

My name is Amy Journo. I am a resident of Sandy Hook. Both of my children attend Sandy Hook School and are ages 5 and 7.

I would like the following changes made to make our schools, businesses, streets and homes safer:

1. Universal background checks on all gun purchases,
2. Elimination of high capacity magazines and armor piercing ammunition
3. Removing military grade weapons from civilians.

I am not a gun owner, however I oppose interfering with responsible gun ownership for sport, hunting or protection.

Respectfully,  
Amy Journo
