, disposing, and transferring between vehicles or modes of transportation any hydraulic fracturing waste. It also includes the sale, manufacture, and distribution of de-icing and dust suppression products derived from or containing these wastes.

**PA 14-47, An Act Making Adjustments to State Expenditures and Revenues for the Fiscal Year Ending June 30, 2015**

Sections 30 and 31 contain provisions that allow the Secretary of the Office of Policy and Management (OPM) to allocate specific lapses to state agencies in the three branches of government (these are typically called holdbacks). The agency's FY 15 appropriation levels will be reduced by the amounts shown in the table to achieve the lapses included in PA 14-47. This includes a General Lapse of \$261,299 and a Statewide Hiring Reduction Lapse of \$154,474. See the FY 15 Holdbacks schedule in Section VI of this document for a further description of these statewide savings targets.

#### Background

As of FY 14, Connecticut Innovations Incorporated (CII), a quasi-public state agency, administers the Connecticut Bioscience Innovation Fund (CBIF) and assists the Department of Public Health (DPH) with the administration of the Stem Cell Research Fund. PA 14-98, the Bond Act, transfers the administration of the Stem Cell Research Fund, which is renamed and broadened as the Regenerative Medicine Research Fund, from DPH to CII. The Act also eliminates reimbursements provided to CII related to the administration of the Connecticut Bioscience Innovation Fund.

#### Governor

Provide funding of \$500,000 to Connecticut Innovations, Inc. (CII) for administrative and peer review costs related to the Regenerative Medicine Research and Connecticut Bioscience Innovation Funds.

#### Legislative

In lieu of an appropriation, provide funding of \$500,000 from the Tobacco Settlement Fund (TSF) to CII for administrative and peer review costs associated with the Regenerative Medicine Research and Connecticut Bioscience Innovation Funds. Section 21 of PA 14-47, the FY 15 Revised Budget, provides the transfer from the TSF for this purpose.

#### Background

In 2012 the U.S. Department of Defense proposed a round of Base Realignment and Closure (BRAC) that could have resulted in the closure of military bases in the state. In response, PA 12-104, the FY 13 Revised Budget, included \$300,000 to the Office of Military Affairs account to advocate for the preservation of the state's military bases subject to possible closure per BRAC. Congress ultimately did not authorize base closures under the proposed BRAC for that year. However, the funding level for this account remained constant in each subsequent fiscal year.

### **PA 14-222, An Act Establishing the Connecticut Port Authority**

The Act creates the Connecticut Port Authority as a quasi-public agency. The Act also requires the DECD commissioner, after consulting with specified agencies, and within available appropriations, to (1) develop a plan to move the (a) Connecticut Maritime Commission and (b) Department of Transportation's (DOT) maritime functions to the authority and (2) review and make recommendations for state policies affecting the ports.

### **PA 14-47, An Act Making Adjustments to State Expenditures and Revenues for the Fiscal Year Ending June 30, 2015**

Sections 30 and 31 contain provisions that allow the Secretary of the Office of Policy and Management (OPM) to allocate specific lapses to state agencies in the three branches of government (these are typically called holdbacks). The agency's FY 15 appropriation levels will be reduced by the amounts shown in the table to achieve the lapses included in PA 14-47. This includes a General Lapse of \$33,023 and a Statewide Hiring Reduction Lapse of \$39,795. See the FY 15 Holdbacks schedule in Section VI of this document for a further description of these statewide savings targets.

**Background**

The Renters' Rebate/Tax Relief for Elderly Renters program provides reimbursement for renters who are elderly or totally disabled, and whose incomes do not exceed certain limits. Persons renting an apartment or room, or living in cooperative housing or a mobile home, may be eligible for this program. Renters' rebates can be up to \$900 for married couples and \$700 for single persons. The renters' rebate amount is based on a graduated income scale and the amount of rent and utility payments (excluding telephone) made in the calendar year prior to the year in which the renter applies.

PA 13-234, the health and human services implementer, limited intake to the program by specifying that an individual who did not receive a grant for expenses incurred in calendar year 2011, or any subsequent year, would not be eligible to apply for another grant. There is an anticipated lapse of approximately \$3 million in FY 14 in this account primarily attributable to this policy change.

#### Background

The Renters' Rebate/Tax Relief for Elderly Renters program provides reimbursement for renters who are elderly or totally disabled, and whose incomes do not exceed certain limits. Persons renting an apartment or room, or living in cooperative housing or a mobile home, may be eligible for this program. Renters' rebates can be up to \$900 for married couples and \$700 for single persons. The renters' rebate amount is based on a graduated income scale and the amount of rent and utility payments (excluding telephone) made in the calendar year prior to the year in which the renter applies.

Section 38 of PA 13-234, the health and human services implementer, limited intake to the program by specifying that an individual who did not receive a grant for expenses incurred in calendar year 2011, or any subsequent year, would not be not eligible to apply for another grant.

#### Governor

Provide funding of \$6,549,269 to the Renters' Rebate program to re-open eligibility to the program. Section 7 of SB 21, the Governor's proposed general government implementer, re-opens eligibility to the program, applicable to rebate applications made on or after April 1, 2014.

#### Legislative

Same as Governor Section 49 of PA 14-217, the budget implementer, re-opens eligibility to the program, applicable to rebate applications made on or after April 1, 2014.

The Department of Housing provides a state grant to the Connecticut Fair Housing Center through the Fair Housing account. The intent of the grant is to increase the access of people in protected classes to the existing supply of houses in the state as well as expand outreach and educational activities. The Fair Housing Center promotes opportunities and protects against housing discrimination. The Fair Housing Center receives funding through a General Fund appropriation as well as a Banking Fund appropriation that supports two positions. The Banking Fund is supported by assessments, fees and fines paid by depository institutions supervised by the Department of Banking. As of March 2014, the balance in the Banking Fund is \$29.1 million.

#### Background

The DPH General Fund appropriation for its Immunization Services account are recouped as General Fund revenue through an annual health and welfare fee assessment of domestic insurers, health care centers, third-party administrators and exempt insurers doing health insurance business in Connecticut, as authorized by CGS Sec. 19a-7j.

#### Governor

Transfer funding of \$31,361,117 and three full-time positions from the General Fund to the Insurance Fund. In concert with this change, Section 66 of PA 14-217, the budget implementer, transfers the existing health and welfare fee assessment revenue from the General Fund to the Insurance Fund. It requires that this assessment, executed by the Insurance Commissioner, be adjusted upwards or downwards by the actual expenditures from the prior fiscal year.

#### Background

New funding of \$1,341,200 was authorized in the FY 13 Revised Budget for competitive grants to ten educational reform school districts to support the establishment or expansion of up to two School Based Health Centers (SBHCs) in each of those districts for half the school year in FY 13. In addition to this, for half the school year in FY 13, \$61,902 in new funding was authorized to support a SBHC at Church Street School in Hamden and \$61,901 in new funding was authorized to support a SBHC at Pawcatuck Middle School in Stonington. Annualized funding of \$2,723,666 was included in the FY 14 and FY 15 Biennial Budget to support this expansion of SBHC funding.

#### Legislative

Reduce funding by \$790,000 to reflect the elimination of SBHC expansion dollars that remain uncommitted as a request for proposals for this funding was not issued by DPH in FY 14.

<b>Total - General Fund</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>200,000</b>	<b>0</b>	<b>200,000</b>

#### Background

DPH contracts with Connecticut Sexual Assault Crisis Services Inc. (CONNSACS) to support nine rape crisis centers statewide, which provide direct services to sexual assault victims and survivors. Sexual assault crisis counselors and victim advocates at each center throughout the state provide crisis counseling, information and referrals, and support and accompaniment at hospitals, police stations and courts to nearly 5,000 victims, survivors and their loved ones each year. According to a January 2014 report by The White House Council on Women and Girls titled, *Rape and Sexual Assault: A Renewed Call to Action*, one in five women has been sexually assaulted while in college.

#### Legislative

Provide funding of \$200,000 in the Rape Crisis account. Of this amount, \$175,000 is directed to support the expansion of (1) sexual violence prevention activities and (2) direct services for rape and other sexual assault victims and their families in Connecticut and \$25,000 is directed to address the prevention of sexual violence within the constituent units of the state system of higher education.

#### Background

CGS Sec. 19a-55 requires that all newborns delivered in Connecticut be screened for specified genetic, metabolic and endocrine disorders; currently the screening panel includes 66 such disorders. Under DPH's Genetic Diseases Programs account, contracts with Connecticut Children's Medical Center, the University of Connecticut Health Center and Yale University support services for babies with abnormal test results and their families including confirmatory testing, counseling, education, treatment and follow-up services. The Sickle Cell Disease (SCD) Program, also funded under the Genetic Diseases Programs account, works to improve care for individuals and families with SCD through community outreach, healthcare system consumer advocacy and the creation and maintenance of clinical and family networks. It also works to increase patient access to medical homes through specific care coordination, which includes planning for the transition of pediatric SCD patients to adult primary and specialist services. Under DPH's Venereal Disease Control account, funding is provided to seven local departments of health (Bridgeport, Hartford, New Britain, New Haven, Norwalk, Stamford and Waterbury) and two hospitals (Danbury and William Backus) to help defray the operating costs of clinics that provide medical services to clients infected with sexually transmitted diseases. Each clinic is located within a major urban area. Treatment, laboratory testing and related epidemiologic services are provided.

**Background**

Since FY 10, no Fetal and Infant Mortality Review (FIMR) contracts have been issued or executed. In the FY 14 and FY 15 Biennial Budget, \$19,000 was provided under the FIMR account for each fiscal year to support chart review of mothers that die in childbirth. The FY 13 Revised Budget included \$85,000 for a charitable dental program, half of which was eliminated under the Governor's November 2012 rescission and the other half of which was eliminated in the December 2012 Deficit Mitigation Plan. Funding for this purpose was maintained in the FY 14 and FY 15 Biennial Budget. Through May 2014 no funds have been expended for this program.

**Legislative**

Transfer funding of \$104,000 into the Maternal Mortality Review account to support chart review of mothers that die in childbirth. This includes \$19,000 from the FIMR account and \$85,000 from the Community Health Services account that was originally intended to fund a charitable dental program.

**Increase Newborn Screening Fee Revenue Transfer to DPH****Background**

PA 09-3 JSS increased the newborn screening minimum fee to \$28 per infant to \$56 per infant. Annually, approximately \$2 million in revenue is collected from newborn screening fees. Pursuant to CGS Sec. 19a-55a, a portion of this revenue is made available to DPH to cover the cost of screening. The remainder is deposited into the General Fund as unrestricted revenue. PA 13-184 increased the newborn screening fee revenue transfer to DPH by \$28,287 from the FY 12 and FY 13 transfer amounts, resulting in a total authorized transfer of \$1,150,000 in both FY 14 and FY 15 to accommodate higher costs of testing.

**Governor**

Section 11 of PA 14-47 provides newborn screening revenue of \$1,735,000 to DPH in FY 15, an increase in funding of \$585,000 from FY 14. This additional funding will be used to support salary and fringe benefits costs for four new staff positions: one full-time Biological Services Manager, one full-time Supervising Nurse Consultant, one full-time Principal Chemist and one half-time Laboratory Information Management Systems Administrator. Increased newborn screening staff will support process improvements recommended by the Association of Public Health Laboratories in their recent review of the Katherine A. **Background**

CME investigates fatalities in the following categories: (1) death due to any form of injury whether resulting from accident, suicide or homicide, (2) sudden or unexpected deaths not due to readily recognizable diseases, (3) deaths occurring under suspicious circumstances, (4) deaths of any individual whose body is to be disposed of in a manner which will render it unavailable for later examination (e.g. cremations), (5) deaths at or related to the workplace and (6) deaths due to disease which might constitute a public health threat. Autopsies are performed on all homicide victims and gunshot victims. In addition, the vast majority of pedestrian, Sudden Infant Death Syndrome, overdose, industrial accident, sudden and otherwise unexplained deaths of individuals under the age of 45, as well as a variety of other types of cases, are subject to CME autopsy examination.

**Background**

PA 12-33 enabled family child care workers and Personal Care Attendants (PCAs) working in state-funded programs to collectively bargain. As of September 2013, for residential services program care there were 1,854 PCAs hired through self-direction of which 1,523 were identified as eligible for an increase. For day services program care, DDS identified 499 PCAs hired and 429 of those eligible for an increase.

**Governor**

Provide funding of \$1,483,349 in anticipation of a wage increase as a result of union contract costs for Personal Care Attendants (PCAs).

**Legislative**

<b>Total - General Fund</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>4,000,000</b>	<b>0</b>	<b>4,000,000</b>

**Background**

The DDS Waiting List as of March 2014 is 635. There are 37 individuals designated emergency placement and 598 individuals designated priority one placements. The priority one Waiting List includes 110 individuals with caregivers age 70 and older and 99 individuals with caregivers between the ages of 60 and 69. The average cost of residential services of priority one consumers is estimated to be approximately \$88,000 for a full year. The actual cost varies by the assessed level of need (LON) of the individual. The community residential services are covered under the Home and Community Based Services Waiver and the state receives 50% federal Medicaid reimbursement which is deposited to the General Fund.

**Legislative**

Provide funding of \$4 million to reflect half year funding of 100 individuals designated priority one placements on the department's Waiting List. The agency is to focus on providing residential services to those individuals with parents or caregivers age 70 and older. The agency is also to maximize existing funded residential vacancies or other less restricted supports to provide additional placements and services to individuals on the Waiting List. The agency is to provide quarterly reports to the Appropriations Committee detailing the number of individuals served, the age of the parents and caregivers, and cost per individual in FY 15, funding source (vacancy, new Wait List funding or other) and Waiting List category (Emergency, Priority 1 or planning list). The report must include the planned and actual placements from the new funding and existing vacancies.

Family Support Grants are cash subsidies for the purpose of providing family supports or defraying extra-ordinary disability-related expenses. Supports that may be purchased with these subsidies include, but are not limited to, respite, in-home supports, behavioral supports, nursing, medical or clinical supports and transportation. The amount of the subsidy that is available to families is determined based on the needs of the individual and his or her caregivers. Grants typically range from \$600 to \$5,000 per year with an average grant of \$1,700 per year.

#### Legislative

Provide funding of \$600,000 for family support grants to serve individuals on the agency's Waiting and Planning Lists that are not currently receiving any residential services. Based on the average subsidy it is anticipated that approximately an additional 350 families can be provided subsidies.

This act creates a process for investigating claims of abuse of people with autism spectrum disorder. It grants specific authority to the Department of Developmental Services (DDS) to investigate reports of abuse of individuals ages 18-60 with autism spectrum disorder receiving services from DDS's Division of Autism Spectrum Disorder Services made against a DDS employee or an employee of any agency, organization, or individual licensed or funded by DDS. It also expands DDS's abuse and neglect registry definition of abuse to include (1) financial exploitation and (2) psychological, verbal, and sexual abuse.

**PA 14-47, An Act Making Adjustments to State Expenditures and Revenues for the Fiscal Year Ending June 30, 2015**

Sections 30 and 31 contain provisions that allow the Secretary of the Office of Policy and Management (OPM) to allocate specific lapses to state agencies in the three branches of government (these are typically called holdbacks). The agency's FY 15 appropriation levels will be reduced by the amounts shown in the table to achieve the lapses included in PA 14-47. This includes a General Lapse of \$1,102,482 and a Statewide Hiring Reduction Lapse of \$1,271,501. See the FY 15 Holdbacks schedule in Section VI of this document for a further description of these statewide savings targets.

<b>Total - General Fund</b>	<b>0</b>	<b>(112,043)</b>	<b>0</b>	<b>(112,043)</b>	<b>0</b>	<b>0</b>

#### Background

Each agency's budget includes a line item account called "Nonfunctional - Change to Accruals." This line item represents the estimate of the difference between an agency's cash-basis budget amount and the accrual-basis amounts that will be reflected under Generally Accepted Accounting Principles (GAAP). These funds will not be available for spending; in the aggregate they will prevent the state's GAAP deficit from growing.

#### Governor

Reduce funding by \$112,043 to reflect updated estimates of accruals to comply with GAAP. Across all appropriated funds, there is a net GAAP reduction of \$33.8 million.

<b>Total - Special Transportation Fund</b>	<b>0</b>	<b>1,500,000</b>	<b>0</b>	<b>1,500,000</b>	<b>0</b>	<b>0</b>

#### Background

The Department of Transportation (DOT) and Metro-North have contracted with the Transportation Technology Center, Inc. (TTCI) to implement a Safety and Maintenance Program due to the New Haven Rail Line derailment in May 2013 and other incidents on the Metro North Rail Line. Funding will be used for DOT's portion of a proposed ongoing program based on the assessment of the track maintenance program by TTCI, further information from the National Transportation Strategy Board investigation and public hearings held by Metro North in October 2013.

#### Governor

Provide funding of \$1.5 million to reflect a Safety and Maintenance Program due to the derailment on the New Haven Rail Line in May 2013 and other incidents on the Metro North Rail Line.

<b>Total - Special Transportation Fund</b>	<b>0</b>	<b>287,907</b>	<b>0</b>	<b>287,907</b>	<b>0</b>	<b>0</b>

#### Background

Each agency's budget includes a line item account called "Nonfunctional - Change to Accruals." This line item represents the estimate of the difference between an agency's cash-basis budget amount and the accrual-basis amounts that will be reflected under Generally Accepted Accounting Principles (GAAP). These funds will not be available for spending; in the aggregate they will prevent the state's GAAP deficit from growing.

#### Governor

Provide funding of \$287,907 to reflect updated estimates of accruals to comply with GAAP. Across all appropriated funds, there is a net GAAP reduction of \$33.8 million.

