

Senator Looney,
Representative Miner,
Senator Maynard,
Representative Urban,
and all Members of the Legislative Task Force on Gun Violence and Children's Safety,

It has come to my attention that committees may be allowing some type of public hearings that only allow for a combination of "invited" speakers to address the topics at hand related to the Task Force's progress thus far.

This is outrageous, and nothing short of FULL PUBLIC HEARINGS is acceptable!

There is NO JUSTIFICATION for any E-Cert bills for the purpose of this review, and bypassing of the usual legislative process is a further injustice to people of Connecticut.

I urge you all to OPPOSE, as I DO, any legislation that is introduced that has not had a full public hearing, which allows we, the people, to testify and express our positions on the bills.

I am pleased to answer any questions you may have and appreciate the opportunity to provide this feedback!

Thank you,

Craig Donacki
Stonington, CT

P.S. Senator Maynard and Representative Urban

I expect you, as my senator and representative, to ensure this message is received by the whole task force and raised for consideration. I am your constituent, and you are in office to serve me and all of the other law abiding citizens of CT. I cannot urge you enough to ensure PUBLIC HEARINGS are not quashed, that you TRULY represent ALL of your constituents interests, and that you prevent any illegitimate use of the Emergency Certification process!

Thank you!
