

I am writing in support of those working diligently to prevent gun violence in schools and in greater society. I support the notion that there must be stricter controls and checks in place regarding gun purchasing / possession. While I am a supporter of the Second Amendment, I certainly recognize its limitations in our changing world and, as it was intended, believe it needs to be reinterpreted. The horrors wrought upon us by gun violence cannot continue and should not be tolerated. Something must change... and certainly the idea that we need more guns is not only absurd, but terrifyingly sad. I just wanted to lend my voice and support to the Newtown families who are trying so hard to make our country safer for our children, for all of us.

Many thanks,
