

To Whom it May Concern -

I live in Wilton, CT and am a mother of two young children. I want to be able to send my children to school and to soccer and to tae kwan do without fearing for their lives, but I fear that this horrible trend of mass shootings will continue unless we improve our gun control laws. I know for certain that there is no need for automatic or semi-automatic weapons to be owned and carried by a normal citizen and I believe these should be banned. Thank you for supporting this and making this happen.

All my best -