#### Background

The Federal highway legislation, Moving Ahead for Progress in the 21st Century (MAP 21), requires the Department of Transportation (DOT) to implement a Comprehensive Asset Management Plan which supports infrastructure preservation, operation and improvement. MAP 21 also contains new reporting and monitoring requirements for entities receiving federal funding. In order to meet these requirements, DOT needs to implement the Disadvantaged Business Enterprise tracking software to track prompt payment to subcontractors, goal achievement, submission of certified payroll, and wage payment.

#### Governor

Provide funding of \$925,000 for a Comprehensive Asset Management Plan and \$431,500 for Disadvantage Business Enterprise tracking software to comply with federal mandates.

#### Background

The Federal Occupational Safety and Health Administration's (OSHA) Hearing Conservation Program focuses on recognition, evaluation and control of noise within the work environment. Recent inspections conducted by the OSHA Division of the Department of Labor have indicated that the Department of Transportation (DOT) is not compliant with federal regulation. The Hearing Conservation Program requires DOT to conduct noise exposure monitoring, perform audiometric testing on workers that are exposed, provide hearing protection to workers, conduct employee training and retain records of all related activities.

#### Governor

Section 41 of PA 14-47, the FY 15 Budget, reduced the Pay As You Go Transportation Projects carry forward by \$4,000,000 to offset DOT's deficiency related to higher than budgeted storm related costs for snow and ice removal.

#### Carry Forward Funding for Airport Authority

#### Legislative

Funding of \$139,987 is carried forward from FY 14 into FY 15 within the Airport Authority as Insurance Recovery funds for ongoing repairs to the Groton-New London Airport from damage sustained from Storm Sandy. In FY 14 the Airport Authority received \$3.5 million in insurance recoveries for damages to the Engineer Material Assist System (EMAS) located at the end of the runway which protects aircraft that overrun the runway. In FY 15 the Airport Authority is expected to receive an additional \$1.7 million to complete the reconstruction of the EMAS at the Groton-New London Airport.

Insurance Recovery funds are treated as appropriations for the purpose of determining carry forwards and lapses. Unless otherwise requested, Insurance Recovery funds automatically carry forward into subsequent years until the funds are exhausted.

#### Governor

Provide funding of \$9,250,000 and 96 positions to reflect anticipated current services requirements for Personal Services. These positions reflect those that have been approved to date, and include eligibility staff, fair hearings staff, investigators, and social workers. This represents a 5.2% increase in authorized positions and a 7.8% increase in funding over the original FY 15 budget.

#### Governor

Provide funding of \$570,000 and seven positions to support the child support program. The positions will help to ensure compliance with federal performance measures and will oversee training, corrective action planning/implementation and staffing. The cost of adding the staff is eligible for federal reimbursement, for a net cost of approximately \$190,000 in the Department of Social Services (DSS). Additional revenues of \$1.7 million, in total, are expected to result from these staffing enhancements. This revenue was included in the revised FY 15 revenue estimates adopted by the Finance, Revenue, and Bonding Committee on May 3, 2014.

**Background**

DSS' Medicaid program provides remedial, preventive, and long-term medical care for income eligible aged, blind or disabled individuals, low income adults and families with children. Payment is made directly to health care providers, by the department, for services delivered to eligible individuals. The program complies with federal Medicaid law (Title XIX of the Social Security Act) and regulations.

The HUSKY B program provides health coverage for children of families with incomes in excess of 185% of the Federal Poverty Level (FPL). Children of families with incomes up to 300% FPL receive premium subsidies from the state. HUSKY B program expenditures receive 65% federal reimbursement.

**Governor**

Reduce funding by \$20 million to reflect updated expenditure estimates for medical programs. The \$17 million reduction to Medicaid represents 0.7% of the FY 15 original budgeted amount. The \$2.9 million reduction to the HUSKY B Program represents 9% of the FY 15 original budgeted amount.

**Governor**

Provide funding of \$1,950,000 to reflect a wage increase as a result of union contract costs for Personal Care Attendants (PCAs).

**Legislative**

Provide funding of \$1,730,000 to reflect a wage increase as a result of union contract costs for Personal Care Attendants (PCAs). Section 159 of PA 14-217, the budget implementer, implements the provisions of the union contract.

The Temporary Family Assistance (TFA) program provides cash assistance to eligible low-income families. The TFA program limits assistance to 21 months for non-exempt cases, with possible six month extensions for good cause. Individuals in the TFA program are usually eligible for health care services provided under the state's Medicaid program.

**Governor**

**Background**

The Connecticut Home Care Program for Elders (CHCPE) assists the frail elderly in avoiding unnecessary or premature nursing home care by making available a variety of community-based services. The services covered include home-health aides, visiting nurses, homemaker aides, adult day care, personal assistance, and meals on wheels. The home care program is funded from two separate accounts: the Medicaid account, which is matched by federal funds; and the Connecticut Home Care Program account, which is funded solely by the state. The funds used to cover services depend upon client eligibility. Medicaid also provides additional home health services outside of CHCPE.

**Background**

The Department of Developmental Services' waiting list as of March 2014 is 635. There are 37 individuals designated emergency placement and 598 individuals designated priority one placements. The priority one Waiting List includes 110 individuals with caregivers age 70 and older and 99 individuals with caregivers between the ages of 60 and 69. The average cost of residential services of priority one consumers is estimated to be approximately \$88,000 for a full year. The actual cost varies by the assessed level of need of the individual.

**Legislative**

Provide funding of \$377,000 in the Department of Social Services to reflect half year funding for the aid to the disabled (room and board component) services for 100 Medicaid eligible individuals designated priority one placements on the DSS' Waiting List. Funding of \$4 million is provided in the DDS budget to support individuals on the waiting list.

#### Background

The state Department of Aging (SDA) was established in statute as of January 1, 2013. The FY 14 - FY 15 biennial budget transferred 26 positions and funding of approximately \$8.9 million in FY 14 and \$9 million in FY 15, as well as various programs from the DSS to SDA.

#### Legislative

Funding of \$36,700 is transferred from DSS' Other Expenses account to SDA's Other Expenses account. The funding is related to the training provided to SDA staff through the UConn OSD contract held by DSS. Moneys for this purpose were not transferred when the original SDA budget was formulated.

<b>Total - General Fund</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>(5,500,000)</b>	<b>0</b>	<b>(5,500,000)</b>

#### Background

In January 2012, DSS converted its Medicaid program from a Managed Care Organization (MCO) to an Administrative Services Organization (ASO), with a carve-out for behavioral health services. In the conversion, the HUSKY A over 21 population behavioral health coverage was grandfathered in, allowing the HUSKY A population to continue to receive services from private practitioners. By grandfathering these clients, the behavioral health services became a state-funded expense since coverage was not provided to all Medicaid clients. By expanding coverage of these services to the HUSKY C & D populations, DSS can claim the full expense (approximately \$11 million annually) of the over 21 population currently receiving these services under HUSKY A for federal reimbursement, thereby reducing the state share for behavioral health services. Services for HUSKY D clients are 100% federally funded.

#### Legislative

Reduce funding by \$5.5 million in the Medicaid account to reflect federal reimbursement for behavioral health services for all Medicaid recipients 21 and over, including services provided by the following licensed behavioral health clinicians: (1) psychologists, (2) clinical social workers, (3) alcohol and drug counselors, (4) professional counselors, and (5) marriage and family therapists. Section 220 of PA 14-217, the budget implementer, provides for this coverage.

#### Background

The federal Affordable Care Act requires states to increase Medicaid reimbursement to Medicare levels for calendar years 2013 and 2014. The two year rate increase is 100% reimbursed by the federal government. Funding, before federal reimbursement, of \$107,170,000 (including \$30.9 million for FY 13 costs payable in FY 14) was included in FY 14 and \$47,630,000 is included in FY 15 for the rate increase.

#### **Provide Funding for SSMF Administration**

##### **Background**

PA 13-247, the general government implementer, transferred the administration of the Soldiers', Sailors', and Marines' Fund (SSMF) to the American Legion. Sections 57 - 65 of PA 14-217, the budget implementer, limited the benefits from the Soldiers, Sailors and Marines' Fund to at least \$2 million annually (annual benefits in FY 12, FY 13 and FY 14 are approximately \$2 million) and permitted these benefits to be paid from interest income generated by the Fund or from the principal of the Fund if interest income is insufficient in any given year. The bill also prohibits the American Legion, which will begin administering the Fund in FY 15, from charging administrative costs to the Fund or the interest income.

##### **Governor**

Provide funding of \$635,000 in the Department of Veterans Affairs to the American Legion for administrative costs to help provide eligible veterans with services of the SSMF.

**Background**

The Benefits Counseling Program provides individualized information about the impact of employment on state and federal benefits. This program has been funded for 13 years through various federal grants that have expired.

**Governor**

Provide funding of \$450,000 and 6 positions for the Benefits Counseling Program to pick-up expired federal grants.

**Background**

The Children's Services Program provides specialized training, adaptive materials and services to children who are legally blind, deaf-blind or visually impaired from birth through high-school graduation or age 21 to support successful integration into educational, social, recreational and vocational settings.

**Governor**

Provide funding of \$150,000 to reflect the current service wage related expenses for employees of the Children's Services program that provide services to eligible children in a classroom and other educational settings.

**Background**

The agency's Interpreting Unit provides sign language interpreting to their consumers with a staff of over 40 part-time nationally certified interpreters. Sign language interpreting takes place in a wide variety of settings including: conferences, job interviews, training, doctor's appointments and legal proceedings. Fees from these services are deposited in the non-lapsing account which funds the interpreters. The General Fund appropriation is used to maintain the cash flow of the account.

**Governor**

Reduce funding by \$200,000 to reflect current expenditure requirements for part-time interpreters. The revenue expected from the fees is anticipated to be largely sufficient to support program costs.

**Background**

Each agency's budget includes a line item account called "Nonfunctional - Change to Accruals." This line item represents the estimate of the difference between an agency's cash-basis budget amount and the accrual-basis amounts that will be reflected under Generally Accepted Accounting Principles (GAAP). These funds will not be available for spending; in the aggregate they will prevent the state's GAAP deficit from growing.

**Governor**

Provide funding of \$244,683 in the General Fund and \$6,490 in the Workers' Compensation Fund to reflect updated estimates of accruals to comply with GAAP. Across all appropriated funds, there is a net GAAP reduction of \$33.8 million.

**Other Significant Legislation****PA 14-47, An Act Making Adjustments to State Expenditures and Revenues for the Fiscal Year Ending June 30, 2015**

Sections 30 and 31 contain provisions that allow the Secretary of the Office of Policy and Management (OPM) to allocate specific lapses to state agencies in the three branches of government (these are typically called holdbacks). The agency's FY 15 appropriation levels will be reduced by the amounts shown in the table to achieve the lapses included in PA 14-47. This includes a General Lapse of \$43,948 and a Statewide Hiring Reduction Lapse of \$32,440. See the FY 15 Holdbacks schedule in Section VI of this document for a further description of these statewide savings targets.

Sections 41-44 of PA 14-47, the FY 15 Revised Budget, provides deficiency funding of \$58 million in FY 14 for various agencies. The increased appropriations are offset by reduced appropriations of a corresponding amount across various agencies. The act includes \$10.4 million for the State Department of Education, for the Magnet School account.

### Legislative

Provide funding of \$13.5 million to roll out the FY 14 deficiency and provide increased enrollment to magnet schools. The total impact to the magnet school account for FY 15 is \$32.6 million, which consists of the three components referenced below (1) new funding of \$13.5 million, (2) transfers and revenue of \$10.6 million and (3) reduced enrollment of \$8.5 million.

The \$4 million of transfer funding is from the OPEN Choice account into the Sheff Account, to be coupled with an additional \$4 million of existing funding in the Sheff account, to provide for \$8 million of additional funding for increased enrollment. The State Department of Education may collect up to \$2.6 million in revenue, associated with prekindergarten magnet school tuition charged to students attending various magnet schools operated by Regional Education Service Centers (RESCs). Transfer and tuition revenue result in approximately \$10.6 million in funding for increase enrollment in FY 15.

To control for enrollment levels, approximately \$8.5 million in savings is achieved. The savings is associated with the following:

- \$6 million in mature schools, statewide, attempting to build enrollment to capacity. The reduction in enrollment impacts marginal increases in student numbers, across established grades.
- \$1 million in schools where the full range of grades have been achieved, but the schools are trying to reach capacity.
- \$1 million in reduced transportation costs associated with the \$7 million in reduced enrollment, noted above.
- \$200,000 associated with reducing the summer school grant.
- \$269,025 associated with phasing-in Edison Magnet School grants to closer align with established RESC operating grants.

<b>Total - General Fund</b>	<b>1</b>	<b>0</b>	<b>1</b>	<b>0</b>	<b>0</b>	<b>0</b>

#### Background

The Statewide Longitudinal Data System (SLDS) is charged with designing, developing, and implementing a statewide data system to efficiently and accurately manage, analyze and disseminate school, district, and state-level education data, in order to meet both state and federal requirements, evaluate the effectiveness of programs, and support the decision-making process. The SLDS will also be used to analyze individual student data to track academic progress and program participation in order to facilitate research needed to implement achievement gaps.

#### Governor

Adjust the position count, by one new position, in the Longitudinal Data Systems account, to reflect a loss of federal funds. Additional funding is not required, as the account will be managed to permanently support the position.

This line item represents the estimate of the difference between an agency's cash-basis budget amount and the accrual-basis amounts that will be reflected under Generally Accepted Accounting Principles (GAAP). These funds will not be available for spending; in the aggregate they will prevent the state's GAAP deficit from growing.

**Governor**

**Background**

Sections 152-153 of PA 13-247 changed the Education Cost Sharing (ECS) formula. The act raises the per-student foundation amount from \$9,687 to \$11,525, updates the way the state measures town wealth (property wealth to income wealth ratio, method of measuring income), changes student need measurement to use free and reduced price lunch population, establishes a minimum aid ratio of 10% for alliance districts and 2% for all other districts, and phases-in new funding and different rates depending upon educational need: non-Alliance Districts (1% of fully funded grant), Alliance Districts (8%) and Educational Reform Districts (12%).

**Legislative**

Provide funding of \$7,553,890 to reflect the statutory formula and, in addition, to provide for increases contained within the Governor's proposed implementation; and an additional \$500,000 for West Hartford.

Section 18 of PA 14-47 provides a list by town of the equalization aid grant amounts for FY 15. The total ECS amount by town for FY 15 is \$2,039.5 million, funding is included in section 1 of PA 14-47 to support this distribution.

The appropriation for Vocational Agriculture Schools increased from \$6.5 million to \$9.5 million in FY 14. Section 170 of PA 13-247 increased the per student grant for vo-ag centers from \$1,750 to \$2,750 and (1) allows a board of education that operates a vo-ag center to spend the increased state grant even if it exceeds the total amount budgeted for education and (2) lowers the maximum percentage, from 82.5% to 62.47%, of the state's per student foundation aid, which can be used to charge sending districts tuition.

**PA 14-47, An Act Making Adjustments to State Expenditures and Revenues for the Fiscal Year Ending June 30, 2015**

Sections 30 and 31 contain provisions that allow the Secretary of the Office of Policy and Management (OPM) to allocate specific lapses to state agencies in the three branches of government (these are typically called holdbacks). The agency’s FY 15 appropriation levels will be reduced by the amounts shown in the table to achieve the lapses included in PA 14-47. This includes a General Lapse of \$796,568 and a Statewide Hiring Reduction Lapse of \$91,834. See the FY 15 Holdbacks schedule in Section VI of this document for a further description of these statewide savings targets.

<b>Total - General Fund</b>	<b>0</b>	<b>1,487,777</b>	<b>0</b>	<b>1,487,777</b>	<b>0</b>	<b>0</b>

#### Background

Each agency's budget includes a line item account called "Nonfunctional - Change to Accruals." This line item represents the estimate of the difference between an agency's cash-basis budget amount and the accrual-basis amounts that will be reflected under Generally Accepted Accounting Principles (GAAP). These funds will not be available for spending; in the aggregate they will prevent the state's GAAP deficit from growing.

#### Governor

Provide funding of \$1,487,777 to reflect updated estimates of accruals to comply with GAAP. Across all appropriated funds, there is a net GAAP reduction of \$33.8 million.

#### Background

PA 12-33 enabled family child care providers and Personal Care Attendants (PCAs) working in state-funded programs to collectively bargain.

#### Governor

Provide funding of \$11,306,600 to reflect child care union contract costs provided through the Care 4 Kids program.

#### Legislative

Provide funding of \$8,494,625 to reflect contract costs for family child care providers funded through the Care 4 Kids program. Cost components include: 3% wage increase (\$871,332), increases for infant/toddler parity (\$1,214,486), wage increase for unlicensed providers (\$5,631,307), and various professional development incentives (\$777,500). Section 159 of PA 14-217, the budget implementer, approves the provisions of the collective bargaining agreement between OEC and the Connecticut State Employees Association (CSEA-SEIU Local 2001).

#### Governor

Provide funding of \$11,511,904 to support 1,020 additional Pre-Kindergarten slots and a 3 percent increase in subsidies (bringing the full-day, full-year rate from \$8,346 to \$8,596 per slot). The cost associated with the new FY 15 slots is \$8,767,920. Additional slots are anticipated over the next several years leading to universal Pre-K in 2019. Access will be phased-in, giving priority to lower-income three and four year-old children first. In addition, \$2.3 million in FY 14 carry forward funding will support start-up costs of \$22,500 for each classroom and \$1.1 million will fund planning grants.

#### PA 14-39, An Act Establishing the Office of Early Childhood, Expanding Opportunities for Early Childhood Education and Concerning Dyslexia and Special Education

The act establishes the Office of Early Childhood (OEC) as supported by the FY 14- FY 15 Biennial Budget. Section 14 increases the cost per school readiness seat from a maximum of \$8,346 to \$8,670, while Section 50 increases the frequency of child day care licensing inspections. The act also reassigns various funds, grants, and loans to OEC oversight, and makes other conforming changes.

