

To whom it may concern

I am a mom in Wilton CT to a 5 year old and a 3 year old. I am strongly in support of stricter gun legislation. It is shameful that we are the only developed country without reasonable restrictions on guns such as banning assault style weapons, and limiting high capacity magazines. And, it is ludicrous that 40% of guns are purchased without a background check. We are not living in the Wild West anymore. It is time that my rights to feel safe in sending my children to school are considered along side those who contend that their so called second amendment rights can't be infringed upon. Please do the right thing and keep our children safe.

Thanks for your support.

Sincerely
