

I, Amanda Cotter, a resident of Fairfield, CT, would like to see stronger gun laws and restrictive measures put into place. Including a thorough background check on somebody who wants to purchase a gun. I would like to see a ban on automatic weapons. There is no need for anyone to own an automatic weapon or get access to one. It is a lethal killing machine. As we can see from the tragic horrific shooting that took place in Sandy Hook Elementary School in December 2013.

Sincerely

Amanda Cotter