#### PA 14-41, An Act Establishing the Connecticut Smart Start Program

The act establishes the new Connecticut Smart Start competitive grant program to reimburse towns for costs related to preschool expansion, through June 30, 2024. The Office of Early Childhood (OEC), in consultation with the State Department of Education, is required to design and administer the program. Section 138 of PA 14-217, the budget implementer, transfers \$10 million annually from FY 16- FY 25, from the Tobacco Settlement Fund to the Smart Start competitive grant account. Section 24 for PA 14-98, the bond bill, establishes the smart start competitive grant account, while Section 25 authorizes the issuance of bonds for the grant program (\$15 million in FY 15 and \$10 million annually thereafter through FY 24).

## PA 14-47, An Act Making Adjustments to State Expenditures and Revenues for the Fiscal Year Ending June 30, 2015

Sections 30 and 31 contain provisions that allow the Secretary of the Office of Policy and Management (OPM) to allocate specific lapses to state agencies in the three branches of government (these are typically called holdbacks). The agency's FY 15 appropriation levels will be reduced by the amounts shown in the table to achieve the lapses included in PA 14-47. This includes a General Lapse of \$55,029 and a Statewide Hiring Reduction Lapse of \$32,373. See the FY 15 Holdbacks schedule in Section VI of this document for a further description of these statewide savings targets.

Each agency's budget includes a line item account called "Nonfunctional - Change to Accruals." This line item represents the estimate of the difference between an agency's cash-basis budget amount and the accrual-basis amounts that will be reflected under Generally Accepted Accounting Principles (GAAP). These funds will not be available for spending; in the aggregate they will prevent the state's GAAP deficit from growing.

**Governor**

Reduce funding by \$186 to reflect updated estimates of accruals to comply with GAAP. Across all appropriated funds, there is a net GAAP reduction of \$33.8 million.

#### Legislative

Increase the FY 15 authorized position count by 6. This increase is maintaining the FY 14 current position count as a result of FAC 2014-27. On June 5, 2014, the Finance Advisory Committee approved FAC 2014-27 which increased the agency' position count in FY 14 by 6, from 21 to 27 permanent full-time positions. The increased position count was due to the prior reorganization of the Higher Education agency that was left with several federal funded vacancies, whereas the programmatic functions that these positions supported were transferred to the Board of Regents. Funding in FY 15 is sufficient to support the revised position count.

Section 1 of PA 14-47 includes an off-setting reduction in the Governor's Scholarship account in an equal amount. The Connecticut Student Loan Foundation is a non-profit corporation that administers loans within the Federal Family Education Loan Program (FFELP) and alternative student loan programs. The loans made or acquired by CSLF were financed through the issuance of bonds that are secured by the revenues received from such loans.

#### Background

PA 13-247 established the Governor's Scholarship program as a single, consolidated state financial aid program for Connecticut residents who are undergraduates at in-state public and private higher education institutions. The program replaces the state's previous undergraduate student aid programs: Connecticut Aid to Public College Students (CAPCS), Connecticut Independent College Student Grant (CICSG), the Capitol Scholarship, and Connecticut Aid to Charter Oak.

The act limits eligibility for the Governor's Scholarship to Connecticut residents enrolled in at least six semester credit hours and pursuing their first associate or bachelor degree. It establishes four award categories: a (1) need and merit-based award, (2) need-based award, (3) performance incentive pool, and (4) Charter Oak Grant. The act specifies how the appropriation for the program must be allocated across these categories and establishes reporting and audit requirements for the program. The budget included \$42 million in FY 14 to support the new financial aid system.

#### Governor

Section 10 of HB 5030, the Governor's FY 15 Revised Budget, carries forward \$2 million from FY 14 into FY 15 for the Governor's Scholarship. Of this total, \$1,313,462 is carried forward from the Department of Housing's Tax Relief for the Elderly and transferred to the Office of Higher Education's Governor's Scholarship. The remaining \$686,538 is carried forward from OHE's Minority Advancement account and transferred to the Governor's Scholarship.

#### Background

The Teachers' Retirement Board (TRB) sponsors a Medicare supplement health insurance program for retired members and eligible dependents. The TRB health plan is funded on a self-insured basis. The statutory cost sharing arrangement requires that retirees, the state and the TRB health fund each pay one-third of the total cost of the basic plan. However, with corresponding implementing language the budget for FY 14 and FY 15 reduced the state's contribution from 33% to 25% and increased the TRB health fund share from 33% to 42%. The TRB health fund is funded through active teachers' 1.25% contributions.

#### Governor

Reduce funding by \$6.5 million to reflect updated premium costs for the TRB basic health plan (medical and pharmacy). Effective January 1, 2014, the total monthly premium equivalent rate for the TRB basic health plan decreased from \$350 to \$291. The TRB health plan benefit and the cost sharing arrangement remain the same.

The Governor's budget makes a one-time revenue transfer of \$60 million from resources of the General Fund in FY 15 to the proposed Board of Regents (BOR) - President's Office Operating Fund. This includes: (1) \$32.2 million for operations and tuition support, (2) \$20.4 million for Go Back To Get Ahead, (3) \$2.5 million for the Early College Program, (4) \$900,000 for the transfer and articulation program, and (5) \$4 million for developmental education. This funding has no impact on the existing FY 15 appropriations for the BOR. *Transform CSCU 2020* is a multi-phase plan within the Board of Regents, intended to increase enrollments and provide for workforce development. Additionally, the proposal includes an increase of \$60 million in capital funding along with a redirection of \$20 million of existing capital funds to make system-wide improvements for the BOR.

#### Legislative

Provide funding of \$23 million to support Transform CSCU. Funding totaling \$42 million is provided to the Board of Regents (BOR), this includes \$23 million from the General Fund and \$19 million transferred from the Connecticut Student Loan Foundation. Funding supports: (1) \$24.2 million for operations and tuition support, (2) \$6 million for Go Back To Get Ahead, (3) \$1 million for the Early College program, and (4) \$10.8 million for developmental education. *Transform CSCU 2020* is a multi-phase plan within the Board of Regents, intended to increase enrollments and provide for workforce development. Additionally, the proposal includes an increase of \$60 million in capital funding along with a redirection of \$20 million of existing capital funds to make system-wide improvements for the BOR. Charter Oak State College is Connecticut's public online college offering bachelor's and associate degree completion programs for adults. The college was established in 1973 by the Connecticut legislature and is accredited by the New England Association of Schools and Colleges, and by the Connecticut Board of Governors for Higher Education. The college offers degree completion programs in a number of high-demand fields including Business, Health Care, Public Safety, Information Systems and more. Students can complete degrees in many concentrations through the exclusive use of affordable and accelerated online courses offered by the college. In other cases, concentrations may be completed by combining Charter Oak's courses and other sources of credit.

## Provide Funding for FY 14 Deficiency

<b>Total - General Fund</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>300,000</b>	<b>0</b>	<b>300,000</b>

**Background**

The FY 14 shortfall is primarily due to higher than expected utilization of overtime due to retirements and unforeseen maintenance costs. As of February 1, 2014, hazardous duty retirements have increased 62% over the same period in FY 13. In addition, approximately 1,300 hazardous duty employees, or 25% of all hazardous duty employees, are eligible for retirement by the end of FY 15.

**Legislative**

Provide funding of \$300,000 in Other Expenses to reflect the annualization of the agency's FY 14 deficiency. The FY 15 original appropriation did not include funding for this deficiency, therefore the increased funding in FY 15 reflects the annualization of this deficiency.

<b>Total - General Fund</b>	<b>0</b>	<b>78,705</b>	<b>0</b>	<b>78,705</b>	<b>0</b>	<b>0</b>

#### Background

Each agency's budget includes a line item account called "Nonfunctional - Change to Accruals." This line item represents the estimate of the difference between an agency's cash-basis budget amount and the accrual-basis amounts that will be reflected under Generally Accepted Accounting Principles (GAAP). These funds will not be available for spending; in the aggregate they will prevent the state's GAAP deficit from growing.

#### Governor

Provide funding of \$78,705 to reflect updated estimates of accruals to comply with GAAP. Across all appropriated funds, there is a net GAAP reduction of \$33.8 million.

#### Background

The Vocational Education Program, or Career Technical Information in the Department of Correction provides inmates with skill based training including carpentry, automobile body repair, graphic arts, automobile detailing, computer education and repair, culinary arts, and computer aided design. The program provides education to approximately 2,000 inmates annually.

#### Legislative

**Background**

The Correctional Managed Health Care unit at the UCONN Health Center ended FY 13 with a budget surplus of \$3.1 million. The surplus was primarily due to lower than expected pharmacy costs as well as salary savings related to elimination of positions through attrition and transfers.

**Governor**

Reduce funding by \$3.0 million in Inmate Medical Services to reflect the use of surplus generated in FY 13.

**Legislative**

Reduce funding by \$5.5 million in Inmate Medical Services to reflect the use of \$3.0 million of FY 13 surplus and \$2.5 million of expected FY 14 surplus.

<b>Total - General Fund</b>	<b>0</b>	<b>(665,000)</b>	<b>0</b>	<b>(665,000)</b>	<b>0</b>	<b>0</b>

**Background**

Inmates who are under supervision in the community currently receive health care through the Department of Correction at correctional facilities. The state will transition to providing coverage through the state Medicaid program, although services provided to these inmates are ineligible for federal reimbursement. This will allow inmates to receive medical care in the community in which they reside instead of traveling to correctional facilities. Funding to provide services in the community is not provided in the Department of Social Services in FY 15.

**Governor**

Reduce funding by \$665,000 in Inmate Medical Services to reflect pharmacy cost savings related to the population receiving care in the community.

Sections 30 and 31 contain provisions that allow the Secretary of the Office of Policy and Management (OPM) to allocate specific lapses to state agencies in the three branches of government (these are typically called holdbacks). The agency's FY 15 appropriation levels will be reduced by the amounts shown in the table to achieve the lapses included in PA 14-47. This includes a General Lapse of \$23,305 and a Statewide Hiring Reduction Lapse of \$1,070,153. See the FY 15 Holdbacks schedule in Section VI of this document for a further description of these statewide savings targets.

**Background**

PA 07-7 JSS and PA 09-2 SSS authorized a total of \$15.7 million in bond funds to build a self-contained, secure treatment facility for juvenile justice (JJ) girls. To date, only \$643,000 in bond funding has been allocated for this purpose. Approved on 5/30/08, this funding supported a site evaluation made in preparation for the facility to be built in Bridgeport. The project did not proceed beyond the site evaluation. At that time, staffing and operating expenses needed to support such a facility was estimated to exceed \$6 million annually. On 1/9/14 the Finance Advisory Committee approved the transfer of funding between various DCF accounts. This included a \$3 million transfer into the Other Expenses account to support, among other items, the renovation of the Pueblo Unit at the Albert J. Solnit Psychiatric Center - South Campus to accommodate juvenile justice girls at a one-time cost of \$500,000 in FY 14. As of 4/27/14, there were 59 JJ girls being served by DCF at an average out-of-home per diem rate of \$557 or a cost of approximately \$200,000 annually per placement. Of these 59 placements, 20 were placed in their homes at an average per diem rate of \$226 or a cost of approximately \$83,000 annually per placement and six were placed in the Pueblo Unit at Solnit - South.

<b>Total - General Fund</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>160,000</b>	<b>0</b>	<b>160,000</b>

#### Background

Child First (Child and Family Resource, Support and Training) is a clinical, intensive, in-home program that works to decrease the incidence of serious emotional disturbance, developmental and learning problems, as well as abuse and neglect among high-risk young children (prenatal through five years old) and their families in Connecticut. The program's target population includes children exhibiting emotional and behavioral disturbances, have significant delays or have parents with multiple challenges that impede their ability to support and nurture children. This includes parents that are suffering from mental health problems, substance abuse, domestic violence, inadequate education, unemployment, lack of child care, poor health care, homelessness and/or poverty. There are two members of each Child First home visiting team: A Master's level Mental Health/Developmental Clinician, who provides a dyadic, two-generation psychotherapeutic intervention and parent guidance and a Bachelor's level Care Coordinator who connects children and families with comprehensive community-based services and supports. DCF committed approximately \$4.8 million to Child First providers in FY 14.

#### Legislative

**Background**

"Triple P" is an in-home, evidence-based program that provides parenting education in order to equip parents with the skills and confidence they need to manage family issues without ongoing support. Currently, \$4.9 million is committed in FY 15 for Triple P under DCF's Child Abuse and Neglect Intervention account.

Family-Based Recovery (FBR) treats families with parents who have a history of substance abuse. Developed by the Yale Child Study Center and Johns Hopkins University, FBR relies on reinforcement-based substance abuse treatment. Currently, \$2.6 million is committed for FBR in FY 15 under DCF's Substance Abuse Treatment account.

**Governor**

#### PA 14-47, An Act Making Adjustments to State Expenditures and Revenues for the Fiscal Year Ending June 30, 2015

Sections 30 and 31 contain provisions that allow the Secretary of the Office of Policy and Management (OPM) to allocate specific lapses to state agencies in the three branches of government (these are typically called holdbacks). The agency's FY 15 appropriation levels will be reduced by the amounts shown in the table to achieve the lapses included in PA 14-47. This includes a General Lapse of \$1,123,344 and a Statewide Hiring Reduction Lapse of \$1,357,141. See the FY 15 Holdbacks schedule in Section VI of this document for a further description of these statewide savings targets.

**Background**

Section 19 of PA 13-214, An Act Concerning Domestic Violence and Sexual Assault, required the Judicial Department to develop a plan to include temporary financial support as part of the relief available to an applicant for a restraining order. In doing so, the Judicial Department would incur significant additional work including examining financial affidavits, calculation of recommended support based on child support guidelines, and additional hearings.

**Legislative**

Provide partial year funding of \$138,845 for four permanent full-time positions (three family relations counselor and one court planner) and one temporary full-time position (one family relations counselor) and Other Expenses funding of \$7,505. The program is anticipated to commence on January 1, 2015. Sections 120-129 of PA 14-217, the budget implementer, allows temporary relief to an applicant for a restraining order.

<b>Total - General Fund</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>750,000</b>	<b>0</b>	<b>750,000</b>

#### Background

The Youth Violence Initiative is a program to reduce gun violence among young people in Hartford, Bridgeport, and New Haven. The program will utilize youth development programs, the settlement house model, and other evidence based models to reduce gang affiliation and youth violence. Funding will be provided to the municipalities and with a 25% match requirement. In-kind match of up to 10% will be accepted.

#### Legislative

Provide funding of \$750,000 to the Youth Violence Initiative account; \$250,000 will be provided Bridgeport, Hartford and New Haven for youth violence prevention. Of the total to Hartford, \$200,000 will be provided to the Legacy Foundation of Hartford and \$50,000 to Compass Youth Collaboration. The funds for Bridgeport and New Haven will be administered by the cities.

#### PA 14-47, An Act Making Adjustments to State Expenditures and Revenues for the Fiscal Year Ending June 30, 2015

Sections 30 and 31 contain provisions that allow the Secretary of the Office of Policy and Management (OPM) to allocate specific lapses to state agencies in the three branches of government (these are typically called holdbacks). The agency's FY 15 appropriation levels will be reduced by the amounts shown in the table to achieve the lapses included in PA 14-47. This includes a General Lapse of \$252,368 and a Statewide Hiring Reduction Lapse of \$1,484,558. See the FY 15 Holdbacks schedule in Section VI of this document for a further description of these statewide savings targets.

<b>Total - General Fund</b>	<b>0</b>	<b>875,000</b>	<b>0</b>	<b>875,000</b>	<b>0</b>	<b>0</b>

## Background

Sections 41-44 of PA 14-47, the FY 15 Revised Budget, provides deficiency funding of \$58 million in FY 14 for various agencies. The increased appropriations are offset by reduced appropriations of a corresponding amount across various agencies. The act includes \$6.7 million for Public Defender Services Commission - \$4.8 million to the Personal Services account due to an early release of a portion of this account's fourth quarter allotment in order to allow a FAC transfer from this account to the Assigned Counsel accounts and \$1.8 million in the Expert Witness account is due to the unexpected payment of an expert witness.

## Governor

Provide funding of \$875,000 to reflect the annualization of the agency's ongoing portion of the FY 14 deficiency. The FY 15 original appropriation did not include funding for this deficiency, therefore the increased funding in FY 15 reflects the annualization of this deficiency. Other funds for the FY 14 deficiency are for the one-time habeas costs and therefore are not included in the revised total.

## Background

Each agency's budget includes a line item account called "Nonfunctional - Change to Accruals." This line item represents the estimate of the difference between an agency's cash-basis budget amount and the accrual-basis amounts that will be reflected under Generally Accepted Accounting Principles (GAAP). These funds will not be available for spending; in the aggregate they will prevent the state's GAAP deficit from growing.

**Background**

The Assigned Counsel - Criminal account pays for assigned counsel (contracted special public defenders) who represent clients in criminal cases where the field office has determined a conflict of interest with the agency. These assigned counsel sign a contract with the agency, and are assigned cases on a flat-rate payment structure. However, if a case is complicated, the assigned counsel can submit a request for hourly billing.

The Assigned Counsel - Child Protection and the Family Contracted Attorneys accounts handle all child protection related cases. PA 11-51 transferred these accounts and their duties from the Child Protection Commission to the Public Defender Services Commission.

**Governor**

Transfer funding of \$7,436,000 from the Assigned Counsel - Child Protection account and \$575,000 from the Family Contracted Attorneys account (for a total transfer of \$8,011,000) to Assigned Counsel - Criminal account.

