

I strongly support gun control and legislation to limit the type of weapons and ammunition currently available.

I strongly support the restriction of the number of bullets available to any individual.

I strongly support the ban of high capacity weapons and magazines.

I strongly support checks before a gun or ammunition can be purchased and a waiting period.

There are many people who will not be voting for any of the State Legislators who do not support a sane and safe overhauling of our current gun laws. We need this, and we will be working to see that it comes to fruition for the safety of our citizens.

Thank you Beth Bye for your courage. I am happy to be in your district. I will continue to vote for you because of your position.

Sincerely,

Janet L. Conley
