

CHIPPING AWAY AT THE CONSTITUTION

There is a big and blaring different between those of us who speak and stand with the Republic of The United States Of America and the designs of socialist left.

We who stand with the Republic don't try to hide who we are and what we are about. We are straightforward with our support and love of the Constitution and Bill of Rights.

The socialist left is all about smoke & mirrors they hide their true intent, which is to destroy the Constitutional Republic, take away State and personal rights. Then dictate what we Americans can do or not do.

Not so you say, well lets look at a current couple of things going on.

First the mad push to destroy the 2nd Amendment; the socialist left in Federal and State government is piling up all sorts of rules that only target the law abiding good Americans.

Senator Blumenthal and Chris Murphy want to require background checks every time a good American buys ammunition. But on the other hand thinks that it is very wrong to require ID when a person goes to vote. To vote is a prime duty of true Americans yet Blumenthal and Chris Murphy don't seem to care who votes alive or dead, citizen or not just as long as they get their votes. Blumenthal and Chris Murphy are just a mirror image of the far left that has taken over the Democrat Party.

Those of you in politics may not like to hear this but the people in this country who really should be required to have public background checks are people running for public office.

God bless the Republic and the Constitution.