#### Background

The General Fund debt service requirements reflect: (1) the amount of General Obligation (GO) bonds allocated through the State Bond Commission, (2) differences between assumptions about interest rates and issuance amounts versus actual interest rates and issuance amounts, (3) the amount of GAAP Conversion bonds issued to finance a portion of the cost for the transition of the state to Generally Accepted Accounting Principles (GAAP), and (4) the amount of bond premiums\* received by the state on the bonds issued by the Office of the State Treasurer. (\*Bond purchasers pay a premium to receive a higher interest rate than the one at which the bond would otherwise have sold.)

#### Governor

Reduce the GF debt service budget by a net total of \$12,440,814, which reflects: (1) a reduction of \$28.0 million due to differences between issuance assumptions and the actual issuance of GO bonds, (2) a reduction of \$17.8 million due to bond premiums received on GO bonds, (3) an increase of \$26.2 million due to the issuance of GAAP Conversion bonds in October 2014, and (4) an increase of \$7.2 million due to the issuance of Tax Incremental Financing (TIF) bonds used to finance the Bass Pro Shops project in Bridgeport.

#### Legislative

Reduce the GF debt service budget by a net total of \$22,940,814, which reflects: (1) a reduction of \$28.0 million due to differences between issuance assumptions and the actual issuance of GO bonds, (2) a reduction of \$28.3 million due to bond premiums received on GO bonds, (3) an increase of \$26.2 million due to the issuance of GAAP Conversion bonds in October 2014, and (4) an increase of \$7.2 million due to the issuance of Tax Incremental Financing (TIF) bonds used to finance the Bass Pro Shops project in Bridgeport. The additional \$10.5 million in premiums over the Governor's proposed adjustment reflects the bond premiums received on a portion of the \$400 million in GO bonds issued in March 2014 at interest rates of 4.0% and 5.0%. The bonds for which no premium was received were issued between 1.5% and 3.0%.

#### Background

The infrastructure improvement program at the University of Connecticut is financed through the issuance of UConn 2000 bonds, which are a type of General Obligation (GO) bond. The debt service account for these bonds reflects assumptions about the level of bonds needed to support the infrastructure projects that are currently under construction and the interest rate at which the bonds will be issued.

#### Governor

Reduce the debt service account for UConn 2000 bonds by \$17,517,265 to reflect the issuance of \$172.7 million in UConn 2000 bonds in July 2013 at an interest rate of 4.7%, which was lower than the 5.0% assumed in the adopted FY 15 budget.

#### Legislative

Reduce the debt service account for UConn 2000 bonds by \$1,700,000 to reflect the issuance of \$201.0 million in UConn 2000 bonds in April 2014 at an interest rate of 4.62%, which is lower than the 5.0% assumed in the adopted FY 15 budget.

Special Transportation Fund (STF) debt service reflects the level of Special Tax Obligation (STO) bond issuance needed to support the transportation projects that are currently under construction.

#### Governor

Reduce the STF debt service account by \$6,334,177 to reflect the issuance of \$600 million in STO bonds in October 2013 at an interest rate of 3.7%, which was lower than the 6.0% assumed in the adopted FY 15 budget.

<b>Total - General Fund</b>	<b>0</b>	<b>(10,731)</b>	<b>0</b>	<b>(10,731)</b>	<b>0</b>	<b>0</b>

#### Background

Each agency's budget includes a line item account called "Nonfunctional - Change to Accruals." This line item represents the estimate of the difference between an agency's cash-basis budget amount and the accrual-basis amounts that will be reflected under Generally Accepted Accounting Principles (GAAP). These funds will not be available for spending; in the aggregate they will prevent the state's GAAP deficit from growing.

#### Governor

Reduce funding by \$10,731 to reflect updated estimates of accruals to comply with GAAP. Across all appropriated funds, there is a net GAAP reduction of \$33.8 million.

#### Background

Between FY 02 and FY 13, the General Fund (GF) debt service account lapsed between \$28 million and \$80 million each year due to bond premiums.

#### Legislative

Reduce General Fund debt service requirements by \$24 million to reflect anticipated savings from bond refundings, premiums\* and differences between issuance assumptions and actual issuance. (\*Bond purchasers pay a premium to receive a higher interest rate than the one at which the bonds would otherwise have sold.)

##### Legislative

Reduce funding by \$12 million to reflect savings associated with a new dental contract, effective July 1, 2014. Previously, the state contracted with two carriers (United Healthcare and Cigna) to provide dental services for state employees and retirees. Effective July 1, 2014, Cigna will provide all dental services for the state plan, including various provisions which are anticipated to result in savings to the state. Cost saving measures include, but are not limited to (1) replacement of crowns every seven years as opposed to every five years, (2) coverage for 360 degree panoramic x-rays every five years versus every three years, (3) larger network, and (4) lower administrative fees.

#### **Background**

Sections 41-44 of PA 14-47, the FY 15 Revised Budget, provides deficiency funding of \$58 million in FY 14 for various agencies. The increased appropriations are offset by reduced appropriations of a corresponding amount across various agencies. The act includes \$2.8 million in the General Fund and \$800,000 in the Special Transportation Fund for deficiency funding in FY 14 for this agency in the Workers' Compensation Claims accounts. This funding is required due to: (1) increased utilization of services, (2) employees remaining on workers' compensation longer, and (3) increasing medical expenditures.

#### **Governor**

Provide funding of \$2.8 million in the General Fund and \$800,000 in the Special Transportation Fund to reflect the annualization of the agency's FY 14 deficiency. The FY 15 original appropriation did not include funding for this deficiency, therefore the increased funding in FY 15 reflects the annualization of this deficiency.

## VI. REVENUE

### Overview of Revenue Schedules and Reports

The Revenue Section in this book contains six schedules and reports, which are described below.

#### All Appropriated Funds Revenue Schedules and Reports

- 1) Appropriated Funds Revenue Summary Schedule
  - Summarizes estimated revenues for each appropriated fund;
  - Shows the combined effect of: (a) the revenue estimates adopted (or readopted) by the Finance, Revenue and Bonding (FRB) Committee and (b) the revenue impact of legislative changes not accounted for in the FRB estimates; and
  - Provides the General Fund (GF) bottom-line revenue figure against which total GF expenditures are matched to achieve a balanced operating budget.
- 2) Revenue Impact of Policy Changes Report
  - Summarizes policy changes and their impacts on each revenue category; and
  - Covers the budget year (FY 15) plus the out years (FY 16-FY 18).

#### General Fund and Special Transportation Fund Revenue Schedules and Reports

- 3) General Fund Revised FY 15 Revenue Schedule
  - Compares the original FY 15 revenue estimates to: (a) the impact of the Governor's FY 15 estimates, which include the January Consensus Revenue forecast and proposed revenue policy changes and (b) the final FY 15 revenue estimates, which include the April Consensus Revenue forecast and all enacted policy changes.
- 4) General Fund Revised Policies Details Report
  - Provides information about each policy change within the Governor's budget plan and the adopted (legislative) budget; and
  - Explains technical updates between the January Consensus Revenue forecast and the April Consensus Revenue forecast.
  - By law, the Governor's budget proposal must use the January Consensus Revenue forecast and the final budget uses the April Consensus Revenue forecast.
- 5) Special Transportation Fund Revised FY 15 Revenue Schedule - Same as description as above.
- 6) Special Transportation Fund Revised Policies Details Report - Same as description as above.

#### 6 → 6a → Extend Angel Investor Tax Credit

6b →	Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
	(3,000,000)	(3,000,000)	-

6c → **Background:** The Angel Investor Tax Credit program provides an Income Tax credit equal to 25% of an eligible cash investment of not less than \$25,000 in the qualified securities of a Connecticut business by an angel investor. Total credits allowed to any one investor cannot exceed \$250,000 and must be claimed in the year in which the eligible investment is made. The program is scheduled to sunset on July 1, 2014.

6d → **Governor:** Extend the Angel Investor Tax Credit program through July 1, 2016. Section 7 of SB 28, 'AAC Revenue Items to Implement the Governor's Budget,' extends the tax credit, establishes a recapture provision applying to specific circumstances, and requires Connecticut Innovations, Incorporated to review the effectiveness of the credit annually.

6e → **Legislative:** Same as Governor, except the recapture provision is not enacted. Section 51 of PA 14-47, the FY 15 Revised Budget, enacts this provision.

## **Explanation**

- (1) This section indicates the name of the revenue source. Report #4 provides information about each revenue source in the General Fund (GF). Report #8 uses the identical format and provides the same information for Special Transportation Fund (STF) revenue sources. Together the GF and STF comprise over 98% of total state revenue collections.
- (2) This summarizes the components of the revenue estimate process, including: (a) the January Consensus (technical) Estimate, which is the starting point that the Governor must use for his budget; (b) the April Consensus Estimate, which is a technical update to the January Consensus Estimate that is the basis for the adopted budget; and (c) Policy Estimates and Updates, which indicates the impact of policy changes proposed by the Governor or in the adopted budget. (See below for a further explanation of Consensus Revenue Estimates.)
- (3) This column indicates the values of the components of the revenue estimate in the Governor's budget proposal, including: (a) the January Consensus Estimate baseline figure and (b) the revenue impact of the Governor's proposed policy changes.
- (4) This column gives the values of the components of the revenue estimate for the adopted budget, including: (a) the January Consensus Estimate baseline figure, (b) the April Consensus Estimate adjustment to the January figure, and (c) the revenue impact of the adopted budget's policy changes.
- (5) This section provides information about the difference between the April Consensus adjustment and the January baseline estimate. (5a) shows the value of the difference and (5b) is OFA's textual explanation of the difference. The April adjustment is a technical update that does not reflect any policy changes. The legislature must use this adjustment when formulating the adopted budget.
- (6) This section provides information on all policy changes proposed by either the Governor or in the adopted budget: (6a) indicates the title of a policy change; (6b) shows the estimated revenue impact of the policy change; (6c) provides a textual explanation of relevant background information; (6d) is a textual description of the Governor's proposed policy change, including legislative, statutory or other references; and (6e) is a textual description of the adopted change, including legislative, statutory or other references.

## Consensus Revenue Estimates

The Office of Fiscal Analysis (OFA) and Office of Policy and Management (OPM) jointly issue consensus revenue estimates in November, January and April of each year<sup>2</sup>. The estimates cover a total of five years, including the current biennium and the following three fiscal years. If there is no agreement between OFA and OPM, the Office of the State Comptroller is required to issue consensus estimates that are: (1) equal to the estimates provided by either OFA or OPM or (2) between the OFA and OPM estimates.

The Governor and the legislature are required to use the most recent GF and STF consensus estimates to prepare their respective budgets. The Governor<sup>3</sup> uses the January consensus estimates for the GF and STF budget proposals presented in February and the legislature uses the April consensus forecast to formulate the enacted budget.<sup>4</sup>

Although OFA and OPM are required to agree on the same bottom line consensus estimate for each source of GF and TF revenue, the offices may use different assumptions about growth and the impact of policy changes to reach those bottom line figures.

---

<sup>2</sup>CGS 2-36c governs the process of Consensus revenue estimates.

<sup>3</sup>CGS 4-74 requires the Governor to base his budget document, which is issued in February of each year, upon the most recent consensus revenue estimate available at the time.

<sup>4</sup>CGS 2-35 governs the adoption of revenue estimates by the Finance, Revenue and Bonding Committee in support of the state budget act.

### April Consensus Update

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
-	(246,400,000)	(246,400,000)

The April Consensus estimates for FY 15 are lower than the January Consensus by \$246.4 million, due to the following: A) a net \$389.1 million decrease in the FY 14 estimate which effectively lowered the FY 15 revenue base, B) a \$200 million increase in the FY 15 revenue base which is the estimated revenue impact of behavioral changes on the part of taxpayers in FY 14 in reaction to federal tax changes, and C) a reduction in the aggregate FY 15 growth rate from 5.9% to 5.3% (consisting of a reduction in the withholding growth rate from 3.7% to 3.0%, and the estimated and final payments growth rate from 9.0% to 8.9%).

### Policy Revisions

#### Extend Angel Investor Tax Credit

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
(3,000,000)	(3,000,000)	-

**Background:** The Angel Investor Tax Credit program provides an Income Tax credit equal to 25% of an eligible cash investment of not less than \$25,000 in the qualified securities of a Connecticut business by an angel investor. Total credits allowed to any one investor cannot exceed \$250,000 and must be claimed in the year in which the eligible investment is made. The program is scheduled to sunset on July 1, 2014.

**Governor:** Extend the Angel Investor Tax Credit program through July 1, 2016. Section 7 of SB 28, 'AAC Revenue Items to Implement the Governor's Budget,' extends the tax credit, establishes a recapture provision applying to specific circumstances, and requires Connecticut Innovations, Incorporated to review the effectiveness of the credit annually.

**Legislative:** Same as Governor, except the recapture provision is not enacted. Section 51 of PA 14-47, the FY 15 Revised Budget, enacts this provision.

## Establish Partial Income Tax Exemption for Teacher Pensions

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
(23,100,000)	-	23,100,000

**Background:** There were approximately 26,000 individuals in Connecticut receiving pension benefits through the Teachers' Retirement Board in calendar year 2012. The average benefit was \$46,713.

**Governor:** Establish an Income Tax exemption for teachers' pension income. The exemption is phased-in at 25% for Income Year 2014 and increased to 50% for Income Year 2015 and annually thereafter. Section 6 of SB 28, 'AAC Revenue Items to Implement the Governor's Budget,' implements this provision. Approximately 26,000 retired teachers would benefit from this provision.

**Legislative:** Same as Governor, except the exemption is phased-in at 10% for Income Year 2015, 25% for Income Year 2016, and 50% for Income Year 2017 and annually thereafter. Section 50 of PA 14-47, the FY 15 Revised Budget, enacts this provision.

<b>Total - General Fund</b>	<b>4,177,000,000</b>	<b>4,167,400,000</b>	<b>(9,600,000)</b>

### April Consensus Update

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
-	(20,100,000)	(20,100,000)

The April Consensus estimate for FY 15 is lower than the January Consensus by \$20.1 million due to a decrease in the FY 14 estimate of \$22.6 million, which effectively lowered the FY 15 revenue base. The change in the FY 14 estimate may be partially due to the inclement weather and certain policy effects. The estimated FY 15 growth remained relatively the same in April from January with minor technical adjustments.

### Policy Revisions

## Restore Sales Tax Exemption for Non-prescription Drugs

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
(16,500,000)	(4,200,000)	12,300,000

**Background:** PA 85-159 originally created an exemption for non-prescription drugs applicable to sales made on or after July 1, 1985. PA 11-6, the FY 12-13 biennial budget, eliminated the exemption for non-prescription drugs from the Sales and Use Tax beginning on July 1, 2011.

**Governor:** Restore the exemption for non-prescription drugs from the Sales and Use Tax. Section 5 of SB 28, " AAC Revenue Items to Implement the Governor's Budget," makes this change effective July 1, 2014.

**Legislative:** Restore the exemption for non-prescription drugs from the Sales and Use Tax. Section 48 of PA 14-47, the FY 15 Revised Budget, enacts this change effective April 1, 2015.

### Delay Restoration of Sales Tax Exemption on Clothing

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
-	11,500,000	11,500,000

**Background:** An exemption for children's clothing has been in effect since the enactment of the sales and use tax in 1947. PA 85-3 expanded the exemption to other clothing and footwear under \$50. Various public acts afterward changed the threshold amount for exemption. PA 03-2 placed the threshold for exemption at \$50 which remained until PA 11-6, the FY 12-13 biennial budget, eliminated the exemption all together. PA 13-184, the FY 14-15 biennial budget, restored the exemption effective June 1, 2015.

**Legislative:** Delay the restoration of the exemption to July 1, 2015 which results in a revenue gain of \$11.5 million in FY 15. Section 47 of PA 14-47, the FY 15 Revised Budget, enacts this provision.

### Fund FY 13 Payments Due to Towns with a Revenue Diversion

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
-	(12,700,000)	(12,700,000)

**Background:** PA 11-6, the FY 12-13 biennial budget, allocated the following revenue to the Municipal Revenue Sharing Account: (1) 0.1 percentage point of the 6.35% general sales tax; (2) 0.1 percentage point of the 7.0% luxury sales tax; (3) 0.25 percentage point of the state conveyance tax. PA 13-184 eliminated the allocation to the account effective June 30, 2013. Due to the timing of tax collections, \$12.7 million of associated FY 13 taxes were not transferred to the account inadvertently.

**Legislative:** Provide for a one-time diversion of FY 15 revenue from the sales and use tax of \$12.7 million to compensate towns for the FY 13 revenue that should have been received prior to the elimination of the transfer to the Municipal Revenue Sharing account under PA 13-184, the FY 14-15 biennial budget. Section 46 of PA 14-47, the FY 15 Revised Budget, enacts this provision.

### Provide Exemption for Sole Community Hospitals

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
-	(600,000)	(600,000)

**Background:** Federal law (42 CFR 412.92) defines a "sole community hospital" as one that is more than 35 miles from similar hospitals or located in a rural area and meets one of several other conditions.

**Legislative:** Provide a sales tax exemption for the next three fiscal years to any sales of tangible personal property or services to and by an acute care hospital, operating as a "sole community hospital." Currently Sharon Hospital is the only hospital that would qualify for this exemption. Section 223 of PA 14-217, the budget implementer, enacts this provision.

## Corporations

<b>Total - General Fund</b>	<b>755,400,000</b>	<b>704,273,000</b>	<b>(51,127,000)</b>

### April Consensus Update

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
-	(51,100,000)	(51,100,000)

The April Consensus estimate for FY 15 is lower than the January Consensus by \$51.1 million due to the following: A) a \$44.2 million decrease in the FY 14 estimate which effectively lowered the FY 15 revenue base, and B) a reduction in the FY 15 growth rate from 4.3% to 3.7%.

