

Subject: Gun violence prevention

I support:

- . Banning the sale of assault rifles and larger than 10 round magazines
- . Registration requirement for all those currently owning assault rifles
- . Make the the transfer of assault rifles illegal.
- . Background checks for all purchases of firearms
- . Sales of all firearms must go through a licensed dealer to ensure background checks
- . All semi-automatic fire arms must be stored in a state certified gun safe.
- . All firearms owners must be trained in their safe use and storage.
- . A State program that pays a fixed amount for each gun turned into their local police dept.
- . Stiffening of existing laws dealing with the sale and trafficking of illegal firearms.
