

I am a CT sportsman that has held a valid hunting license in the state of CT since 1968. I am also a member of the New Haven Raccoon Club where I can safely practice target shooting and a member of the NRA. I purchase a hunting and fishing combination license every year in order to enjoy the natural resources of this state and feel strongly that I need to oppose and or approve some of the bills that you will be discussing soon. Rather than send a separate email for each bill I would prefer to list them all in this single email. Please log my approval or opposition to the following bills;

Approve bill #;

HB-5165

HB-5176

HB-5179

HB-5269

HB-5466

HB-5377

HB-5468

Oppose Bill #,

HB-5112

HB-5268

HB-5452

SB-42

SB-122

SB-124

SB-140

SB-161

Please keep in mind one individual that should not have had access to any guns and should have never been encouraged to use guns, unfortunately caused the tragic event in Newtown.

Please do not act without careful consideration of all the facts, because CT. Sportsmen generate a considerable amount of revenue to the state and local businesses through purchases of not only licenses but other associated goods and services.

I feel strongly that some of the above bills that I am opposed to, will deny me of my rights which are protected under the second amendment of the constitution.

Sincerely,

James Boczar