### Policy Revisions

#### Expand Manufacturing Reinvestment Program

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
-	(27,000)	(27,000)

**Background:** The Manufacturing Reinvestment Account (MRA) program is designed to help small manufacturers fund capital investments and train their workers. Under the program, an approved Connecticut manufacturer may establish an MRA in a Connecticut bank and deposit up to \$100,000 annually for up to five years. Taxes are deferred until funds are withdrawn, and participating manufacturers receive a tax incentive in the form of an exemption if they use the funds for qualifying purposes, such as purchasing equipment for in-state facilities, training employees, or expanding facilities.

**Legislative:** Expand the tax incentive for eligible manufacturers that establish an MRA by exempting from taxes 100%, rather than 50%, of any withdrawal from an MRA used for qualifying purposes. PA 14-69, 'AAC The Manufacturing Reinvestment Account Program,' enacts this provision.

## Public Service Corporations

## April Consensus Update

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
-	11,600,000	11,600,000

The April Consensus estimate for FY 15 is higher than the January Consensus estimate by \$11.6 million due to the following: A) a \$13.0 million increase in the FY 14 estimate which effectively increased the FY 15 revenue base, B) a \$1.4 million increase to the to the FY 15 base to account for anticipated changes in electric and natural gas prices, and C) a reduction in the FY 15 growth rate from 1.8% to 0.8%.

## Policy Revisions

### Increase Diversion to Expand the Operations of CT-N

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
-	(700,000)	(700,000)

**Background:** Current law diverts \$2.5 million annually from the Public Service Corporations Tax to provide television coverage of state government deliberations and public policy events.

**Legislative:** Increase the annual revenue diversion from the Public Service Corporations Tax by \$700,000 to support the operations of Connecticut Television Network (CT-N). Section 45 of PA 14-47, the FY 15 Revised Budget, enacts this provision.

## Inheritance and Estate

## April Consensus Update

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
-	(13,800,000)	(13,800,000)

The April Consensus estimate for FY 15 is lower than the January Consensus by \$13.8 million due to the following: A) a decrease of \$10 million in the FY 14 estimate which effectively lowered the FY 15 revenue base, and B) a reduction in the FY 15 growth rate from 2.0% to negative 0.1%.

## Insurance Companies

#### Adjust Municipal Health Insurance Premiums Tax

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
(8,700,000)	-	8,700,000

**Background:** The Insurance Premiums Tax applies to the total net direct premiums received by insurance companies from policies written on property or risks within the state.

**Governor:** Exempt premiums received from health insurance policies for municipal employees, retirees, and their dependents from the Insurance Premiums Tax beginning on July 1, 2014. Sections 3 and 4 of SB 28, 'AAC Revenue Items to Implement the Governor's Budget,' implement this policy.

**Legislative:** Maintain current law. Do not exempt premiums received from municipal employees, retirees, and their dependents from the Insurance Premiums Tax.

### Increase Diversion to Expand Newborn Screening Capacity

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
(600,000)	(600,000)	-

**Background:** PA 09-3 JSS increased the newborn screening minimum fee from \$28 per infant to \$56 per infant. Annually, approximately \$2 million in revenue is collected from newborn screening fees. Pursuant to CGS Sec. 19a-55a, a portion of this revenue is made available to DPH to cover the cost of screening. The remainder is deposited into the General Fund as unrestricted revenue. PA 13-184 increased the newborn screening fee revenue transfer to DPH by \$28,287 from the FY 12 and FY 13 transfer amounts, resulting in a total authorized transfer of \$1,150,000 in both FY 14 and FY 15 to accommodate higher costs of testing.

**Governor:** Section 12 of HB 5030, the Governor's budget bill, provides newborn screening revenue of \$1,735,000 to DPH in FY 15, an increase in funding of \$585,000 from FY 14. This additional funding will be used to support salary and fringe benefits costs for four new staff positions: one full-time Biological Services Manager, one full-time Supervising Nurse Consultant, one full-time Principal Chemist and one half-time Laboratory Information Management Systems Administrator. Increased newborn screening staff will support process improvements recommended by the Association of Public Health Laboratories in their recent review of the Katherine A. Kelley State Public Health Laboratory.

**Legislative:** Same as Governor. Section 11 of PA 14-47, the FY 15 Revised Budget, enacts this provision.

**Background:** Currently, General Fund expenditures for Immunization Services are recouped as General Fund revenue through an annual assessment of private entities doing health insurance business in Connecticut.

**Governor:** Shift the Immunization Services program costs and revenue to the Insurance Fund to better reflect the source of support for the program, which is assessments on Insurance Companies. Section 25 of sSB 21, "AA Implementing the Budget Recommendations of the Governor Concerning General Government," makes this change.

**Legislative:** Same as Governor. Section 66 of PA 14-217, the budget implementer, enacts this provision.

## Waive State Park Fees for One Weekend

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$

### April Consensus Update

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
-	49,500,000	49,500,000

The April estimates are \$49.5 million higher than January 2014 consensus estimates for FY 15. The major revenue changes are attributable to a net Medicaid related increase. Various increases in Medicaid revenue totaling \$87 million are offset by revenue reductions totaling approximately \$37, for a net Medicaid increase of approximately \$50 million. Medicaid increases include recognizing quarterly claims from FY 14 (\$34 million), increased Department of Developmental Services (DDS) and Department of Children and Families (DCF) expenditures (\$21.5 million), higher reimbursable claims for Medicaid administrative costs (\$20 million), school based child health (\$8 million), and other minor adjustments (\$3 million). Reductions are associated with federal restrictions on reimbursements for the ordering, prescribing and referring of services by non-Medicaid physicians (\$20million), and additional changes in revenue diversion (\$17 million).

#### Recognize Reimbursement for Enhanced Residential Services

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
-	2,200,000	2,200,000

**Background:** The Department of Developmental Services Waiting List as of March 2014 is 635. There are 37 individuals designated emergency placement and 598 individuals designated priority one placements. The priority one Waiting List includes 110 individuals with caregivers age 70 and older and 99 individuals with caregivers between the ages of 60 and 69. The average cost of residential services of priority one consumers is estimated to be approximately \$88,000 for a full year. The actual cost varies by the assessed level of need (LON) of the individual. The community residential services are covered under the Home and Community Based Services Waiver and the state receives 50% federal Medicaid reimbursement which is deposited to the General Fund.

**Legislative:** Recognize partial reimbursement of additional state funding to reduce waiting lists for Community Residential Services. Section 1 of PA 14-47, the FY 15 Revised Budget, provides additional funding to reflect half year funding of 100 individuals designated priority one placements on the department's Waiting List.

## Recognize Reimbursement to Enhance Long-Term Care Process

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
-	400,000	400,000

**Background:** The settlement of Paul Shafer and Joshua Hardy v. Roderick Bremby (Commissioner of the Department of Social Services (DSS)) requires the state to process 92% of Medicaid applications (long-term care and non long-term care applications) in accordance with federal regulations. In addition, the settlement requires the DSS to process pending Medicaid applications, currently in backlog, in accordance with specified timeframes/benchmarks stipulated in the settlement agreement between the parties.

**Legislative:** Recognize partial reimbursement of additional state funding to process long-term care applications. Additional funding is provided per Section 1 of PA 14-47, the FY 15 Revised Budget, to support 35 positions to process Medicaid applications, including long-term care applications.

## Recognize Reimbursement for Primary Care Rate Increases

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
400,000	400,000	-

**Background:** The federal Affordable Care Act requires states to increase Medicaid reimbursement to Medicare levels for calendar years 2013 and 2014. The two year rate increase is 100% reimbursed by the federal government. Funding, before federal reimbursement, of \$107,170,000 (including \$30.9 million for FY 13 costs payable in FY 14) was included in FY 14 and \$47,630,000 is included in FY 15 for the rate increase.

**Governor:** A \$400,000 increase is reflected due to increased federal matching revenue from a policy to continue primary care rate increases under the HUSKY B program. This amount reflect a 65% federal match.

**Legislative:** Same as Governor. Section 1 of PA 14-47, the FY 15 Revised Budget, provides additional funding to continue primary care rate increases under the HUSKY B program.

500,000	500,000	-

**Governor:** A \$500,000 increase is reflected due to the transfer of Autism Waiver costs from the Department of Social Services (DSS) to the Department of Developmental Disabilities (DDS). Under the DSS Medicaid account, the cost of the waiver program was budgeted net of the 50% federal share. However, under DDS, the cost would be appropriated in the traditional gross funding manner. This adjustment reflects this change in manner of budgeting.

**Legislative:** Same as Governor. Section 1 of PA 14-47, the FY 15 Revised Budget, enacts the change in funding of the program to a line item which is subject to reimbursement.

## Maximize Reimbursements for Enhanced Psychiatric Care

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
3,800,000	3,800,000	-

**Background:** With the provision of \$150,000 in the Department of Children and Families' (DCF) Other Expenses account to support medical consultation costs, increased Medicaid and third party reimbursements for care provided at the Albert J. Solnit Psychiatric Center - South Campus, totaling \$5.8 million annually, is anticipated. This revenue, identified by DCF in partnership with the Office of the Healthcare Advocate, will be generated through the validation of the medical necessity of court-ordered placements at Solnit - South by a medical doctor.

**Governor:** Recognize additional revenue received as reimbursement for enhanced psychiatric care.

**Legislative:** Same as Governor. Additional state funds are provided in Section 1 of PA 14-47, the FY 15 Revised Budget.

## Recognize Reimbursement to Provide Wage Increases

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$

### Adjust Transfer of Tobacco Funds from Litigation Agreement

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
-	13,960,000	13,960,000

**Background:** In May of 2013, Connecticut joined 21 other states in a partial settlement with the major tobacco companies of a dispute dating from 2006 regarding payments to the states under the 1998 tobacco Master Settlement Agreement, from which Connecticut was anticipated to receive \$63 million. Of the \$63 million total, \$40 million was reserved to help fulfill the state's obligation to meet Generally Accepted Accounting Principles (GAAP). Sections 110-112 of PA 13-247, the FY 14-15 budget implementer, enact this provision.

**Legislative:** Treat the Tobacco Settlement Fund amount reserved for the Medicaid portion of the FY 14 GAAP adjustment as FY 15 General Fund revenue, instead. The total amount required for this purpose was approximately \$14 million less due to the policy decision to begin to appropriate Medicaid on a net rather than gross basis beginning in FY 14. Sections 34 and 35(b) of PA 14-47, the FY 15 Revised Budget, reduce, from \$40 million to \$26.0 million, the amount of litigation settlement funds for the purpose of funding the FY 14 requirements necessary to comply with GAAP. Section 36 includes this approximate \$14 million difference along with an additional \$5.5 million diversion of tobacco settlement funds to the General Fund for a total transfer of approximately \$19.5 million to FY 15.

### Adjust Funding for the Board of Regents

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
(60,000,000)	-	60,000,000

**Governor:** Divert FY 15 General Fund revenue to a new account within the Board of Regents Agency. Section 13 of HB 5030, "AA Making Adjustments to State Expenditures for the Fiscal Year Ending June 30, 2015," implements this one-time diversion. The purposes of the funds are to support the following: 1) Keep tuition stable; 2) identify and contact students who have not completed degrees and provide students with a customized roadmap for completion; 3) offer students returning to CSCU institutions up to three free classes if they pay for three classes; 4) expand the early college experience for at-risk students to earn community college credits while still in high school; 5) enhance support services for veterans returning from service and pursuing higher education; 6) help to ensure seamless transfer and articulation across BOR institutions; and 7) provide support for developmental education.

**Legislative:** Do not divert FY 15 General Fund revenue to the Board of Regents. Instead, the FY 15 Revised Budget contains a \$23 million General Fund appropriation and a \$19 million one-time transfer of the balance of the CT Student Loan Foundation.

### Adjust Planned Use of a Portion of the FY 13 Surplus

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
(30,000,000)	-	30,000,000

**Background:** Fiscal Year 2013 ended with a General Fund surplus of \$398.8 million. Section 58 of PA 13-184, the FY 14-15 Biennial Budget, allows \$220.8 million of that surplus to be reserved for General Fund budgetary needs: \$190.8 million was credited to FY 14 and \$30 million was credited to FY 15 revenue. The remaining \$178.0 million was deposited into the Budget Reserve Fund pursuant to CGS 4-30a.

**Governor:** Reverse the credit and restore the funds to the Budget Reserve Fund. Section 21 of HB 5030, "AA Making Adjustments to State Expenditures for the Fiscal Year Ending June 30, 2015," reverses the credit.

**Legislative:** Maintain the credit of \$30 million in FY 13 surplus funds to the FY 15 budget.

### Maximize Reimbursements for Enhanced Psychiatric Care

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
1,950,000	1,950,000	-

**Background:** With the provision of \$150,000 in the Department of Children and Families' (DCF) Other Expenses account to support medical consultation costs, increased Medicaid and third party reimbursements for care provided at the Albert J. Solnit Psychiatric Center - South Campus, totaling \$5.8 million annually, is anticipated. This revenue, identified by DCF in partnership with the Office of the Healthcare Advocate, will be generated through the validation of the medical necessity of court-ordered placements at Solnit - South by a medical doctor.

**Governor:** Recognize additional revenue received as reimbursement for enhanced psychiatric care.

**Legislative:** Same as Governor. Additional state funds are provided in Section 1 of PA 14-47, the FY 15 Revised Budget.

## Divert Private Occupational Student Protection Funds

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
-	500,000	500,000

**Background:** Each private occupational school must pay 1/2 of 1% of its quarterly net tuition revenue to the state treasurer for deposit into a special account administered by the State Department of Higher Education from which students can get tuition reimbursement if a school fails.

**Legislative:** Divert funds from the account. Section 38 of PA 14-47, the FY 15 Revised Budget, as amended by Section 218 of PA 14-217, the budget implementer, enacts the revenue diversion.

## Reduce General Fund Transfer to Special Transportation Fund

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
-	2,100,000	2,100,000

**Legislative:** Section 54 of PA 14-47, the FY 15 Revised Budget, eliminates the scheduled \$2.1 million General Fund transfer to the Special Transportation Fund in FY 15. CGS 13b-61c provides an annual transfer from the General Fund to the Special Transportation Fund which was reduced in FY 15 by Section 88 of PA 13-184, the FY 14 and FY 15 Biennial Budget, from \$172.8 to \$2.1 million.

## Reduce Transfers to the Tobacco Health Trust Fund

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
-	4,000,000	4,000,000

**Background:** The purpose of the Tobacco and Health Trust Fund (THTF) is to create a continuing significant source of money to (1) support and encourage programs to reduce tobacco abuse through prevention, education and cessation, (2) support and encourage program development for substance abuse reduction and (3) develop and implement programs to meet the state's unmet physical and mental health needs. A THTF Board of Trustees was established pursuant to Section 15 of PA 00-216 to select programs to receive money from the Fund. The Board's selections, per CGS Sec. 4-28f, must be submitted to the Appropriations and Public Health Committees for authorization. The THTF receives an annual, statutory disbursement from the Tobacco Settlement Fund (TSF) as well as any TSF revenue that exceeds the total statutory disbursements from the TSF.

**Legislative:** Sections 32-33 of PA 14-47, the FY 15 Revised Budget, as amended by Sections 214-216 of PA 14-217, the budget implementer, enact a \$1 million diversion from the FY 14 balance of the THTF and a \$3 million diversion from the FY 15 balance of the THTF for a total \$4 million diversion which is to be recognized as FY 15 General Fund revenue.

The \$1 million diversion from the FY 14 balance of the THTF is in addition to a \$3.5 million diversion from the FY 14 balance of the THTF that was already enacted pursuant to Section 109 of PA 13-184, the FY 14 and FY 15 Biennial Budget, and a \$6 million reduction to the annual TSF disbursement to the THTF in accordance with Section 71 of the same public act. Section 71 of PA 13-184 also contained a \$6 million reduction to the annual TSF disbursement to the THTF in FY 15. The cumulative effect of these various diversions and the reduction in its annual statutory disbursement is to decrease anticipated THTF funding by \$10.5 million in FY 14 and \$9 million in FY 15.

## Divert Biomedical Research Funds

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
-	1,000,000	1,000,000

**Background:** The Biomedical Research Trust Fund (BRTF) was established by PA 00-216 as a separate nonlapsing fund that can accept transfers from the Tobacco Settlement Fund and receive gifts, grants or donations from public or private sources. The Commissioner of Public Health awards grants-in-aid from the Fund to eligible institutions for the purpose of supporting biomedical research in the fields of heart disease, cancer and other tobacco-related diseases, Alzheimer's disease, stroke and diabetes. PA 13-208 authorized not more than 2% of the total available amount held in the BRTF to be made available to the Department of Public Health for administration expenses relating to the Fund, such as determining and awarding grants-in-aid.

**Legislative:** Divert fund balances in the amount of \$500,000 from the BRTF in both FY 14 and FY 15 and credit these amounts, totalling \$1 million, to the General Fund in FY 15. Section 37 of PA 14-47, the FY 15 Revised Budget, as amended by Section 217 of PA 14-217, the budget implementer, enacts these sweeps.

## Divert Surplus FY 14 Tobacco Funds

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
-	5,500,000	5,500,000

**Background:** In the 1990s, states sued major tobacco companies to obtain reimbursement for health impairments caused by the public's use of tobacco. In 1998, four of the nation's largest tobacco companies signed a Master Settlement Agreement (MSA) agreeing to make annual payments to 46 states, including Connecticut, in perpetuity as reimbursement for past tobacco-related health care costs. Revenue received by Connecticut resulting from the MSA is deposited into the Tobacco Settlement Fund (TSF). Per CGS Sec. 4-28e, TSF revenue that exceeds the total amount of all statutory disbursements in a fiscal year is transferred from the TSF into the Tobacco and Health Trust Fund (THTF).

