

My testimony:

Please do all you can to limit access to guns and ammunition to anyone who is not police or military.

I live in Sandy Hook, CT and have a surviving kindergartner and 2nd grade daughter. I spent 2 hours on Friday December 14th waiting to find out if they were alive or dead.

Simple facts:

Legal guns were used in the Sandy Hook and the other recent tragedies.

Legal guns owned by non-police were completely ineffective in stopping these tragedies from happening.

Simply put, legal guns cause 1,000's of deaths yearly and there is no evidence that they are effective in reducing killings.

Laws force us to wear seat belts, so we don't hurt ourselves. Laws keep us blowing off a firecracker on 4th of July. But having an arsenal of semi-automatic weapons and 1,000's of rounds of ammunition loaded and unlocked in our home or car is completely legal? This just doesn't make sense.

Please do all you can to limit guns and ammunition form anyone who is not police or military.
