

Please help get inappropriate guns out of Connecticut. We need to set an sample for the rest of the nation.

I do not support banning all guns. Sportsmen have a legitimate right to own firearms. I do support sensible regulation of guns.

- 1) Ban the possession or sale of all high muzzle velocity weapons. These are the true assault rifles.
- 2) Ban the sale of high capacity clips. If the deer isn't dead after 7 shots, you shouldn't be hunting.
- 3) Require background checks for all gun purchases or transfers, even between family members (maybe especially between family members)
- 4) Register all guns and require renewal of registration every five years.
- 5) Require all new guns to have the latest ID technology. This is like California taking the lead in reducing auto air pollution. Gun manufacturers will respond or risk using this market.
- 6) Require firing range training with regular updates for all gun owners.
- 7) Require guns be transported in locked cases.

And more!

Thank you.