**Legislative:** Sweep FY 14 surplus from the Tobacco Settlement Fund. Section 36 of PA 14-47, the FY 15 Revised Budget, enacts this sweep which reduces the amount of revenue that would otherwise be transferred to the THTF.

### April Consensus Update

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
-	(1,000,000)	(1,000,000)

The April Consensus estimates for FY 15 are lower than the January Consensus by \$1.0 million due to a decrease in the FY 14 estimate of \$900,000 which effectively lowered the FY 15 revenue base. The estimated FY 15 growth remained relatively the same in April from January with minor technical adjustments.

#### Reconfigure Tax on Motor Vehicle Fuels Regarding Natural Gas

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$
-	(100,000)	(100,000)

**Background:** PA 14-155, "AAC the Department of Revenue Services Statutes and Procedures". requires DRS, in in consultation with the Department of Energy and Environmental Protection, to issue information concerning reconfiguring the tax on motor vehicle fuels occurring in gaseous form. This information will be used to calculate the liquid gallon conversion factor on gaseous liquids(natural gas or propane).

**Legislative:** Reconfigure the tax on motor vehicle fuels occurring in gaseous form. Section 2 of PA 14-155 implements this provision.

#### Exempt Certain Vessels from the Motor Fuels Tax

Governor FY 15 \$	Legislative FY 15 \$	Difference FY 15 \$

## VII. CAPITAL BUDGET

FY 85 - FY 15 Legislative Bond Authorizations (in millions)<sup>1</sup>

<sup>1</sup>Does not include cancellations of prior bond authorizations. The FY 94 total includes \$252.1 million authorized in September 1993 for the construction of a stadium in Hartford. This authorization was subsequently repealed by Section 101 of PA 94-2. The FY 99 total includes \$274.4 million authorized in December 1999 for the construction of the Patriots stadium in Hartford. The authorization was subsequently repealed by Section 65 of PA 99-241.

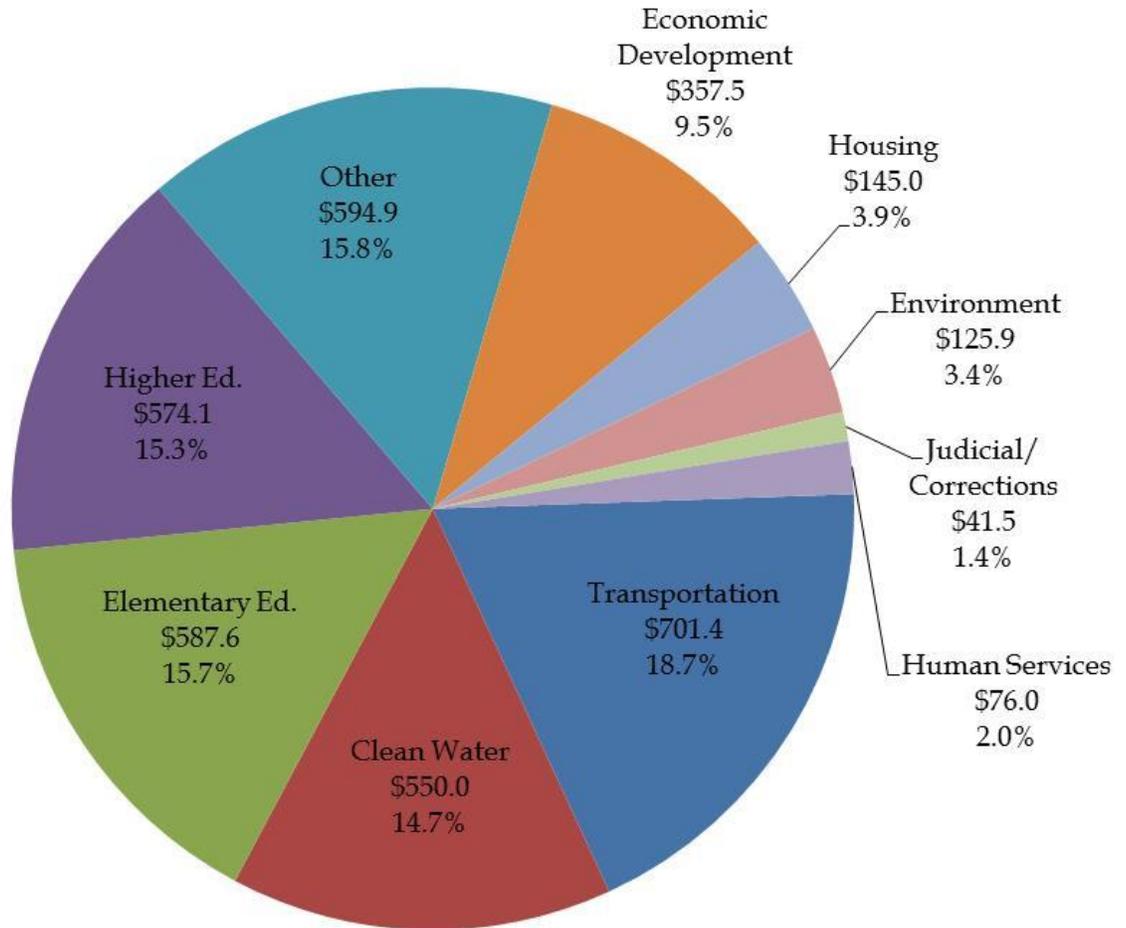

## FY 84 - FY 14 Bond Commission Allocations (in millions)<sup>1</sup>

<sup>1</sup>Bonds authorized for UConn 2000 and CSCU 2020 infrastructure improvement programs are only included in first year that the State Bond Commission allocated the funds because legislation only requires that the Commission approve the master resolution. ### **Statutory Debt Limit**

The state's level of General Fund indebtedness for FY 15<sup>5</sup> was \$12.8 billion as of July 1, 2014, which is approximately 86.7% of the statutory limit. As the table on the following page shows, the range between 1994 and 2015 has been from 70.2% (FY 12) to 90% (FY 03). The FY 15 level of 86.7% is 3.3 percentage points or \$0.8 billion away from the 90% level. If the 90% level is reached, a trigger provision in CGS Sec. 2-27b would require the Governor to review each bond authorization for which no obligations have yet been incurred and recommend priorities for repealing them to the Finance, Revenue and Bonding Committee. The committee would consider the recommendations and propose whatever legislation it concluded was necessary to repeal any of the authorizations.

### **Description of the Debt Limit**

CGS Sec. 3-21 imposes a ceiling<sup>6</sup> on the total amount of General Obligation (GO) bonds the General Assembly may authorize. The limit is 1.6 times total General Fund tax receipts (net of refunds) projected by the Finance, Revenue and Bonding Committee for the fiscal year in which the bonds are authorized (see calculation below). The statute prohibits the General Assembly from authorizing any additional General Fund-supported debt, except what is required to meet cash flow needs or emergencies resulting from natural disasters, when the aggregate amount of outstanding debt and authorized but unissued debt exceed this amount. Certain types of debt are excluded from the statutory debt limit calculation, including: (1) debts incurred for federally reimbursable public works projects, (2) assets in debt retirement funds, (3) debt incurred in anticipation of revenue, (4) debt incurred to fund General Fund budget deficits and (5) some other purposes. (Examples of excluded debt are tax incremental financing bonds, Special Transportation GO bonds, Bradley Airport revenue bonds, Clean Water Fund revenue bonds, Connecticut Unemployment revenue bonds, Economic Recovery Notes and Teachers' Retirement Fund Pension Obligation Bonds).

The statute requires the Office of the State Treasurer to certify that any bill authorizing bonds does not violate the debt limit, before the General Assembly may vote on the bill. A similar certification is required before the state Bond Commission can authorize any new bonds to be issued. Under the provisions of CGS Sec. 2-27b, the State Treasurer is also required to compute the state's aggregate bonded indebtedness each January 1 and July 1.

---

<sup>5</sup>The estimate is based on the revised FY 15 revenue estimates adopted by the Finance, Revenue and Bonding Committee on May 23, 2014.

<sup>6</sup>Between FY 75 and FY 92, the state debt limit was 4.5 times the net General Fund tax receipts received during the previous fiscal year that ended not less than three, or more than 15 calendar months prior to such issuance. The current calculation method has been used since FY 93.

The Certificate of State Indebtedness issued by the Office of the State Treasurer on May 6, 2014 indicated the following:

<b>Certificate of State Indebtedness</b>	<b>Amount \$</b>
FY 15 limit on GO bonds (1.6 x FY 15 revenue estimates)	23,865,440,000
FY 15 net GO bond indebtedness	20,692,332,847

## VIII. MUNICIPAL

### Major Appropriated Grants and Other Municipal Aid

The FY 15 Revised Budget increases municipal aid by approximately \$56 million over FY 15 original appropriations levels. The most significant of these changes are an additional:

- \$12.5 million for Magnet Schools,
- \$12.7 million in Municipal Revenue Sharing Account funding to reimburse towns for funding they lost inadvertently when the MRSA account was terminated effective June 30, 2013,
- \$8.3 million for ECS grants,
- \$10 million for the State Property PILOT grant,
- \$10 million for the College & Hospital PILOT grant, and
- \$1.1 million for a Property Tax Relief grant. Of this appropriation, payments of \$778,276 are intended to hold harmless any municipalities whose combined total State Property PILOT, College & Hospital PILOT, and Pequot grant payments in FY 15 are lower than in FY 14. Additional payments are also distributed to Montville (\$345,327) and Norwich (\$3,211).

<sup>1</sup>FY 14 Actuals for appropriated grants are from the Office of the State Comptroller's 9/30/14 unaudited General Fund financial statements. Figures include carry forward expenditures. Additionally, agencies may set aside a portion of a grant appropriation for grant administration, which they may transfer to other agency accounts. These transfers are considered appropriations adjustments and are not included in final FY 14 expenditure figures.

<sup>2</sup>PA 13-184, the FY 14 and FY 15 budget, transferred \$74.8 million in FY 14 and \$74.3 million in FY 15 from the SDE Priority School Districts account to reflect the transfer of School Readiness Quality Enhancement from SDE to OEC.

<sup>3</sup>PA 13-184, the FY 14 and FY 15 budget, eliminated the Municipal Revenue Sharing Account (MRSA). Bonded payments of \$56.4 million are to be distributed each year of the FY 14 and FY 15 biennium, to towns in lieu thereof, on the basis of each town's FY 13 Manufacturing Transition Grant payment. These funds are subject to the same provisions as Town Aid Road grants. In addition, the FY 15 revised budget includes \$12.7 million to reimburse towns for the revenue they lost inadvertently when the MRSA account was terminated effective June 30, 2013.

<sup>4</sup>Does not include charter school funding of \$74.6 million in FY 14 and \$91.5 million in FY 15.

## PILOT Grants

Two significant sources of state aid to municipalities are the State Property PILOT and College & Hospital PILOT grants. Together with Mashantucket Pequot and Mohegan Fund grants, they comprise the largest source of appropriated, unrestricted state aid to towns.

C.G.S. 12-19 requires the state to reimburse municipalities for the tax loss on tax-exempt state property at the following rates, with some minor exceptions (as referenced in Table 1 and 2):

- 100% for: 1) land used as a correctional facility or juvenile detention facility; 2) the portion of John Dempsey Hospital at the UConn Health Center used to provide medical care to prisoners must also be reimbursed at 100%; 3) all state land in any town in which the state owns more than 50% of the land in the town
- 65% for Connecticut Valley Hospital in Middletown
- 45% for all other state-owned land

Similarly, C.G.S. 12-20 requires the state to reimburse municipalities for the tax loss on real private college and hospital property that is exempt from taxation. This property is required to be reimbursed at 77%, with some minor exceptions (as referenced in Table 1 and 2).

Both State Property PILOT payments and the College & Hospital PILOT payments can be prorated in years in which the appropriations for the two grants are insufficient to make full payments.

The two tables below show how much each municipality receives under three scenarios: 1) if the state and private colleges and hospitals were not tax exempt and paid a full real estate tax bill to each town; 2) if the two grants were funded sufficiently to make full payments under the statutory formulas described above; and 3) OFA's estimate of what each town receive in FY 15 as a State Property PILOT and College & Hospital PILOT grant. Additionally, each table also shows each town's effective reimbursement rate- the portion of the full real property tax bill, for each town, that is actually received in PILOT payments.

<sup>1</sup>Does not include \$1.6 million in payments to Ledyard and Montville that are not subject to proration. Additionally, the effective reimbursement rate of 24% applies to land that is statutorily reimbursed at 45%. The effective reimbursement rate for certain types of property (such as prison property) is higher, because that land is statutorily required to be reimbursed at a higher rate. As such, towns with land that is statutorily reimbursed at 100% (or 65% in Middletown) have higher effective reimbursement rates.

## IX. APPENDIX

### The State Budget Process

**Overview:** The State of Connecticut uses a biennial budget process. In odd-numbered years (2013, 2015), the Governor presents a recommended budget for the next two years at the beginning of February<sup>7</sup>. The Governor's budget recommendations are formulated by the Office of Policy and Management (OPM). In even-numbered years (2014, 2016), the Governor reports on the status of the biennial budget and makes recommendations for revisions and adjustments if they are needed. The state's fiscal year runs from July 1 through June 30.

**Budget Formulation:** The process begins in July when OPM sends instructions to agencies to prepare: (1) a current services funding level and (2) a list of options for expenditure or revenue changes above or below the current services level. From September through October, OPM budget analysts review requests and prepare recommendations. The Governor and the Secretary of OPM review the recommendations and make adjustments.

In February the Governor presents to the legislature: 1) a budget message; 2) recommendations for appropriations (spending) for every agency; 3) revenue projections; 4) drafts of the appropriations, bonding and revenue bills that implement the recommendations; and 5) a report on the state's economy.

**The General Assembly** (legislature) has the ultimate "power of the purse," which is to appropriate (authorize to spend) public funds and raise revenue. In February, the legislature's Appropriations Committee begins its review of the Governor's recommendations by holding public hearings on each agency's budget. This is followed by work sessions<sup>8</sup> with subcommittee members, agency heads and staff from the Office of Fiscal Analysis (OFA)<sup>9</sup>. The purpose of these sessions is to produce recommendations that are presented to the Appropriations chairs, who decide what will be included in the final version that is voted on by the committee.

Similar action is taken by the Finance, Revenue and Bonding Committee, which reviews the Governor's revenue-related and capital projects (bonding) recommendations.

**Passage:** After the Appropriations and Finance Committees approve a budget and tax package, the House and Senate leaders, usually in consultation with the Governor's

---

<sup>7</sup>The Governor is responsible for: (1) recommending a balanced budget to the legislature and (2) executing the budget passed by the legislature.

<sup>8</sup>The Appropriations Committee has sub-committees that review the budgets of agencies grouped by function of government.

<sup>9</sup>The Office of Fiscal Analysis is the legislature's non-partisan budget office.

Office and OPM, work to develop final versions of the budget, revenue and bonding bills. Both chambers vote on the final versions and if they are approved by the legislature, such bills go to the Governor to be signed.

The budget bill is called the **appropriations act** after it is signed by the Governor. The legislature also passes enabling legislation called **implementer bills** that contain the policy provisions to put the state budget into effect. There are often three implementer bills: (1) general government, (2) human services and (3) education. Sometimes more implementer bills are needed.

The revenue bill or **tax package** contains all revenue-related provisions.

The bond bill(s), also known as the **bond package**, authorizes funds for capital projects<sup>10</sup>, financial assistance programs and transportation-related projects.

In some years, legislative leaders choose to combine the tax package, bond bills and appropriations bill into a single document.

**Budget Execution:** Agency appropriations are administered by OPM budget staff through quarterly allotments. The Governor may restrict allotments due to a change in circumstances, or when estimated budget resources will be insufficient to fully finance appropriations.

Bond funds are allocated or made available for expenditure by the State Bond Commission, a joint executive-legislative body. Bond authorizations continue to be available for allocation until they are canceled by the legislature.

**Spending Cap:** The cap on general budget expenditures, which was passed in 1991, specifies that expenditures may not exceed prior year spending by more than a given percentage<sup>11</sup>. The cap calculation exempts: (1) debt service expenditures, (2) grants to distressed municipalities in effect on July 1, 1991, (3) the first year of spending on court orders and federal mandates, and (3) transfers to the Budget Reserve Fund. The cap can only be exceeded if: (a) the Governor declares emergency or extraordinary circumstances and (b) a three-fifths vote of the General Assembly to do so.

---

<sup>10</sup>Capital projects include new state-owned facilities and equipment, and improvements, repairs and additions to existing state-owned facilities. Financial assistance programs are administered by state agencies and provide funds to municipal and non-government entities through grants and/or loans.

<sup>11</sup>The percentage is the greater of: (1) the average percentage increase in personal income over the preceding five years as determined by the U.S. Bureau of Economic Analysis or (2) the percentage increase in inflation during the preceding twelve months as determined by the U.S. Bureau of Labor Statistics.

