

As a Federal Government employee and a recognized subject matter expert on military small arms I would be willing to offer factual testimony regarding your firearms discussion. I am sure my expertise will not only enlighten but guide you in making the correct decision regarding the design of the M4/M4 clone personal defense weapon, the 2nd Amendment of the US Constitution and your duty to serve the people of Connecticut. My qualifications include, sole US Government inspector and purchaser of “so called military grade assault weapons” for the past decade. 20 plus years active military service in the USAF and experience as an armorer. You may reach me at the number listed below.
