

Dear Legislators,

Please propose and vote for Gun Regulations to include the following:

Background checks for all sales of all guns and bullets

Required permits for owning all guns and bullets

Make all military type weapons illegal

Require all illegal guns to be turned in for disposal

Limit magazine clips to 5 bullets

Create mental health centers/resources to provide assistance to individuals and families with mental health issues

Provide assistance to schools to find the best ways to make schools safer, without the use of guns in the buildings.