## Budget and Finance Related Legislation

Public Act	Title/Description
<b>Budget Act</b>	
<b>PA 14-47 (HB 5596)</b>	<p><b>AN ACT MAKING ADJUSTMENTS TO STATE EXPENDITURES AND REVENUES FOR THE FISCAL YEAR ENDING JUNE 30, 2015.</b></p> <p>This act contains a revised budget package for FY 15 of \$18,993.2 million in appropriations and \$19,003.9 million in revenue estimates, spending adjustments for FY 14 and various revenue changes for FY 15. This includes: (1) net reductions to original FY 15 appropriations in all funds of \$2.2 million, (2) net reductions in original FY 15 General Fund appropriations of \$40.4 million, (3) carry forward funding provisions totaling \$6.5 million (of which \$5.2 million reduces the FY 14 estimated surplus), (4) provisions to implement the budget, (5) deficiency funding of \$58 million in FY 14 for various agencies (offset by a corresponding reduction to appropriations in other agencies), (6) various policy changes that yield General Fund net revenue increases of \$2.9 million in FY 15, and (7) revenue estimates as adopted by the Finance, Revenue and Bonding Committee 5/3/14.</p>
<b>Implementer Act</b>	
<b>PA 14-217 (HB 5597)</b>	<p><b>AN ACT IMPLEMENTING PROVISIONS OF THE STATE BUDGET FOR THE FISCAL YEAR ENDING JUNE 30, 2015.</b></p> <p>This act reduces the General Fund balance from \$2.2 million to \$0.4 million in FY 15 by making changes to appropriations in PA 14-47, the FY 15 Revised Budget, which result in a net increase of \$526,814, and makes changes that result in a \$1.3 million revenue loss. The act includes various changes to implement the FY 15 Revised Budget and includes other provisions.</p>
<b>Bond Act</b>	
<b>PA 14-98 (sSB 29)</b>	<p><b>AN ACT AUTHORIZING AND ADJUSTING BONDS OF THE STATE FOR CAPITAL IMPROVEMENTS, TRANSPORTATION AND OTHER PURPOSES, AND CONCERNING MISCELLANEOUS PROGRAMS, INCLUDING THE SMART START PROGRAM, THE WATER IMPROVEMENT SYSTEM PROGRAM, SCHOOL SECURITY GRANTS, THE REGENERATIVE MEDICINE RESEARCH FUND, THE CONNECTICUT MANUFACTURING INNOVATION FUND AND THE BOARD OF REGENTS FOR HIGHER EDUCATION INFRASTRUCTURE ACT.</b></p> <p>This act authorizes up to a total of \$968.7 million in new General Obligation (GO) bonds between FY 14 and FY 24 for state capital projects and grant programs, including school construction, water quality, and economic development projects; open space acquisition and preservation; improvements to state buildings and property; and grants to municipalities and nonprofit entities. This act additionally authorizes \$77.6 million in new Special Tax Obligation (STO) bonds in FY 15 for transportation projects. It cancels the \$60 million in STO bonds previously authorized in FY 15 for the town-aid road grant program and authorizes \$60 million in GO bonds to fund the program. This act creates the Connecticut State Colleges and Universities (CSCU) system, which is comprised of the community college system and the Connecticut State University system and provides an additional \$103.5 million in funding for the CSCU 2020 (formerly the CSUS 2020) program.</p>

Public Act	Title/Description
<b>Other Budget and Finance Related Acts</b>	
<b>PA 14-39 (sHB 5562)</b>	<p><b>AN ACT ESTABLISHING THE OFFICE OF EARLY CHILDHOOD, EXPANDING OPPORTUNITIES FOR EARLY CHILDHOOD EDUCATION AND CONCERNING DYSLEXIA AND SPECIAL EDUCATION.</b></p> <p>This act establishes the Office of Early Childhood (OEC), which assumes the responsibility for administering the following major programs as of July 1, 2014: school readiness; the Children's Trust Fund; Connecticut Charts-a-Course; state and federally funded child day care subsidies; child day care services management, evaluation, and professional development; child day care facilities licensing and inspection, and youth camp oversight. The act also reassigns various funds, grants, and loans to OEC oversight. This act makes several changes to school readiness program funding, which the state provides through various grants allowing towns to purchase seats for three-to five-year olds who are too young to attend kindergarten. The act expands school readiness seats and who is eligible for them, and increases the cost per seat from a maximum of \$8,346 to \$8,670. This act makes several other major substantive changes in the following ways: (1) requires OEC to make more frequent unannounced visits to all licensed day care centers, group day care homes, and family day care homes; (2) gives OEC more authority over school readiness staff qualification requirements; and (3) changes the organization and membership of certain councils, committees, and cabinets.</p>
<b>PA 14-41 (sSB 25)</b>	<p><b>AN ACT ESTABLISHING THE CONNECTICUT SMART START PROGRAM.</b></p> <p>This act establishes the new Connecticut Smart Start competitive grant program to reimburse towns for costs related to preschool expansion, through June 30, 2024. The Office of Early Childhood, in consultation with the State Department of Education, is required to design and administer the program. Section 138 of PA 14-217, the budget implementer, transfers \$10 million annually from FY 16 - FY 25, from the Tobacco Settlement Fund to the Smart Start competitive grant account. Section 24 of PA 14-98, the bond bill, establishes the smart start competitive grant account, while section 25 authorizes the issuance of bonds for the grant program (\$15 million in FY 15 and \$10 million annually thereafter through FY 24).</p>
<b>PA 14-90 (sSB 475)</b>	<p><b>AN ACT CONCERNING AUTHORIZATION OF STATE GRANT COMMITMENTS FOR SCHOOL BUILDING PROJECTS AND CONCERNING CHANGES TO THE STATUTES CONCERNING SCHOOL BUILDING PROJECTS.</b></p> <p>This act approves \$522.3 million in state grant commitments for school construction projects which will result in a General Fund debt service cost of \$796.5 million. This includes: (1) \$180.7 million for 21 new projects, (2) \$196.5 million for nine previously-authorized projects that have changed substantially (more than 10%) in cost or scope and (3) \$145 million for various notwithstanding sections.</p>
<b>PA 14-228 (sSB 465)</b>	<p><b>AN ACT CONCERNING IGNITION INTERLOCK DEVICES.</b></p> <p>This act requires any driver convicted of an administrative per se violation to install an ignition interlock device (IID) in all owned and operated vehicles after the license suspension period. Each driver that is required to install an IID must pay an administrative fee of \$100 to the Department of Motor Vehicles (DMV) prior to installation. This will result in a revenue gain to the Ignition Interlock Device Administration Account within DMV of up to \$650,000 annually beginning in FY 16.</p>

<b>Public Act</b>	<b>Title/Description</b>
<b>SA 14-23 (sHB 5550)</b>	<p><b>AN ACT CONCERNING THE CONVEYANCE OF CERTAIN PARCELS OF STATE LAND AND THE RATE OF ASSESSMENT OF CERTAIN RESIDENTIAL PROPERTY IN HARTFORD.</b></p> <p>This act: (1) authorizes the conveyance of state property to the towns of New Haven, Colchester, Barkhamsted and the Cheshire Community Food Pantry, (2) amends prior conveyances in East Lyme and Morris, (3) grants an easement to Windham for water main repair and equipment, (4) allows the residential property assessment rate to be applied to property conveyed from a nonprofit entity to a for-profit entity in Hartford, (5) allows custody of a parcel in Hartford to be transferred from DAS to the Connecticut Regional Development Authority and (6) repeals previously authorized land transfers in East Hartford, Norwalk, East Haven, Bridgeport and Stratford.</p>

## **Glossary of Budget Book Terms**

### **Account/Major Object**

The Connecticut budget appropriates agency funds by account. Within each account, categories of expenditures are called major objects. For example, Other Expenses (description below) is an account and Utilities-Fuel is a major object within the Other Expenses account. An agency generally has discretion to make expenditures within a major object as it sees fit unless it has been instructed to spend funds in a specific manner.

### **Act (also, Public Act or Special Act)**

The designation for a bill that has been passed by both chambers of the legislature. A public act (PA) amends the Connecticut General Statutes. A special act (SA) has limited application or is of limited duration and is not incorporated into the Connecticut General Statutes. Act numbers are assigned by the Legislative Commissioners' Office.

### **Adopted Budget**

See the description below for "Budget Act."

### **Agency Program**

A group of activities with a common element or theme that either: (1) achieve the same goal or serve the same purpose, (2) serve slightly different purposes but are performed by the same type of employees, or (3) provide similar services to the same target population. For example, the Department of Agriculture administers the Connecticut Grown Product Promotion Program, which provides funding to promote locally-grown products through several marketing venues.

### **Allotment**

A portion of an appropriation (description below) that is made available to pay an agency's encumbrances (description below) and expenditures (description below) for a certain period or purpose. The Office of Policy and Management (description below) usually allots appropriated funds to agencies on a quarterly basis (every three months).

### **Annualization of Partial Year Costs/Funding**

Partial year funding occurs in the first year of implementation of a program, when resources are provided for less than a 12-month period. Annualization of partial year costs or funding refers to providing the amount of resources necessary to fund a full 12-month period of the operation in the second year of the program.

### **Appropriation/Appropriated Fund**

An authorization by the General Assembly to spend and incur liabilities for a specific purpose. The General Assembly appropriates the following funds: (1) the General Fund; (2) the Special Transportation Fund; (3) the Mashantucket Pequot and Mohegan Fund; (4) the Regional Market Fund; (5) the Banking Fund; (6) the Insurance Fund; (7)

the Consumer Counsel and Public Utility Control Fund; (8) the Workers' Compensation Fund; and (9) the Criminal Injuries Compensation Fund.

### **Appropriations Committee**

A legislative committee that is currently composed of 54 members of either the Senate or the House of Representatives. It is responsible for: (a) reviewing all expenditure-related matters and (b) producing a final committee budget to be voted on by both chambers and ultimately submitted to the Governor for signature. It also deals with: (c) state employees' salaries, benefits and retirement, (d) teachers' retirement, (e) collective bargaining agreements and (f) arbitration awards for all state employees. The committee is divided into 13 subcommittees that review individual agency budgets and make recommendations. The Appropriations subcommittees are:

1. Legislative,
2. General Government A,
3. General Government B,
4. Regulation and Protection,
5. Conservation and Development,
6. Health and Hospitals,
7. Transportation,
8. Human Services,
9. Higher Education,
10. Elementary and Secondary Education,
11. Judicial and Corrections,
12. Collective Bargaining and
13. Results Based Accountability.

### **Banking Fund**

The fund primarily supports the ongoing operation of the Department of Banking. The revenue source is the assessments, fees and fines paid by depository institutions.

### **Biennial Budget**

Connecticut changed from annual to biennial budgets in 1991. The change was enacted as part of a massive budget and tax bill that included the state income tax. The first year of the biennium is always the even-numbered year (i.e., the FY 14 and FY 15 biennium). The General Assembly is elected for a two-year term, which coincides with the two-year biennial budget cycle.

### **Bill**

A written proposal to change existing law or enact a new law prepared by the Legislative Commissioners' Office. Bills that pass both legislative chambers and are signed by the Governor are called acts (definition above).

### **Bond Allocation**

Bond authorizations must be allocated or approved by the State Bond Commission (description below) to actually commit funding to a specific capital project or financial

assistance program. After bond funds are allocated: (1) they are available for expenditure by the agency, town or organization that received the allocation and (2) the state is prepared to issue General Obligation (GO) or Special Tax Obligation (STO) bonds (descriptions below) to support the allocation.

### **Bond Authorization**

The amount approved by the General Assembly in an act for a specific project or program. Authorizations can be thought of as enabling legislation. A bond authorization must be allocated through the State Bond Commission before an agency can actually expend funds for a specific project or program.

### **Bond Act**

A type of enabling legislation enacted by the General Assembly based on recommendations from the Finance, Revenue and Bonding Committee. The act contains new bond authorizations for capital projects and financial assistance programs and revisions to authorizations from prior years.

### **Bond Commission**

See the description below for “State Bond Commission (SBC).”

### **Budget Act (also, Adopted Budget)**

A budget act specifies appropriations for state agencies for a specific period of time, usually a biennium or a fiscal year. A budget act must be: (a) approved by both houses of the General Assembly and (b) signed by the Governor before it can be implemented by the Office of Policy and Management. Connecticut’s budget act normally contains three sections: (1) the front of the budget, (2) revenue estimates for the period covered by the budget act and (3) the back of the budget language. The sections can be described as follows:

1. The front of the budget lists appropriations to finance state agency operations over a specific period of time.
2. The revenue estimates indicate the amount of financial resources that are estimated to be available to pay for the state’s appropriations. By law, the legislature must pass a balanced budget in which appropriations are equal to estimated revenue. The estimates included in the budget act must first be adopted by the Finance, Revenue and Bonding Committee.
3. Back of the budget language authorizes a variety of expenditure-related provisions that are necessary to carry on state operations. These include the redirection of previously appropriated funds, transfers between funds, carry forwards of funds from one fiscal year to another, changes to statutory language for spending programs like grant payments to towns, and any technical and conforming changes needed to enact the spending plan in the front of the budget.

### **Budget Options**

Funding requests that increase or decrease the current services level of spending for specific programs. Agencies are required to submit budget options to the Office of

Policy and Management (description below) when they submit their biennial or revised budget request, usually in the fall of each year.

### **Budget Request**

An agency's itemized plan that shows the amount of funding required to carry out the specific functions assigned to it in state statute. The request includes: (1) a current services funding level (description below) that reflects the amount of funding needed to maintain the agency's current level of operations and (2) a list of budget options for expenditure changes above or below the current services level. The agency's biennial budget request covers a two year period and its revised budget request makes changes to the second year of the biennium.

### **Budget Reserve Fund (BRF - also, Rainy Day Fund)**

A contingency fund capitalized with unappropriated General Fund money that is designated as surplus by the Comptroller after the close of the fiscal year. The BRF provides a reserve that can be drawn upon when the General Fund ends a fiscal year in deficit. The maximum level of the BRF is 10% of net General Fund appropriations for the fiscal year in progress. It is authorized under CGS Sec. 4-30a.

### **Capital Budget**

The portion of the state budget that: (a) is separate from the operating budget, (b) usually uses borrowed funding, and (c) deals with proposed long-term expenditures and financial assistance programs. Long-term expenditures include: (1) the purchase of land, (2) construction of new state-owned facilities, (3) improvements, repairs and additions to existing state-owned facilities, (4) major equipment purchases and (5) transportation-related projects. Financial assistance programs are administered by state agencies and provide funds to municipal and non-government entities through grants and/or loans. Capital budget expenditures are normally covered with bond funds, which are paid off over a 20-year period.

### **Capital Projects Funds**

Funds established to account for grants and bond-issue proceeds that are used to: (1) acquire or construct major capital facilities for state agencies, (2) fund improvements to transportation infrastructure such as highways and bridges, (3) provide grants to municipalities and nonprofit organizations, and (4) encourage economic development.

### **Carry Forward**

Appropriated funds that: (1) were not spent by an agency during a fiscal year and (2) the agency is permitted to "carry forward" for expenditure in the following fiscal year. The amount and use of the funds may be specified in an implementer bill (description below). If not otherwise indicated, the amount and use of carry forward funding is governed by Section 4-89 of the Connecticut General Statutes.

**Comptroller's Office (also, Office of the State Comptroller)**

The Office of the State Comptroller is the state's official bookkeeper. The agency is responsible for: (1) operating, maintaining, updating and expanding CORE, the state's central human resources management and financial accounting system, and (2) producing and distributing monthly and annual reports on the state's revenue, expenditures and other related financial information.

**Connecticut General Statutes (also, CGS or the Statutes)**

The codified body of laws of the state of Connecticut that are enacted by the General Assembly.

**Consumer Counsel & Public Utility Control Fund**

The Consumer Counsel & Public Utility Control Fund supports the operations of: (1) the Office of the Consumer Counsel, (2) the Connecticut Siting Council, and (3) the energy branch at the Department of Energy and Environmental Protection, including the Public Utilities Regulatory Authority. The revenue source is an assessment on regulated public utility entities (electric, gas, water and cable), based on the percentage of the public service companies' tax paid by the entity. The assessments are levied by each agency on the entities it regulates.

**CORE (also, CORE-CT)**

CORE is the state's central human resources management and financial accounting system that is overseen by the Comptroller's Office. It was implemented in 2003 to replace the incompatible legacy systems used by many state agencies with one system and a set of standardized reporting procedures that would be used by all state agencies.

**Criminal Injuries Compensation Fund**

The Criminal Injuries Compensation Fund is administered by the Office of Victim Services within the Judicial Department. It is used to compensate eligible crime victims or their immediate families for actual and reasonable expenses, lost wages, and pecuniary and other losses resulting from injury or death. Maximum awards are \$15,000 for personal injuries and \$25,000 for death. The three revenue sources are: (1) a General Fund appropriation, which comes primarily from costs imposed in criminal prosecutions, (2) federal funding, and (3) money paid to the state by the person directly responsible for a victim's criminal injuries or death.

**Current Services**

The amount of funding required by an agency to provide the same level of services in the succeeding fiscal year as in the current fiscal year, plus any: (1) scheduled or (2) required changes. Scheduled changes include annualization of partial year costs and increases based on current law. Required changes include an adjustment for: (a) inflation and (b) caseload increases.

**Debt Reserve Service Fund (also, Debt Service Fund or Sinking Fund)**

A reserve fund that is used to pay debt service if pledged revenues are insufficient to satisfy the debt service requirements. It may be: (1) funded with bond proceeds or by an accumulation of pledged revenues and (2) established when the bonds are issued or upon the occurrence of a specified event. Reserve funds provide repayment security for bond purchasers and may result in a higher rating for the bond issuance and a reduction in the interest rate at which the bonds are sold.

**Deficiency Appropriation**

A supplemental appropriation made for an agency based on a need for increased funding during a fiscal year.

**Deficiency Bill**

A bill making additional appropriations to state agencies that need more funds to complete a fiscal year.

**Deficit (also, Budget Deficit)**

A budget deficit occurs when an entity expends more money than it takes in. A projected deficit occurs during the fiscal year and an actual deficit occurs after the close of the fiscal year. The term deficiency is used to describe a shortfall in a specific account/agency. The opposite of a budget deficit is a budget surplus.

**Disbursements**

Payments made in cash or by check regardless of the purpose.

