

Dear Committee Members, I would like to express my sincere opposition to many of the proposed new rules and regulations being considered. I am a firm believer in the old saying that when guns are outlawed only the criminals will be armed. Many of these proposals will unfairly burden innocent law abiding citizens while being ignored by criminals. It is a shame that in today's society personal responsibility has been replaced with blaming the instrument used to commit an offense. When a drunk driver kills, do we ban cars? NO we punish the offender. I and many other voters will be watching your actions. I implore you to study this problem carefully and consider all sides and not make any knee jerk reaction to the recent tragedy.

Sincerely , Bruce S. Sabin
