

My Name is Deborah D. Johnson Former employee Clk. # 31525 of Colt's Gun Factory West Hartford, Connecticut . I am from Hartford Connecticut 06105

Please pass this resolution I have been unemployed since 4-26-2011 after 31 years in Manufacturing; 17 of those years at Colt's Manufacturing/ Defense. due to an unjust discharge making a mockery out of CBA and some issues that could have been easily resolved if politics, regulations, and work place bullying by Middle Management were not the underlining motivations. I am a 58 years old with no pension from Colt's after 17 years. So whatever your Board of elected officials can do to help the long term unemployed it would be greatly appreciated. I have also offered some bipartisan suggestions for Sensible Gun Violence laws. Even through that devastating ordeal with Colt's I can still be understanding and reasonable for people who make, sell and own Guns. I do wish I had My Job back and my pension.