**Equipment**

One of the three major categories of accounts (the other two are Personal Services and Other Expenses). Equipment includes machinery, tools, furniture, vehicles, apparatus, etc., with: (1) a value greater than \$1,000 and (2) a useful life of more than one year. The category also includes all books, regardless of cost, that are purchased for the State Library or an agency library that is a separate operating division or unit of the agency.

**Employee Fringe Benefits**

Non-salary benefits for employees, including: (1) pensions, (2) unemployment compensation, (3) health and life insurance and (4) social security. For the General Fund and the Special Transportation Fund, fringe benefits are not included in an agency's budget but instead are appropriated to the Fringe Benefit accounts, which are administered by the Comptroller. For other appropriated funds, fringe benefit costs are budgeted to the specific accounts within the agency's budget and recovered by the Comptroller based on an actual-cost basis.

**Enabling Legislation**

See the description below for "Implementer Bills."

**Encumbrances**

Funds that have been committed for payment from an account via a requisition or purchase order, but have not yet been paid.

**Expenditure**

Funds committed to be paid for specific goods received or services rendered.

**Federal Grants**

Funds made available to the state by the federal government in order to reimburse the state for specific expenditures or to encourage specific programs or projects.

**Fiduciary Funds**

Assets held by the state when it serves as an agent for individuals or government units. In the future, the assets within these funds will be transferred to other state funds or to sources outside the state (e.g., various retirement funds).

**Finance Advisory Committee (FAC)**

A joint legislative-executive body whose main task is to approve fund transfers between accounts that are within the same agency. The committee is comprised of: (1) the Governor, (2) Lieutenant Governor, (3) Treasurer, (4) Comptroller, and (5) two Senate members and three House members of the Appropriations Committee. It meets on the first Thursday of every month, or as needed during the year.

**Finance, Revenue and Bonding Committee**

A legislative committee that is currently composed of 54 members of either the Senate or the House of Representatives. It has cognizance over matters relating to: (1) finance, (2) revenue, (3) taxation, (4) the capital budget (bonding), (5) the Department of Revenue Services and (6) the revenue aspects of the Division of Special Revenue. All bills related to these matters that are favorably reported (approved) by any other legislative committee are referred to this committee.

**Fiscal Note**

A brief statement of costs/savings or the revenue impact of: (1) a favorably-reported bill or (2) any amendments to a bill, which is prepared by the Office of Fiscal Analysis (description below). All bills taken up by either chamber of the General Assembly are required to have a fiscal note.

**Fiscal Year (FY)**

The twelve-month budget or financial year. Connecticut's fiscal year runs from July 1<sup>st</sup> through June 30<sup>th</sup>. At the end of this period the Comptroller's Office closes all accounts and determines: (1) the state's financial condition and (2) the net results of its operations. The federal government's fiscal year runs from October 1<sup>st</sup> through September 30<sup>th</sup>.

**Fixed Charge or Grant**

Payments to: (a) institutions, agencies or individuals or (b) for undertakings that may or may not be directly under state control. Fixed charges are divided into either: (1) Payments to Other Than Local Governments (Grants - Other) or (2) Payments to Local Governments (Grants - Local or Town Grants).

**Function of Government**

Categories of state government responsibilities and activities that are related to public interest. The categories are useful for budgeting purposes because they allow expenditure levels for different activities to be compared with other jurisdictions. Connecticut's budget document is organized into eleven categories, including: (1) Legislative; (2) General Government; (3) Regulation and Protection; (4) Conservation and Development, (5) Health and Hospitals; (6) Transportation; (7) Human Services; (8) Education, Museums and Libraries; (9) Corrections; (10) Judicial; and (11) Non-Functional. All state agencies or commissions are assigned to one of the ten function categories based on its mission. The Non-Functional category includes expenditures that do not easily fit into one of the other categories, such as Debt Service, the central Workers' Compensation account, and Fringe Benefits Administered by the Comptroller.

**Fund**

An independent financial and accounting entity. Each fund is comprised of a self-balancing set of accounts and records, cash and other financial resources. Monies within a fund share a common purpose or objective in accordance with special regulations, restrictions, or limitations. The state has nine appropriated funds.

**Funded Positions**

The number of full-time positions that could be filled by an agency during the fiscal year without incurring a deficit: (1) after turnover is taken into account, and (2) provided that all other personal services items were expended as budgeted.

**General Assembly**

The official name of the Connecticut legislature.

**Generally Accepted Accounting Practice (GAAP)**

GAAP is the standard framework of guidelines for financial accounting used in any given jurisdiction. The guidelines for state and local governments are set by the Government Accounting Standards Board (GASB). They include the standards, conventions, and rules that the state is required to follow in preparing its annual financial statements and its annual budget. GAAP requires the state to: (1) budget for expenses when they are incurred rather than when bills are actually paid and (2) recognize revenues when they are earned.

**Accumulated GAAP Deficit**

The cumulative GAAP deficit refers to the aggregate amount of liabilities that exceed assets in the General Fund. The deficit accumulated prior to July 1, 2013, when the state changed to a modified accrual basis of accounting utilized under GAAP.

**General Fund (GF)**

The main operating fund of the state government that is used to finance the majority of the state's operations. The fund receives income from taxes, federal aid, licenses, permits and fees. It is operated according to a budget plan adopted by the General Assembly and signed by the Governor.

**General Obligation (GO) Bonds**

Nontaxable or taxable bonds issued by the state that pledge the revenue stream from the state's General Fund to pay debt service. They are used to finance: (1) the construction of state buildings, (2) capital improvements to state buildings and parks, (3) school construction grants-in-aid to towns, and (4) grants and loans for housing, economic development, community care facilities, and open space. The General Assembly has also authorized the issuance of two specialized forms of GO bonds: (a) UConn 2000 Infrastructure Improvement Bonds and (b) Tax Incremental Financing (TIF) Bonds.

**Governor's Bills**

Bills introduced by legislative leaders of the Governor's party at the request of the Governor. Governor's bills are generally introduced at the beginning of the legislative session.

**Governor's Recommended Biennial Budget**

The financial recommendations of the Governor that are contained in a budget document and presented to the General Assembly for action each February in odd-numbered years. Since Connecticut uses a biennial budget process, the Governor's budget covers a two-year period in the first year.

**Governor's Recommended Budget Revisions**

The Governor presents his recommendations for midterm (mid-biennial) adjustments for the second year of the biennial budget to the General Assembly for action each February in even-numbered years.

**Grant Payments to Towns (also, Grant-in-aid Payments to Towns)**

Payments to Connecticut's municipalities (towns and cities) for a specified purpose or to reimburse expenses already incurred. Education grants make up the largest portion of these payments.

**Grant Payments Other Than to Towns**

State obligations that are not part of an agency's direct operating budget (e.g., Temporary Assistance to Needy Families, Medicaid, and payments to the Teachers' Retirement Fund).

**Holdback (also, Budgeted Lapse or Allotment Reduction)**

The amount of an agency's General Fund appropriation that is retained (i.e., held back) by the Office of Policy and Management (description below) in order to achieve the amount of overall savings assumed in the adopted budget.

**Implementer Bills (also, Enabling Legislation)**

A bill or set of bills that contain the policy provisions needed to put into effect or "implement" the state budget. Implementer bills are necessary because the budget act often contains the funding necessary for a program but does not contain the statutory changes that enable the program to function as intended. Implementers are often referred to by the agency or department most affected, as in "Education Implementer." Unlike most other bills, implementers don't go through legislative committees or public hearings.

**Insurance Fund**

The Insurance Fund primarily supports the operations of the Department of Insurance and the Office of the Healthcare Advocate. The revenue source is an assessment levied by the Department of Insurance on domestic insurance companies and entities. The assessment is based on the total amount of premium taxes paid to the Department of Revenue Services by domestic insurance companies and entities for the preceding year.

**Internal Service Funds**

Funds used to finance goods or services provided by one state agency to another state agency, on a cost-reimbursed basis. The state's Internal Service Funds include: (1) the Correction Industries Fund, (2) the Technical Services Fund, (3) the General Services Fund, and (4) the Capital Equipment Data Processing Fund.

**Lapse**

Appropriated funds that: (1) an agency does not or cannot spend by the end of the fiscal year and (2) are not carried forward into the next fiscal year. A lapse may occur naturally because the funding available is more than is needed, or may be a budgeted lapse (holdback) that is programmed in the adopted budget to achieve savings.

**Line Item**

A single account listed in the budget act that provides funding for a specific type of expenditure. Examples include Personal Services, Other Expenses and Equipment.

### **Mashantucket Pequot and Mohegan Fund**

The Mashantucket Pequot and Mohegan Fund is an appropriation that reduces the amount of slot machine revenues that are otherwise deposited into the General Fund. The appropriation provides grants to towns.

### **New or Expanded Services**

Changes that reflect policy decisions to expand current services or provide new services. Increases in revenue may or may not be associated with these changes.

### **Nonappropriated Account**

Expenditures from a nonappropriated account: (a) are for a specific, dedicated purpose, which may be defined in statute and (b) are not subject to the legislative appropriation process or to allotment through the Office of Policy and Management (description above). Sources of nonappropriated funds include: (1) the federal government, (2) private funds or donations, and (3) dedicated fees and fines. An example of a nonappropriated account is the federally funded Low Income Home Energy Assistance Account.

### **Nonlapsing Account or Fund**

An account or fund with the statutory authority to carry forward its balance from one fiscal year to the next.

### **Office of Fiscal Analysis (OFA)**

A nonpartisan professional office of the Connecticut General Assembly established in 1973 that supports the legislature in both budget formulation and execution. Its primary function is to provide technical support to the Committee on Appropriations and the Committee on Finance, Revenue and Bonding, as well as the other committees and members of the legislature. OFA: (1) analyzes the Governor's budget recommendations, (2) determines fiscal impact of legislation by completing fiscal notes on bills and amendments and (3) responds to fiscal requests by legislators.

### **Office of Policy and Management (OPM)**

An executive branch budget office established in 1977. The agency: (a) develops the forms and instructions that are used by state agencies in preparing their budget requests, (b) works closely with the Governor to develop the budget for presentation to the legislature, (c) prepares all proposed enabling legislation associated with the Governor's budget, and (d) implements and monitors the budget plan once it's been adopted. It is composed of seven divisions that report to the Secretary of OPM:

1. Administration,
2. Budget and Financial Management,
3. Criminal Justice Policy and Planning Division,
4. Finance,
5. Intergovernmental Policy,
6. Labor Relations, and
7. Policy Development and Planning.

## **Office of the State Comptroller**

See the description above for “Comptroller’s Office.”

## **Operating Budget**

An itemized summary of estimated funding needs for a given period of time that will allow an agency to carry out the specific functions assigned to it in the state statutes.

## **Other Current Expenses (OCE)**

A category of expenses that can be used for Personal Services, Other Expenses, Equipment or fixed charges directly associated with that program. Funds appropriated for a nonfunctional OCE account can be used for any category of expenditure as long as it is consistent with the purpose of the appropriation.

## **Other Expenses (OE)**

One of the three major categories of accounts (the other two are Personal Services and Equipment). OE is comprised of: (1) Contractual Services, (2) Commodities and (3) Sundry. Contractual Services are considered compensation for services secured by contract. Commodities refer to all supplies, materials and equipment not normally regarded as capital items. Sundry charges include all expenditures not properly assignable to other standard accounts, for example: employee fringe benefits, lottery prizes, and student grants.

## **Personal Services (PS)**

One of the three major categories of accounts (the other two are Other Expenses and Equipment). PS is used for actual direct payroll costs. For example: full-time, part-time and temporary employee salaries, overtime, payments for vacation and sick leave, longevity and shift differential. Fringe benefits are not included in this category.

## **Personal Services (PS) Reduction**

A reduction in Personal Services that often reflects economies and efficiencies in an agency’s operations.

## **Policy Revision (also, Policy Change)**

A shift in the direction or set of principles that determine the course of action for: (1) an agency’s program or (2) adopted legislation.

## **Program Budget**

A method of budgeting expenditures to meet programmatic objectives rather than on a line-item basis. The program budget for an agency includes the objectives for each program, a description of each program, performance measures, and an explanation of significant program changes requested and recommended.

## **Program and Outcome Measures**

The measures that quantify the key aspects of a program’s performance such as workload, output, outcome, client/employee ratios, response times, etc.

## **Rainy Day Fund**

See the description above for “Budget Reserve Fund.”

## **Regional Market Operation Fund**

The Regional Market Operation Fund supports the operation of the Hartford Regional Market. The market is a fully-funded and self-sustaining non-profit venture that is operated by the state. The revenue source is the fees generated the Market’s operations. The Market’s purpose is to provide a central location for farmers and wholesalers to sell and distribute food and other agricultural products. It is located on 32 acres, with 230,386 square feet of warehouse space, an active railroad spur and 144 vendor stalls.

## **Reimbursement**

Cash or other assets paid by the state to another governmental unit, fund or department to repay that entity for an expenditure made on behalf of the state.

## **Rescission**

Cancellation of the authority to expend money previously approved by the legislature and Governor. The Governor is permitted to reduce state agency allotments by up to: (1) 3% of the total appropriation from any fund or (2) 5% of any appropriation. As part of a deficit mitigation plan to address the Comptroller's projected deficit of more than 1% of General Fund appropriations, the Governor may seek Finance Advisory Committee (description above) approval to reduce total appropriations from any fund by up to 5%. The Governor is granted rescission authority under CGS Sec. 4-85.

## **Results Based Accountability (RBA)**

A management tool can be used: (1) to facilitate collaboration among various agencies, (2) to decentralize services or (3) as a regulatory process. The term implies that expected results (also known as goals) are clearly articulated and that data are regularly collected and reported to address questions of whether results have been achieved.

## **Revenue**

Cash paid to or collected by the state. Connecticut receives revenue from a variety of sources, including: (1) state taxes, such as the sales tax and the income tax, (2) federal grants and payments, (3) licenses, permits and fees, and (4) Indian Gaming Payments from Foxwoods and the Mohegan Sun casinos.

## **Soldiers, Sailors and Marines’ Fund**

The Soldiers, Sailors and Marines' Fund provides temporary financial assistance to help meet the health and maintenance needs of eligible veterans, their dependents and survivors. The Fund currently exists as both an independent, appropriated agency and as a Trust Fund that is administered by the State Treasurer. Prior to FY 15, the investment income from the Trust Fund was distributed to the Soldiers, Sailors and Marines' Special Revenue Fund to support the operations of the agency. In FY 15, the fund will no longer be an appropriated fund or administered directly by the state.

Instead, it will be administered by the American Legion and the State Treasurer will maintain fiduciary oversight of the Trust Fund.

### **Special Revenue Fund**

Any fund that can only be used only in accordance with specific regulations. Special revenue funds are created by law to finance particular activities with revenue from specific taxes or other sources. Examples include the Special Transportation Fund, the Regional Market Operation Fund, and Higher Education Tuition Funds.

### **Special Tax Obligation (STO) Bonds**

Nontaxable bonds issued by the state to finance the state's share of the cost of highway and bridge construction and maintenance projects (the federal government finances the remainder of the cost). The bonds have also been used to provide grants to towns for local road improvement under the Town Aid Road program. The debt service costs for the bonds are funded by: (1) the motor fuels tax, (2) oil companies tax, (3) sales tax collected on motor vehicle sales, and (4) motor vehicle registrations, licenses and fees.

### **Special Transportation Fund (STF)**

The operating fund of the State Department of Transportation and the State Department of Motor Vehicles. The STF finances: (1) the ordinary, everyday operations of the two agencies, including fringe benefits for employees and (2) debt service costs for Special Tax Obligation (STO) bonds, which pay for road and bridge improvement projects.

### **State Bond Commission (SBC)**

A joint legislative-executive body that: (1) allocates General Obligation (GO) and Special Tax Obligation (STO) bond funds for capital budget projects and programs and (2) approves the amount and timing of bond sales requested by the State Treasurer. The agenda for SBC meetings is determined by the Governor. The ten-member commission includes six executive members (the Governor, the Treasurer, the Comptroller, the Attorney General, the Secretary of the Office of Policy and Management, the Commissioner of Administrative Services) and four legislative members (the House and Senate chairs and ranking members of the Finance, Revenue and Bonding Committee). SBC meetings are scheduled in every month except November.

### **Surplus**

A budget surplus occurs when an entity takes in more money than it expends. A projected surplus occurs during the fiscal year and an actual surplus occurs after the close of the fiscal year. The term lapse is used to describe a surplus in a specific account within an agency. The opposite of a budget surplus is a budget deficit.

### **Tax Expenditure**

A type of "off budget" spending through the tax code that is used to implement government policies. Tax expenditures include tax credits, deductions, exclusions, exemptions, deferrals, and preferential rates. They may be used to encourage: (1) people save for retirement, buy a home, or pay for college or (2) companies to invest in

green energy technologies or build new plants. Examples include the state personal income tax deduction for contributions to the Connecticut Higher Education Trust and the sales tax exemption for residential weatherization products that meet federal Energy Star standards.

### **Transfers**

The movement of funds from one funding category to another, including: (1) the redirection of resources within an agency by the Finance Advisory Committee (FAC), (2) transfers from one agency to another by the deficiency bill, and (3) transfers from one fund to another by the budget act.

### **Turnover**

A net adjustment made to the Personal Services account that reflects: (1) the natural reduction made to an agency's payroll due to the loss of employees through voluntary separation, retirements, deaths and transfers, and (2) payroll increases due to the hiring of new employees.

### **Workers' Compensation Fund**

The fund supports the annual cost to operate the Workers' Compensation Commission. The Commission administers the state workers' compensation system, which pays benefits to workers with job-related disabilities and injuries. The revenue source for the fund is an annual assessment on private insurance companies and employers. The assessment is levied by the Office of the State Treasurer and is built around the proportion of the preceding year's expenses that the state bore on behalf of each self-insured employer or private insurance carrier.
