

Dear Senator Looney, Rep. Miner and Members of the Task Force Committee,

My Name is Courtney Yanni and I support the legislative proposals submitted by CT Against Gun Violence. I live in Southport and I represent the March for Change.

I have two young daughters at home sick so I am unable to come to the hearing. Nothing means more more to me than the safety of my 3 children. I am not a political person but I can no longer stay on the sidelines of this issue. CT expects no less than the strongest gun safety measures in the nation.

We need to do more to keep guns away from people with backgrounds that include histories of criminal or violent behavior and we need to remove the most lethal weapons and accessories from the public domain.

☞ NOT believe in legislation that keeps law-abiding citizens from owning firearms. But the legislation proposed by Connecticut Against Gun Violence WILL make us safer and it WILL do more to prevent those prohibited by law from obtaining guns. It is time to protect our children, not gun manufacturers.

Thank you for your attention to this important issue.

Sincerely,

Courtney Yanni
