## State Budget Projections February 25, 2011

We are currently projecting an \$89.9 million surplus in the General Fund. This reflects an improvement over our January 2011 report, which projected a \$10.1 million surplus. Estimated expenditure requirements have decreased by \$2.5 million and estimated revenues have increased by \$77.3 million for an improvement of \$79.8 million. The revenue improvement since January is attributable primarily to estimates of the Personal Income Tax and Sales and Use Tax, which have been adjusted upward \$27.1 million and \$44.2 million, respectively.
