

Bipartisan Task Force On Gun Violence Prevention And Children's Safety
CC: Gun Violence Working Group
School Security Working Group
Mental Health Working Group

The growing list of proposed laws both federal and local are misdirected, they place the full blame on lawful gun owners, taking the easy path with a knee jerk reaction.

In the 50th high school rifle teams were a school sport and schools had an indoor range for practice and to host other competing schools. Granted that was then, now we have in your face, violence on TV, violent video games, easy access to drugs, sex on TV and publications, disregard for one's life and the life of others and a broken mental health system.

These are the hard core items that need to be addressed, to solve the problem, let us look into new solutions not the proposed same old gun control.

Let's look at the misguided person behind the gun.
