

To whom it may concern,

I support stronger background checks, as well as a ban on assault/automatic/semi-automatics, and high-caliber magazines - why does anyone except the military need these things????!!!! And more importantly, why would someone who knows they would have no problem passing a background check fight having stronger background checks knowing it can save the lives of hundreds and eventually thousands of people including innocent children??? This does not make sense to me!!!!!!

Please don't let this happen - please make gun laws safer in CT before we have yet another tragedy such as Sandy Hook occur because one of these guns got into the hands of the wrong person...PLEASE...

Thank you for your time.
