¹ PA 0 1-07 (JSS) established the STEAP program and limited it to towns that: (1) were not eligible for Urban Action Program grants-in-aid and (2) had a population of under 30,000. The population criterion was eliminated by PA 05-5 (JSS).

² Since STEAP funds are only available to towns, this grant-in-aid could not be provided to the Litchfield Hills Council of Elected Officials, a regional entity composed of Barkhamsted, Colebrook, Goshen, Hartland, Harwinton, Litchfield, Morris, New Hartford, and Norfolk. The STEAP funding for the project was replaced by a \$1 million allocation from the Urban Action Program provided at the State Bond Commission's 4/30/04 meeting.
