

I have been a target shooter, hunter and carry a firearm. Please dont take our rights away. why not go after the gangs, drug dealers. These new laws will do nothing but make good citizens criminals. It seems like most of these mass shooters are around the same age group and are copy cat crimes. Theres so much violence with the video games. Why do the rest of us have to pay the price for a bad few. I also feel this would have a great in pack on my second amendment. Alot of people would be put out of work and companys would move out of state. Thank you for listening.
